REFORM AND
REINVENTION PLAN

SUMMARY

The formation of the Akron Police Reform and Reinvention Collaborative was in part to meet the requirements and aid our municipality in meeting the requirements of Executive Order No. 203 issued by Governor Andrew Cuomo on June 12th. The order required local governments with police agencies to engage the community in a reform effort to “eliminate racial inequalities” by reforming and modernizing police procedures, strategies, and tactics to meet those ends. At the end of this process, the pertinent local governments would be required to submit a plan to New York State or risk losing State funding. The purpose of the Akron Police Reform and Reinvention Collaborative was twofold: to create a plan to help guide our municipality with our police agency in our efforts and to create a framework for the Akron Police Department to create our reform plan. The Collaborative was comprised of two groups, the Community Stakeholder workgroup made up of members of the community, ethnic and religious groups and the Municipal workgroup comprised of elected officials, police chief, and Village officials and legal representatives. In addition to bringing together a diverse and driven group of stakeholders to form the Village’s collaborative, two public forums were held, several Police Committee meetings, a public comment forum, a survey was used to solicit input from Akron residents on their ideas for reform. Over the past several months, the collaborative met to discuss needs, priorities, and various topics related to police reform. Throughout that discussion a number of themes became evident:

- Building a law enforcement workforce that is representative of the community it serves.
- Connecting law enforcement to the community.
- Creating better mechanisms for addressing mental health and substance use issues in the Community.
- Increasing lines of communication between the police and the community.
- Ensuring law enforcement officers are held accountable for their actions

MOST COMMON RECOMMENDATIONS FROM PUBLIC FORUMS AND ONLINE SURVEY COMMENT FORUM

- Make data available regarding police interactions with the public to identify if they are engaging in discriminatory practices (improve transparency).
- Invest in mental health resources and training for officers.
- Provide additional information to the public about how to file a complaint in a confidential manner against the police (improve communication).
- Have more diversity, sensitivity, and implicit bias awareness training.
- Have the police more visible in the Business District
- All our Citizens are treated equally and fairly under the law, and that our Law Enforcement agency is trained in understanding and eliminating racism and bias in all of our policies and practices.
- Our Law Enforcement agencies use of force policy and practices are focused almost entirely on de-escalation strategies. All officers are trained to utilize strategies that de-emphasize forms of force in carrying out their duties. All officers will be trained and instructed that all persons are to be treated with respect and dignity regardless of the situation.
- That on a continuing basis our Police Committee and Police Command will solicit input from our community stake holders as to the operation and practices of our Police Department and its members.
- That all complaints received, in accordance with our policy, in regards to excessive use of force, bias law enforcement will be fully investigated by the Police Command and a full review will be conducted by the Police Committee, consisting of the appointed Trustees.
- Funding for the Police and all Village of Akron Departments is fully reviewed and re-allocated as necessary to balance care and safety with the desire to eliminate and reverse all forms of systemic racism and oppression, so that we serve all of our citizens equitably.

REQUIRE THE REPORTING OF POLICE ACTS OR OMISSIONS RESULTING IN A PERSON'S DEATH TO THE OFFICE OF SPECIAL INVESTIGATION

Such reports will include aggregate and anonymized demographic information such as race, ethnicity and sex. This bill requires police departments to submit annual reports on arrest related deaths to the Division of Criminal Justice Services, as well as the Legislature and Governor.

Akron Police Department Action – This practice is already in place via the E-Justice portal through Uniform Crime Reporting.

PROVIDE ACCESS TO THE PUBLIC OF POLICE PERSONNEL RECORDS:

Repeal of Civil Rights Law 50-a, which made all personnel records used to evaluate the performance for continued employment or promotion of police officers, firefighters, paramedics, correction officers or peace officers confidential and not subject to inspection or review without the individual's express written consent or court order. The New York State F.O.I.L. (Freedom of information law) is also amended thus subjecting any record created in furtherance of a law enforcement disciplinary proceeding to disclosure.
