Summary of Meeting (for full recording of meeting, contact B. Lehan)

The committee reviewed 4 parcels of ongoing interest that are for sale, but for which there has been no interest survey response. Further research (see below for task designation) is required for two of the properties, and the other two have been placed on hold at this time.

The committee then reviewed the 10 interest survey responses received to date. Five of the properties were deemed not of interest, the reasons for which will be noted in the Greenprint Parcels 2024 spreadsheet under the Applicants tab. Three of the properties are of high interest, with follow up required (see below). Two of the properties require further investigation.

A denial letter will be drafted that will encourage applicants to consider gifting their land to the town. This letter will be submitted to the group and B. Altieri for approval.
