Summary of Meeting (for full recording of meeting, contact B. Lehan)

The committee reviewed and approved a “denial” letter drafted by K. Ivanick that will be sent to survey responders who possess land that the committee has deemed low priority at this time. Presently there are 5 parcels for which denial letters will be sent out by B. Lehan. K. Ivanick also presented grant research, which can be found in the Greenprint Google drive. The committee agreed that exploration of grants is mostly the purview of the town and related discussion will be tabled for the time being.

M. Powers introduced a property that is for sale and is of potential interest due to location and mature forest. Committee members will drive by property and try to get contact information for the next meeting.

The committee then discussed the 4 previous and 5 new interest survey responses received to date. Town parameters in terms of priority areas for preservation was discussed, and the committee will seek clarification regarding these parameters. The following action items were determined based on discussion of the 9 properties:

New Action Items:

- M. Powers: Call MH for clarification regarding acreage.
- B. Altieri and M. Powers: arrange meeting with Jonathan Bleuer regarding five properties of interest.
- B. Lehan: Send interest survey to two properties of interest. Mail out 5 denial letters.
- All members: Drive by property of interest as identified by M. Powers.

The next meeting is scheduled for Tuesday, March 4th at 8:30 in the Town Board Meeting Room.
