ERIE COUNTY COMPTROLLER

KEVIN R. HARDWICK

June 24, 2022

Honorable Members
Erie County Legislature
92 Franklin Street, 4th Floor
Buffalo, New York 14202

Honorable Mark C. Poloncarz
Erie County Executive
95 Franklin Street, 16th Floor
Buffalo, New York 14202

Dear Honorable Members and County Executive Poloncarz:

The Annual Comprehensive Financial Report ("ACFR") of the County of Erie, New York (the "County"), for the fiscal year ended December 31, 2021 is hereby submitted in accordance with Section 1202 (i) of the Erie County Charter.

INTRODUCTION

This report was prepared by the Erie County Comptroller's Office in conformance with current accounting and financial reporting principles promulgated by the Governmental Accounting Standards Board ("GASB") and the New York Office of the State Comptroller. County management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

The certified public accounting firm Drescher & Malecki LLP, the County's independent external auditor, has issued an unmodified ("clean") opinion on the County's financial statements for the year ended December 31, 2021. The independent auditors' report is located at the front of the financial section of this report.

Management's Discussion and Analysis ("MD&A") immediately follows the independent auditors' report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

PROFILE OF THE GOVERNMENT

Basic Information

The County is a metropolitan center covering 1,058 square miles that is located on the western border of New York State, adjacent to Lake Erie. Situated within the County are 3 cities, 25 towns, and 16 villages, including the City of Buffalo, which serves as the County seat and is the State's second most populous and largest city. The County provides a variety of mandated and discretionary services covering the areas of

culture, parks and recreation, social services, police, libraries, youth, health, senior services, roads, mental health, probation, corrections, emergency services, license bureau, and sanitary sewerage.

The County is a major New York industrial and commercial center, and is favorably located relative to the commercial markets of both the United States and Canada. Access to these markets is enhanced by the County's standing of being among the largest rail centers in the United States; that it is provided trucking services by numerous transcontinental, international and common carriers and is a focal point of international water-borne transportation.

Subject to the New York State Constitution and Laws, the County operates pursuant to a County Charter ("Charter") and Administrative Code. Additionally, various New York State laws govern the County to the extent that such laws are applicable to counties operating under a charter form of government.

Legislative authority of the County is vested in an 11-member governing body known as the County Legislature ("Legislature"), each member of which is elected for a two-year term. Principal functions of the Legislature include adoption of the annual budget, levying of taxes, review and approval of budget modifications, adoption of local laws, and authorization of the incurrence of all County indebtedness.

In addition to the members of the Legislature, there are five County-wide elected officials, each elected to four-year terms: County Executive, County Comptroller, County Clerk, District Attorney, and Sheriff. The County Comptroller serves as the County's chief fiscal, accounting, financial reporting and auditing officer.

Component Units

Consistent with criteria promulgated in the GASB Codification, the financial statement reporting entity includes the County of Erie, New York (the primary government) and its significant component units: the Buffalo and Erie County Public Library, the Erie County Medical Center Corporation and its three component units (i.e., Research for Health in Erie County, Inc., ECMC Foundation, Inc. and The Grider Initiative, Inc.), two component units of the Erie Community College proprietary fund (i.e., the Auxiliary Services Corporation of Erie Community College, Inc. and the Erie Community College Foundation, Inc.), the Erie County Fiscal Stability Authority, the Erie Tobacco Asset Securitization Corporation ("ETASC"), and the Buffalo and Erie County Industrial Land Development Corporation, Inc. ("ILDC").

Additional detailed information relating to the specific organizations and the manner of inclusion (discrete presentation or blending) in the reporting entity as component units, and the basis for making such determinations, are also discussed in Note 1 to the financial statements.

Erie County Fiscal Stability Authority

In July 2005, the New York State Legislature and Governor created the Erie County Fiscal Stability Authority ("ECFSA") to monitor the County's finances. Under the Erie County Fiscal Stability Authority Act ("Act"), the legislation establishing the ECFSA, the County is required to develop and submit a Four-Year Financial Plan to ECFSA for its approval. Under the Act, if the County fails to meet certain criteria, or if the County meets other criteria such as the County having "incurred a major operating funds deficit of one percent or more in the aggregate results of operations of such funds of the County during its fiscal year," (§ 3959 of the Act) the ECFSA may declare and enter into a "control period." Under the Act, in a control period, the ECFSA may engage in a number of actions including establishing a wage and/or hiring freeze, setting maximum levels of County spending and requiring its approval for any County borrowing. On November 3, 2006, citing deficiencies in the County's 2007-2010 Four Year Financial Plan, ECFSA imposed a control period on Erie County, which continued until June 2009, at which time the ECFSA voted to return to an advisory status in which it continues to function.

ECONOMIC CONDITION AND OUTLOOK

Local Economy

Historically the local economy was built on railroad commerce, steel manufacturing, automobile production, Great Lakes shipping and grain storage. However, following heavy job losses in the manufacturing sector in the 1970's and early 1980's, the local economy has become more diversified with growth in the financial, health and service sectors. This diversification has cushioned local impacts during economic downturns, but redevelopment of the local economic base and improvement of the local economy has been a gradual, sometimes sporadic, ongoing process since the mid-1980s.

Erie County has increasingly become a center of bioinformatics and medical research including development at the University at Buffalo, Hauptman-Woodward Medical Research Institute, and Roswell Park Cancer Institute. The Buffalo Niagara Medical Campus in downtown Buffalo has continued to grow since its inception in 2001. Technology sector employment has also grown; according to the Technology Councils of North America, local technology jobs increased by 9.2% between May 2021 to April 2022.

In Buffalo, at the edge of the Buffalo Niagara Medical Campus, the redevelopment of the former Trico Products plant in downtown Buffalo by the Krog Group has re-started after delays due to the COVID pandemic. The \$108 million project will convert the former 500,000 square foot windshield wiper plant into 243 apartments, indoor and on-site parking and commercial/retail space.

One of the largest projects in Buffalo has been the redevelopment of Seneca One, the tallest building in the city. The structure has been brought back to life with office space, apartments and event office. The mixed-use building's anchor tenant is M&T Bank, which is also one of the region's largest employers. In addition to M&T Bank, several tech companies have made the move into Seneca One. Developer Douglas Jemal, who owns Seneca One, has made significant other local investments, purchasing large commercial properties in downtown Buffalo and engaging in construction and redevelopment.

During the past ten years, Erie County and New York State have spent \$50 million to buy land, move rail lines and create road, water and sewer infrastructure at the former Bethlehem Steel site in Lackawanna. The Erie County Industrial Development Agency ("ECIDA") owns 25% of the complex (now known as Renaissance Commerce Park) and has remediated the land. Since then, the private sector has invested \$100 million at the property creating manufacturing and warehouse complexes. Welded Tube of Canada built a \$48 million facility in 2013; TMP Technologies constructed a \$22.7 million factory to make the Mr. Clean Magic Eraser; Sucro Sourcing invested \$19 million to buy and refurbish several existing buildings into a new sugar refinery and storage operation; and Uniland Development Co. is building a 150,000-square-foot "spec" warehouse with plans for a second, 170,000-square-foot warehouse. Tecumseh Redevelopment, which owns most of the property that has not been purchased by the ECIDA, has committed to spending \$69 million over the next 10 years to remediate 489 acres to allow for new construction.

In Hamburg and Tonawanda, Amazon has constructed distribution/delivery centers. In June 2020, Amazon opened a 117,000 square foot facility with more than 600 full and part-time associates in the Riverview Solar Technology Park in the Town of Tonawanda. In 2021, Amazon began construction on a 181,500 square foot warehouse and distribution facility at the Lake Erie Commerce Center in Hamburg (across from the giant FedEx center that was built several years ago) in a project estimated to cost between \$47 million and \$49 million.

The County and the ECIDA are developing a 240-acre Agribusiness Park in the Town of Evans. The County is designing the road and infrastructure for the site and partnered with the Town of Evans to construct a new 1.5-million-gallon Water Tower on the parcel to provide water to the Agribusiness Park.

Due in part to the County's receipt of federal funds, the County Executive and the County Legislature have allocated and appropriated over tens of millions of dollars for public benefit agencies and projects such as Shea's Performing Arts Center, cultural agencies (for capital needs), the Buffalo Zoological Gardens, the Buffalo History Museum, and the new Buffalo Bills Stadium to be constructed starting in 2023. Other significant investment in the County's parks, roads and sewer systems have been budgeted and planned using County share and federal stimulus funds.

Using federal stimulus funds, Erie County is currently finishing the planning for the \$36.7 million ErieNET broadband open-access Internet network that will lay hundreds of miles of fiber optic lines across the County.

In 2021, in conjunction with the economic development organization 43 North, the County developed a Back-to-Business grant program to make up for the gaps in the federal Paycheck Protection Program. In total, 1,399 small businesses were provided \$19.2 million in direct financial assistance from the County using federal funds.

COVID-19

Like other local and state governments, Erie County was affected by the COVID-19 pandemic in 2020 and 2021. The pandemic and the negative fiscal effects on the County in 2020 led the then-County Comptroller to issue a deficit declaration to the County Legislature on May 4, 2020 under Section 2511 of the Erie County Charter. Under the Charter, this required the County Executive to issue a deficit reduction plan and the County Legislature to act on a plan. On June 4, 2020, the County Executive presented to the County Legislature a proposed 2020 COVID-19 Deficit Reduction Plan. The plan included reductions in personnel, decreased spending and other measures to reduce or control spending in the wake of reductions in revenue from sales taxes and other taxes and fees. Ultimately, based on County actions, federal pandemic support in 2020 and 2021, and a rebound in consumer spending and sales tax revenue in late 2020 and throughout 2021, the County closed the 2020 fiscal year and the 2021 fiscal year with surpluses.

OTHER RELEVANT INFORMATION

Relevant Financial Policies

The County Charter, amended by Local Law 3-2006 and the Budget Modernization Act Local Law 2-2012, includes specific provisions for fund balance. The Charter requires the County to establish and maintain "a balance in the General Fund established in the budget equal to or greater than five percent of the amount contained in the budget of the Fund in the immediately preceding fiscal year." The Charter also provides for limits and specific requirements governing the County's use/appropriation of fund balance including legislative approval and that the County may not appropriate fund balance below the five percent level.

Monthly Accrual/Monitoring System

Since 1985, the County has maintained a Budget Monitoring System which compares budgetary estimates at the department and account level to fully accrued actual data on a monthly basis. The monitoring reports are used as a management tool during the fiscal year. All major variances are reconciled and, as appropriate, corrective measures are taken to ensure any projected deficit condition will be prevented or minimized. The County Administration is also required to submit monthly budget monitoring reports to the County Legislature.

Independent Audit

Since 1975, it has been the County's policy to have an independent external audit of its annual financial statements performed by a certified public accounting firm. The Charter provides for an independent Audit Committee that is responsible for recommending one or more specific firms to conduct annual audits of the County and the Erie Community College. The County has complied with the Charter's requirement to have an independent audit performed and the auditors' opinion is provided in the Financial Section of this report.

Erie County's 2022 Budget

Under the Charter, the County Executive is required to submit the tentative annual budget to the County Legislature by October 15th. On October 4, 2021, the County Executive presented his 2022 Tentative Budget to the Legislature for review and action. On December 2, 2021, the County Legislature adopted the 2022 Amended Budget.

AWARDS AND ACKNOWLEDGMENTS

The Government Finance Officers Association of the United States and Canada ("GFOA") awarded a Certificate of Achievement for Excellence in Financial Reporting to the County for its annual comprehensive financial report for the fiscal year ended December 31, 2020. This was the sixteenth consecutive year that the County has received this award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for one year. We believe the County's ACFR for fiscal year 2021 continues to meet the Certificate of Achievement Program's requirements and we will submit the document to the GFOA to determine its eligibility for another certificate.

The preparation of this report would not have been possible without the efforts of the Comptroller's Office's Accounting Division staff, other cooperating County departments, and Drescher & Malecki LLP. Furthermore, I extend my appreciation to everyone who assisted and contributed to the preparation of the County's ACFR for fiscal year 2021.

Respectfully submitted,

Kevin R. Hardwick, Ph.D.

INDEPENDENT AUDITORS' REPORT

Honorable County Executive
Honorable County Comptroller
Honorable Members of the County Legislature
County of Erie, New York:

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component units, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Erie, New York (the "County"), as of and for the year ended December 31, 2021 (with the Erie Community College for the year ended August 31, 2021), and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the reports of the other auditors, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component units, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County, as of December 31, 2021, and the respective changes in financial position and, where applicable, cash flows thereof, and the respective budgetary comparison of the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Erie County Fiscal Stability Authority ("ECFSA"), which represent 4.5% and 2.2% of the assets and revenues, respectively, of the governmental activities. We did not audit the financial statements of the Buffalo and Erie County Industrial Land Development Corporation, Inc. ("ILDC"), which represent 17.6% and 1.5% of the assets and revenues, respectively, of the business-type activities. We did not audit the financial statements of Erie County Medical Center Corporation ("ECMCC"), a discretely presented component unit. We did not audit the financial statements of the Erie Community College Foundation, Inc. ("Foundation"), which is shown as an aggregate discretely presented component unit, and represents 69.5% and 60.6% of the assets and revenues, respectively, of the aggregate discretely presented other component units. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the ECFSA, ILDC, ECMCC, and Foundation, is based solely on the reports of other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standard generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

The County’s management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County’s ability to continue as a going concern for one year after the date that the financial statements are issued.

Auditors’ Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County’s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and other Required Supplementary Information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

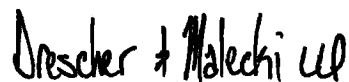

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The Combining and Individual Fund Financial Statements and Schedules, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Combining and Individual Fund Financial Statements and Schedules, as listed in the table of contents, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and the other auditors. In our opinion, the Combining and Individual Fund Financial Statements and Schedules, as listed in the table of contents, are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information provided in the County's Annual Comprehensive Financial Report. The other information comprises the Introductory Section and Statistical Section, as listed in the table of contents, but does not include the financial statements and our auditor's report thereon. Our opinions on the financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

June 24, 2022

COUNTY OF ERIE, NEW YORK
Management's Discussion and Analysis
Year Ended December 31, 2021

As management of the County of Erie, New York (the "County"), we offer readers of the County's financial statements this narrative overview and analysis of the County's financial activities for the fiscal year ended December 31, 2021. We encourage the reader to consider the information contained in this analysis in conjunction with additional information that we have furnished in the County's financial statements, which follow this narrative. All amounts in this Management's Discussion and Analysis, unless otherwise indicated, are expressed in thousands of dollars.

Financial Highlights

- The primary government's liabilities and deferred inflows of resources exceeded its assets and deferred outflows of resources at the close of the 2021 fiscal year by \$885,215. This consists of \$139,766 restricted for specific purposes (restricted net position), \$512,392 net investment in capital assets and unrestricted net position of \$(1,537,373) at December 31, 2021.
- As a result of current year activity, the primary government's total net position increased by \$243,269. Governmental activities increased the County's net position by \$241,955 and business-type activities increased the County's net position by \$1,314.
- As of December 31, 2021, the County's governmental funds reported combined fund balances of \$612,233, an increase of \$202,439 in comparison to the prior year. Approximately 18.4% of the total combined governmental funds fund balance, \$112,887, is available to meet the County's current and future needs (*unassigned fund balance*).
- At the end of the fiscal year, unassigned fund balance for the General Fund was \$113,395, or 36.9%, of the total General Fund fund balance of \$307,673. Nonspendable, restricted and assigned General Fund fund balance totaled \$194,278 at December 31, 2021.
- The total bonded debt of the primary government decreased by \$23,159, or 2.5%, during the 2021 fiscal year as a result of principal payments made during the year and refunded bonds partially offset by the issuance of general obligation serial and refunding bonds, and annual net interest accretion of the ETASC Subordinate Turbo Capital Appreciation Bonds ("CABs").

Overview of the Financial Statements

The discussion and analysis provided here is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements include three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. In addition to the basic financial statements, other supplementary information is included.

Government-wide Financial Statements—The government-wide financial statements are designed to provide readers with a broad overview of County finances, in a manner similar to a private-sector business.

The *Statement of Net Position* presents financial information on all County assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The *Statement of Activities* presents information showing how net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of these government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all, or a significant portion, of their costs through user fees and charges (*business-type activities*). The governmental activities of the County include general government, public safety, health, transportation, economic assistance and opportunity, culture and recreation, education, and home and community service.

The business-type activities of the County include Erie Community College (“College”), the Buffalo and Erie County Industrial Land Development Corporation (“ILDC”) and the Utilities Aggregation Fund. A fiscal year ending August 31 is mandated by New York State law for the College. Accordingly, financial information for the College is presented as of and for the fiscal year then ended.

On July 12, 2005, the Governor of the State of New York signed legislation creating the Erie County Fiscal Stability Authority (“ECFSA”). The ECFSA began its work during 2005 in an advisory role and provides the County with financial oversight while giving local leaders the ability to improve the County’s fiscal condition without further State intervention. The ECFSA is included within governmental activities in the government-wide financial statements.

The government-wide financial statements include not only the County itself (i.e., *the primary government*) but also the legally separate Buffalo and Erie County Public Library (the “Library”), Erie County Medical Center Corporation (the “ECMCC”) and other component units. Financial information for these *discretely presented component units* of the County is reported separately from the financial information presented for the primary government itself. The Library does not issue separate financial statements.

Fund Financial Statements—A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate finance-related legal compliance. All funds of the County are divided into three categories: *governmental funds*, *proprietary funds*, and *fiduciary funds*.

Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on *near-term inflows* and *outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a county’s near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government’s near-term financing decisions. Both the governmental funds’ Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The County maintains fourteen (14) individual governmental funds. Additionally, the County reports the activities of its *blended component units* within its governmental funds. Information is presented separately in the governmental funds' Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances for the General Fund, and the General Fund of the ECFA blended component unit (reported as a major special revenue fund). Data from the other governmental funds and nonmajor blended component units are combined into a single, aggregated presentation.

The County adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided for the General Fund.

Proprietary funds—The County maintains one type of proprietary fund. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The County uses enterprise funds to account for the College, ILDC, and the Utilities Aggregation Fund, which is used to account for the bulk purchase and resale of gas, oil, and electric utilities.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The College and the ILDC are considered to be major proprietary funds of the County.

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The County has one fiduciary fund, the Custodial Fund, which is used to report resources held by the County in a custodial capacity for individuals, private organizations and other governments.

Notes to the Financial Statements—The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Required Supplementary Information—In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the County's net pension liability/(asset), and the changes in the County's total other postemployment benefits ("OPEB") obligation. Required supplementary information and the related notes to the required supplementary information can be found immediately following the notes to the financial statements.

Combining and Individual Fund Financial Statements and Schedules—This report also provides combining statements and schedules for nonmajor governmental funds and combining statements for other component units. They are presented immediately following the required supplementary information.

Government-wide Financial Analysis

As noted earlier, net position over time may serve as a useful indicator of a government's financial position. In the case of the County's primary government, liabilities and deferred inflows of resources exceeded assets and deferred outflows of resources by \$885,215 at the close of the most recent fiscal year.

Summary Statement of Net Position as of December 31, 2021 and 2020

	PRIMARY GOVERNMENT					
	Governmental Activities		Business-type Activities		Total	
	2021	2020	2021	2020	2021	2020
Current and other assets	\$ 1,116,765	\$ 972,400	\$ 68,912	\$ 40,449	\$ 1,185,677	\$ 1,012,849
Capital assets	803,986	811,774	26,328	28,562	830,314	840,336
Total assets	<u>1,920,751</u>	<u>1,784,174</u>	<u>95,240</u>	<u>69,011</u>	<u>2,015,991</u>	<u>1,853,185</u>
Total deferred outflows of resources	573,231	441,398	80,364	64,367	653,595	505,765
Current and other liabilities	271,340	345,578	25,890	16,655	297,230	362,233
Long-term liabilities	2,334,108	2,435,826	228,752	227,598	2,562,860	2,663,424
Total liabilities	<u>2,605,448</u>	<u>2,781,404</u>	<u>254,642</u>	<u>244,253</u>	<u>2,860,090</u>	<u>3,025,657</u>
Total deferred inflows of resources	595,467	393,056	99,244	68,721	694,711	461,777
Net position:						
Net investment in capital assets	486,065	480,108	26,327	28,560	512,392	508,668
Restricted	139,114	111,876	652	206	139,766	112,082
Unrestricted	<u>(1,332,112)</u>	<u>(1,540,872)</u>	<u>(205,261)</u>	<u>(208,362)</u>	<u>(1,537,373)</u>	<u>(1,749,234)</u>
Total net position	<u>\$ (706,933)</u>	<u>\$ (948,888)</u>	<u>\$ (178,282)</u>	<u>\$ (179,596)</u>	<u>\$ (885,215)</u>	<u>\$ (1,128,484)</u>

A significant portion of the County's primary government net position at December 31, 2021, \$512,392, reflects its investment in capital assets (e.g., land, buildings, improvements, infrastructure, and equipment), net of accumulated depreciation and less any related debt used to acquire those assets that is still outstanding and any unspent proceeds from bond issues. The County uses these capital assets to provide services to citizens; accordingly, these assets are *not* available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources used to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the County's primary government net position, \$139,766, represents resources that are subject to external restrictions on how they may be used.

The remaining component of the County's primary government net position, \$(1,537,373), represents *unrestricted net position* which reflects all liabilities that are not related to the County's capital assets and which are not expected to be repaid from restricted resources. Long-term liabilities are typically funded annually in the funds with revenues of that year. The combined total of (1) Erie Tobacco Asset Securitization Corporation ("ETASC") (a blended component unit of the County) bonds net of discount, (\$357,420), issued to be paid back with future tobacco proceeds which are anticipated to be received annually over the next forty (40) years, and (2) the long-term liability associated with other post-employment benefits ("OPEB") (\$1,561,629), is greater than this deficit. As the revenue recognition criteria for the future funding of these liabilities has not been met, no assets have been recorded to offset these liabilities.

At the end of the current fiscal year, the County is able to report positive balances in two of the three categories of net position for the County as a whole. Governmental and business-type activities have an unrestricted net position of \$(1,332,112) and \$(205,261), respectively, at December 31, 2021.

The following table indicates the changes in net position for governmental and business-type activities for the current and prior fiscal years:

Summary of Changes in Net Position for the Years Ended December 31, 2021 and 2020

	PRIMARY GOVERNMENT					
	Governmental Activities		Business-type Activities		Total

Governmental Activities

During the year ended December 31, 2021, governmental activities increased the County's net position by \$241,955. Revenues increased by \$162,939 (9.2%) and expenses decreased by \$144,640 (8.0%) from 2020 to 2021. Key elements of these changes are as follows:

- The \$143,585 (17.5%) increase in the sales and use tax category was primarily the result of increased sales tax receipts.
- Economic assistance and opportunity expenses decreased \$106,466 (16.5%) primarily due to decreases within pandemic funding (\$31,990), local share medicaid expenses (\$14,810), foster care assistance (\$8,688), family assistance (\$5,898), and child care expenses (\$4,072).
- Health expenses decreased by \$66,065 (38.7%) primarily due to a decrease in costs related to the County's response for the COVID-19 pandemic.
- General government support expenses increased by \$52,805 (10.7%) primarily due to an increase in sales tax payments made to local governments (\$56,169).

Business-type Activities

Business-type activities increased the County's net position by \$1,314 in the 2021 fiscal year. The College generated an increase in net position of \$1,221 and a decrease of \$21,572 for the years ended August 31, 2021 and 2020, respectively. The College's operating loss at August 31, 2021 was less than the operating loss at August 31, 2020 by \$31,303, as operating revenues increased \$7,674 and operating expenses decreased \$23,629. Revenues generated during the fiscal year ended August 31, 2021 increased primarily due to an increase in grants and contract revenue. The County sponsorship share of support to the College for the College's fiscal year ended August 31, 2021 was \$18,804, and is reported as a 2021 operating transfer to the College from the County's General (\$18,084) and Special Capital (\$720) Funds. The ILDC generated an increase in net position of \$820 and an increase in net position of \$783 for the years ended December 31, 2021 and 2020, respectively.

Financial Analysis of the County's Funds

As noted earlier, the County uses *fund accounting* to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds—The general government functions are contained in the General, Special Revenue, Debt Service, and Capital Projects Funds. The focus of the County's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the County's financing requirements. In particular, *unassigned fund balance*, which is available to meet the County's current and future operational needs, may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. At December 31, 2021, the County's governmental funds reported combined fund balances of \$612,233, which is an increase of \$202,439 in comparison with the prior year.

Nonspendable fund balance totaling \$14,617 consists of prepaid items. Nonspendable amounts represent net current financial resources that are either not in spendable form or legally or contractually required to be maintained intact.

Restricted fund balance in the amount of \$232,767 is constrained to specific purposes and consists of \$156 for education, advocacy and increased public awareness of handicapped parking laws, \$27,032 for community development loans, \$40,255 for the future repayment of bonded debt service and \$165,324 to fund capital projects and the purchase of capital assets.

Assigned fund balance includes amounts intended to be used for a specific purpose that are subject to a purpose constraint imposed by a formal action of the Erie County Legislature. Significant assignments by the County at December 31, 2021 include \$12,180 to meet expenditure requirements in the 2022 fiscal year, \$2,717 assigned to fund future settlements of various claims and litigation, \$176,571 for approved supplemental appropriations in the 2022 fiscal year, \$13,759 to fund year-end encumbrances, and \$46,735 that represents the positive residual balances.

Approximately 18.4% of the County's total fund balances consists of *unassigned fund balance*, \$112,887.

Following is a discussion of the significant balances and operations of the major and selected nonmajor funds.

- **General Fund**—The General Fund is the chief operating fund of the County. At December 31, 2021, unassigned fund balance of the General Fund was \$113,395, while total fund balance was \$307,673. As a measure of the General Fund's liquidity, it is useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 8.1% of total expenditures (excluding other financing uses), while total fund balance represents 22.0% of that same amount. Fund balance in the County's General Fund increased by \$173,648 during the 2021 fiscal year, primarily due to more revenue received by the County in comparison to the 2020 fiscal year. Sales and use tax revenue increased by \$143,585 due to an increase in sales tax receipts, including the amounts received by ECFSA and subsequently transferred to the General Fund, while intergovernmental revenue increased by \$61,871 due to additional state aid received from the State as a result of the COVID-19 pandemic.
- **ECFSA General Fund**—This fund is the chief operating fund of the ECFSA and is reported as a special revenue fund of the County. Total fund balance at the end of the current fiscal year was \$439, an increase of \$55 from the 2020 amount, and is classified as nonspendable for prepaid items (\$13) and assigned fund balance (\$426) in the County's fund financial statements. The ECFSA General Fund increased from the 2020 fiscal year due to an increase in sales and use taxes.
- **Road Special Revenue Fund**—Ending fund balance increased by \$7,909 from 2020. Total expenditures increased by \$2,047. Total revenues increased by \$13,523 which is primarily due to an increase in consolidated highway aid (\$8,151) and an increase in transfer taxes (\$5,382).
- **Sewer Special Revenue Fund**—Total fund balance at the end of the current fiscal year was \$45,948, an increase of \$2,095 from the 2020 amount. Total expenditures decreased by \$2,328 primarily due to savings in contract costs (\$2,914).
- **Emergency Response Special Revenue Fund**—Ending fund balance increased by \$907 compared to a \$231 decrease during 2020. Total expenditures decreased by \$105,656 due to the County's higher costs related to the COVID-19 pandemic response during 2020. Similarly, total revenues decreased by \$87,407 due to state and federal funding received during 2020 as a response to the pandemic.

- **Capital Projects Funds**—The County reports five (5) capital projects funds which account for the construction and re-construction of general public improvements. At the end of the 2021 fiscal year, the total fund balances restricted for future capital projects amounted to \$165,324, of which \$3,101 was encumbered for contracted projects underway.

During 2021, the County's capital outlay increased in the General Government Buildings, Equipment and Improvements Fund (\$4,042), Sewers, Facilities, Equipment and Improvements Fund (\$3,829) and the Special Capital Projects Fund (\$2,181), while it decreased within the Highways, Roads, Bridges and Equipment Fund (\$4,254).

Proprietary funds—The County's proprietary funds provide the same type of information found in the government-wide financial statements but in more detail. The College had an unrestricted net position of \$(212,884) at August 31, 2021, while ILDC and the Utilities Aggregation Fund had unrestricted net position of \$7,211 and \$412, respectively, at December 31, 2021.

The following table shows actual revenues, expenses, and results of operations for the current and prior fiscal years:

Summary of Revenues, Expenses, and Changes in Net Position - Proprietary Funds For the Year Ended December 31, 2021 and 2020

	Major Funds				Nonmajor Fund			
	College (August 31,)		ILDC		Utilities Aggregation		Total	
	2021	2020	2021	2020	2021	2020	2021	2020
Operating revenues	\$ 47,998	\$ 40,324	\$ 11	\$ 390	\$ 22,732	\$ 15,987	\$ 70,741	\$ 56,701
Operating expenses	115,775	139,404	506	666	23,464	15,973	139,745	156,043
Operating (loss) income	(67,777)	(99,080)	(495)	(276)	(732)	14	(69,004)	(99,342)
Non-operating revenues, net	50,194	58,704	1,315	1,059	-	-	51,509	59,763
Net (loss) income before contributions and transfers	(17,583)	(40,376)	820	783	(732)	14	(17,495)	(39,579)
Transfers	18,804	18,804	-	-	5	-	18,809	18,804
Change in net position	\$ 1,221	\$ (21,572)	\$ 820	\$ 783	\$ (727)	\$ 14	\$ 1,314	\$ (20,775)

The net loss before contributions and transfers of enterprise funds during 2021 of \$17,495 is comprised of a net loss of \$17,583 for the College and \$732 for the Utilities Aggregation Fund, and net income of \$820 for ILDC.

The College reported a total deficit net position of \$186,557 at August 31, 2021. The ILDC reported net position of \$7,863, while the Utilities Aggregation Fund reported net position of \$412 at December 31, 2021.

Other factors concerning the activities of these funds have been addressed in the previous discussion of the County's business-type activities.

General Fund Budgetary Highlights

An annual appropriated budget is adopted for the General Fund on a basis consistent with generally accepted accounting principles, except that encumbrances are reported as budgeted expenditures in the year of incurrence of commitment to purchase.

During the 2021 fiscal year there was a \$297,769 decrease in total budgeted revenues between the original and final budget. The main component of the net decrease is the reclassification of \$387,638 from the 'Sales and use taxes' line to the 'Transfers in' line to match sales tax transfers received from the ECFSA which intercepts the County portion of sales tax remitted by the New York State Department of Taxation and Finance.

The budget for other financing sources was increased during the year by \$555,495, for the sales and use taxes reclassification referred to in the previous paragraph, as well as the transfer in of American Rescue Plan Act ("ARPA") funds from the Emergency Response Fund that were subsequently transferred out to the County's Capital Projects Funds.

Budgeted appropriations and other financing uses increased by \$257,726. Budgeted expenditures increased in general government support (\$91,039), primarily for sales tax (\$69,901), and professional services (\$12,985); budgeted expenditures decreased in economic assistance and opportunity (\$38,829), due primarily to various community assistance and social services programs savings (\$41,241).

For the year, actual revenues were less than budgeted revenues by \$35,708. This was mainly due to a negative variance in the intergovernmental aid revenue of (\$41,199), primarily due to lower than expected claims for various social services programs (\$49,425). There was a positive budgetary variance in the sales and use tax revenue category of (\$9,550).

Actual expenditures were less than budget by \$59,506, primarily due to economic assistance and opportunity (\$23,752), due to less than expected payroll (\$12,354) and community assistance payments (\$2,671); public safety (\$16,007), mainly due to savings in payroll (\$7,547) and professional services (\$1,837); general government support (\$11,377), primarily due to savings in payroll (\$4,117), other expenses (\$2,962), and professional services (\$2,430).

The County experienced a positive variance in other financing sources and (uses) (\$162,230), mainly due to a positive variance for interfund capital transfers out (\$162,118).

The total budget to budgetary actual variance for the year amounted to a positive \$186,028.

Capital Assets and Debt Administration

Capital Assets

The County's investment in capital assets for its governmental and business-type activities as of December 31, 2021, amounted to \$830,314 (net of accumulated depreciation). This investment in capital assets includes land, infrastructure, buildings and improvements, improvements other than buildings, equipment, College library collections, and construction in progress. The total decrease in the County's investment in capital assets for the current period was 1.20%.

The County's infrastructure assets are recorded at historical cost or estimated historical cost in the government-wide financial statements as required by GASB. The County has elected to depreciate infrastructure assets.

Major capital asset events during the current fiscal year included an increase to the governmental activities transportation networks and buildings and improvements of \$44,342 and \$7,942 respectively.

Capital assets net of depreciation for the governmental and business-type activities are presented below:

Summary of Capital Assets at December 31, 2021 and 2020 (net of depreciation)

	Governmental Activities		Business-type Activities		Total	
	2021	2020	2021	2020	2021	2020
Land	\$ 34,951	\$ 34,951	\$ -	\$ -	\$ 34,951	\$ 34,951
Construction in progress	54,550	54,405	741	652	55,291	55,057
Buildings and improvements	256,610	270,055	21,175	22,924	277,785	292,979
Sewer and transportation networks	432,992	424,730	-	-	432,992	424,730

Machinery and equipment	8,500	9,570	3,634	4,071	12,134	13,641
Library collections	-	-	766	900	766	900
Total	<u>\$ 803,986</u>	<u>\$ 811,774</u>	<u>\$ 26,328</u>	<u>\$ 28,562</u>	<u>\$ 830,314</u>	<u>\$ 840,336</u>

Additional information on the County's capital assets can be found in Notes 1 and 6 of this report.

Debt Administration

At December 31, 2021, the primary government had total bonded debt outstanding of \$900,234, as compared to \$923,393 in the prior year. During the year, payments and other reductions of bonded debt amounted to \$74,596, while additions and accretions amounted to \$51,437. The issuance of long-term debt is a direct function of the County and is reported within the governmental activities columns in the government-wide financial statements.

Summary of Long-term Bonded Debt Outstanding at December 31, 2021 and 2020

	Governmental Activities	
	2021	2020
Erie County bonds	\$ 347,143	\$ 365,427
Less: ECFSA mirror bonds	<u>(89,665)</u>	<u>(114,790)</u>
Net Erie County bonds	257,478	250,637
ECFSA bonds	228,305	258,295
ETASC tobacco settlement bonds	367,792	365,205
Unamortized bond discounts - ETASC	(10,372)	(10,487)
Unamortized bond premiums	<u>57,031</u>	<u>59,743</u>
Total primary government long-term bonded debt outstanding	<u>\$ 900,234</u>	<u>\$ 923,393</u>

Tobacco settlement bonds are payable only from the assets of ETASC and are not legal obligations of the County.

New York State statutes limit the amount of general obligation debt a governmental entity may issue to 7% of its five-year valuation. The current available debt-limitation for the County is \$3,990,285, which is only 7.88% exhausted by the County's outstanding general obligation debt of \$341,530 (which includes a \$65,080 bond guaranty to ECMCC).

The County's current bond ratings are as follows: Standard & Poor's at AA- (stable outlook); Moody's at A1 (stable outlook); and Fitch Ratings at A+ (stable outlook).

Additional information on the County's long-term debt can be found in Note 13 of this report.

Requests for Information

This financial report is designed to provide a general overview of the County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report, or requests for additional financial information, should be addressed to the Erie County Office of the Comptroller, 95 Franklin Street, Room 1100, Buffalo, New York 14202.

COUNTY OF ERIE, NEW YORK
Reconciliation of the Balance Sheet—Governmental Funds
to the Government-wide Statement of Net Position
December 31, 2021
(dollars in thousands)

Amounts reported for governmental activities in the statement of net position (page 15) are different because:

Total fund balances—governmental funds (page 17)		\$ 612,233
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. The cost of the assets is \$2,114,678 and the accumulated depreciation is \$1,310,692.		803,986
Uncollected property taxes are not available to pay for current period expenditures and therefore are deferred inflows of resources in the funds.		68,728
A long-term asset owed to ETASC by New York State is not available to pay for current period expenditures and, therefore, is not reported in the funds.		14,259
Due from a component unit was deemed to be not due and payable in the current period and, therefore, not reported in the funds.		157,884
Deferred outflows and inflows of resources related to pensions and other postemployment benefits ("OPEB") are applicable to future periods and, therefore, are not reported in the funds:		
Deferred outflows related to employer contributions	\$ 31,510	
Deferred outflows related to experience, changes of assumptions, investment earnings, and changes in proportion for pensions	195,227	
Deferred inflows of resources related to pensions	(292,090)	
Deferred outflows related to OPEB liability	319,035	
Deferred inflows related to OPEB liability	<u>(303,257)</u>	(49,575)
Certain deferred outflows of resources represent a consumption of net position in a future period and certain deferred inflows of resources represent an acquisition of net position and, therefore, are not reported in the funds.		
Unamortized deferred charge on refundings	\$ 399	
Unamortized deferred gain on refundings	(120)	
Unamortized deferred charge on refundings - ETASC	<u>13,456</u>	13,735
Net accrued interest expense for general obligation bonds of \$6,762 and accrued interest on ETASC bonds of \$917 is not reported in the funds.		(7,679)
Long-term liabilities are not due and payable in the current period and, therefore, are not reported in the funds. The effects of these items are:		
Serial bonds—County	\$ (485,783)	
Unamortized bond premiums—County	(57,031)	
ETASC Tobacco Settlement Bonds and Subordinate Turbo CABs accreted interest	(367,792)	
ETASC Tobacco Settlement Bonds and Subordinate Turbo CABs discount	10,372	
Compensated absences	(28,403)	
Judgments and claims	(48,814)	
Other postemployment benefits obligation	(1,342,066)	
Net pension liability	<u>(987)</u>	<u>(2,320,504)</u>
Net position of governmental activities		<u>\$ (706,933)</u>

The notes to the financial statements are an integral part of this statement.

COUNTY OF ERIE, NEW YORK
Reconciliation of the Statement of Revenues, Expenditures, and Changes in
Fund Balances—Governmental Funds to the Government-wide Statement of Activities
For the Year Ended December 31, 2021
(dollars in thousands)

Amounts reported for governmental activities in the statement of activities (page 16) are different because:

Net change in fund balances—total governmental funds (page 19) \$ 202,439

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation expense exceeded capital outlays in the current period.

Capital asset additions	\$ 56,936	
Loss on disposal of assets	(29)	
Depreciation expense	<u>(64,695)</u>	(7,788)

Certain tax and other revenue in the governmental funds is deferred or not recognized because it is not available soon enough after year end to pay for the current period's expenditures. On the accrual basis, however, this is recognized regardless of when it is collected.

ETSAC tobacco revenue	\$ 1,527	
Real property taxes	<u>4,224</u>	5,751

Revenues of the ECFSA in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. (886)

Governmental funds report loans to a component unit to be repaid on a long-term basis as expenditures. In the statement of net position, however, the cost of those outlays increases the due from component unit and does not affect the statement of activities. Similarly, repayment of long-term loan principal is a revenue in the governmental funds and thus contributes to the change in fund balance. In the statement of net position, however, repayment of long-term loan principal reduces the amount due from the component unit and does not affect the statement of activities. 9,185

Net differences between pension contributions recognized on the fund financial statements and the government-wide financial statements are as follows:

County pension contributions	\$ 3,507	
Cost of benefits earned net of employee contributions	<u>15,855</u>	19,362

Deferred outflows and inflows of resources relating to OPEB result from actuarial changes in the census, changes in medical premiums that are different than expected healthcare cost trend rates, and changes in assumptions and other inputs. These amounts are shown net of current year amortization and are as follows:

Changes of assumptions	\$ 119,489	
Differences between expected and actual experience	52,730	
Benefit payments subsequent to the measurement date	<u>1,495</u>	173,714

In the statement of activities, interest expense is recognized as it accrues, regardless of when it is paid. 2,114

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of principal on long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. Additionally, in the statement of activities, certain operating expenses are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially, the amounts actually paid). The net effect of these differences in the treatment of long-term debt and the related items is as follows:

Issuance of serial bonds	\$ (25,655)	
Issuance of refunding bonds	(10,185)	
Refunded bonds	10,185	
Repayment of serial bonds	48,804	
Premium on serial bonds issued	(5,960)	
Amortization of premiums on serial bonds	8,672	
Repayment of ETASC Tobacco Settlement Bonds	7,050	
Accreted interest on ETASC Subordinate Turbo CABs	(9,637)	
Amortization of ETASC bond discounts	(115)	
Change in deferred charge	(862)	
Change in deferred gain	2	
Change in judgments and claims	2,454	
Change in compensated absences	331	
Change in other postemployment benefits obligation	<u>(187,019)</u>	<u>(161,935)</u>

Change in net position of governmental activities \$ 241,956

COUNTY OF ERIE, NEW YORK
Notes to the Financial Statements
For the Year Ended December 31, 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of County of Erie, New York (the “County”) have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (“GASB”) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the County’s accounting principles are described below.

Description of Government-wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. *Governmental activities*, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges to external customers for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

Reporting Entity

The County was established in 1821. Subject to the New York State Constitution, the County operates pursuant to its Charter and Administrative Code (the “Charter”), as well as various local laws. Additionally, certain New York State laws govern the County to the extent that such laws are applicable to counties operating under a charter form of government. The Charter was enacted by local law and approved by the electorate at a general election held in November 1959. The Administrative Code was enacted into local law in 1961. The County Legislature is the legislative body responsible for overall operations, the County Executive serves as chief executive officer, and the County Comptroller serves as chief fiscal, accounting, reporting and auditing officer.

The County provides mandated social service programs such as Medicaid, Temporary Assistance for Needy Families and Safety Net. The County also provides services and facilities in the areas of culture, recreation, police, libraries, youth, health, senior services, roads, and sanitary sewerage. These general governmental programs and services are financed by various taxes, state and federal aid, and departmental revenue (which is primarily comprised of service fees and various types of program-related charges). Additionally, the County operates the Erie Community College (“the College”).

The financial reporting entity includes the County (the “primary government”) and its significant component units. A component unit is either a legally separate organization for which the elected officials of a primary government are financially accountable, or another organization for which the nature and significance of its relationship with a primary government is such that exclusion would cause the reporting entity’s financial statements to be misleading or incomplete.

Blended Component Units—The following blended component units are separate entities from the County, but are, in substance, part of the County’s operations and therefore data from the units are combined with data of the primary government.

- **Erie County Fiscal Stability Authority**—Erie County Fiscal Stability Authority (“ECFSA”) is included as a blended component unit of the County’s primary government pursuant to GASB. The ECFSA was created to monitor and oversee the finances of the County. Agencies and departments examined by the ECFSA’s activities include all of the County’s departments and sewer districts, the College and the Library. It reports using the governmental model and its general fund is reported as part of the County’s special revenue funds.

The ECFSA is a corporate governmental agency and instrumentality of the State of New York (the “State”) constituting a public benefit corporation created by the Erie County Fiscal Stability Authority Act, Chapter 182 of the Laws of 2005, as supplemented by Chapter 183 of the Laws of 2005 (the “Act”). The Act became effective July 12, 2005.

The ECFSA is governed by seven directors, each appointed by the Governor, including one each appointed upon the recommendation of the Majority Leader of the State Senate, the Speaker of the State Assembly and the State Comptroller. The Governor also designates the chairperson and vice-chairperson from among the directors.

The ECFSA has power under the Act to monitor and oversee the finances of the County, and upon declaration of a “Control Period” as defined in the Act. The ECFSA is also empowered to issue its bonds and notes for various County purposes, defined in the Act as “Financeable Costs.”

On November 3, 2006, the Authority imposed a control period on the County in accordance with Section 3595(1)(e) of New York Public Authorities Law through resolution 06-49. The resolution empowered the ECFSA to operate with its maximum authorized complement of control over County finances. During a control period all County contracts of \$50,000 or more and filling of any positions are subject to ECFSA approval and ECFSA has the power to approve or reject all proposed County borrowings and the County may not borrow without formal ECFSA approval. In addition, the ECFSA has the right to freeze wages, although it has not elected to exercise that right. On June 2, 2009, the ECFSA revoked the control period and reverted to an advisory status with limited control over County finances.

In 2011, the ECFSA issued serial bonds to assist ECMCC in the construction of a new residential health care facility. Loan agreements were executed whereby the ECFSA loaned the proceeds to the County, who in turn loaned the monies to ECMCC. The facility was opened in February 2013.

Revenues of the ECFSA consist of sales tax revenues, defined as net collections from sales and compensating use taxes, penalties and interest authorized by the State and imposed by the County on the sales and use of tangible personal property and services in the County (“Sales Tax Revenues”), and investment earnings on money and investments on deposit in various ECFSA accounts. Sales tax revenues collected by the State Comptroller for transfer to the ECFSA are not subject to appropriation by the State or County. Revenues of the ECFSA that are not required to pay debt service, operating expenses and other costs of the ECFSA are payable to the County as frequently as practicable. Separate financial statements for ECFSA can be obtained from the Erie County Fiscal Stability Authority, 295 Main Street, Room 946, Buffalo, NY, 14203.

- **Erie County Tobacco Asset Securitization Corporation**—Erie Tobacco Asset Securitization Corporation (“ETASC”) is a special purpose local development corporation organized under the Not-for-Profit Corporation Law of the State of New York and is an instrumentality of, but separate and apart from the County. ETASC was incorporated for the sole purpose of issuing tobacco settlement asset backed bonds in order to provide funds to purchase from the County all of the County’s right, title, and interest in annual payments to be received in settlement of certain smoking-related litigation. Tobacco settlement bonds are payable only from the assets of ETASC and are not legal obligations of the County. Although legally separate and independent of the County, ETASC is considered an affiliated organization under GASB and reported as a component unit of the County for financial reporting purposes and, accordingly, is included in the County’s financial statements. Separate financial statements for ETASC can be obtained from the Erie Tobacco Asset Securitization Corporation, Treasurer, 95 Franklin Street, Room 1600, Buffalo, NY, 14202.
- **SUNY Erie**—SUNY Erie (the “College”) is a locally sponsored, two-year College established for the purpose of providing education services primarily to the residents of the County. Resources received and used for college purposes are accounted for through the College. A fiscal year ending August 31 is mandated by New York State law for the College. Accordingly, financial information for the College is presented as of and for the 2020-2021 fiscal year then ended.

The College does not account for certain capital projects, certain capital assets or certain indebtedness. These are direct functions of the County and are reported within the governmental activities columns in the government-wide financial statements.

Additional information as excerpted from the College’s financial statements is as follows:

- The County Executive and the County Legislature approve the College’s annual budget, with the County providing funding for one-half and approximately one-fifth of capital and operating costs, respectively.
 - Equipment of the College has been included in the business-type activities column in the statement of net position. This equipment is recorded at cost or estimated historical cost. Donated assets are stated at estimated fair value as of the date received.
- **The Buffalo and Erie County Industrial Land Development Corporation**—The Buffalo and Erie County Industrial Land Development Corporation (“ILDC”) is a legally separate entity of which the County, acting by and through the County Executive, is the sole member. It is discretely presented in the County’s financial statements because the County is financially accountable for it. The ILDC is managed by its Board of Directors. Although ILDC does not meet the GASB requirements to be presented as a major fund, the County has elected to show ILDC as a major fund.

In 2009, ILDC by-laws and organizing documents were changed and specific activities first became under the direct governance of the County. These changes allow the ILDC to provide tax-exempt bond financing for not-for-profit organizations. Such debt of the ILDC can never be the debt of the County or any political subdivision thereof and can only be paid out of specific revenues and receipts of the ILDC. The ILDC provides no services to the County. Separate financial statements can be obtained from Buffalo and Erie County Industrial Land Development Corporation Inc., Chief Operating Officer, 275 Oak Street, Buffalo, NY 14203.

Discretely Presented Component Units—The component units column in the basic financial statements includes the financial data of the County’s discretely presented component units. These units are reported separately from the financial data of the primary government to emphasize that they are legally separate from the County.

- **The Buffalo and Erie County Public Library**—The Buffalo and Erie County Public Library (the “Library”), formed through a consolidation of several public and private libraries, was established by the County and chartered by the State University Board of Regents in 1953. It is a separate and distinct legal corporation that receives an annual budgetary contribution from the County. Library operations are governed by a Board of Trustees who are appointed by the County Legislature. Bonds and notes for Library capital costs are issued by the County and are obligations of the County. Title to real and personal property acquired with County funds vests with the County. The Library is included as a component unit of the County in the financial statements based on the fact that it is a legally separate entity for which the County is financially accountable. The Library does not issue separate financial statements.
- **Erie County Medical Center Corporation**—Erie County Medical Center Corporation (“ECMCC”) is a public benefit corporation created in 2003 for the purpose of acquiring and operating the health facilities of the County. Effective January 1, 2004, a transaction was executed which transferred ownership of the capital assets, equipment, inventories and certain other assets to ECMCC in exchange for a payment of \$85,000,000 from ECMCC to the County. Concurrent with the transaction, \$101,375,000 of ECMCC bonds were issued, which are guaranteed by the County. Pursuant to consent decrees entered into between the County and ECMCC, the County is committed to providing ongoing operating and capital support to ECMCC. The following component units are included within ECMCC:
 - **Research for Health in Erie County, Inc.** (“RHEC”) is a nonprofit organization dedicated to developing and increasing the facilities of the public health institutions, agencies, and departments of the County. Additionally, RHEC is committed to provide more extensive conduct of studies and research into the causes, nature, and treatment of diseases, disorders, and defects of particular importance to the public health. RHEC’s support comes primarily from investment income. The financial statements of RHEC have been prepared on the accrual basis of accounting. RHEC is exempt from income tax as a not-for-profit corporation under Section 501 (c)(3) of the Internal Revenue Code. The entity has not been receiving funding in recent years. The annual financial report can be obtained by writing Grant Administration, Research for Health in Erie County, Inc., 462 Grider Street, Buffalo, NY 14215.
 - **ECMC Foundation, Inc.** (the “Foundation”), formerly the ECMC Lifeline Foundation, Inc., is a nonprofit organization exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. The Foundation was formed for the purpose of supporting ECMC programs. The annual financial report can be obtained by writing to: Executive Director, ECMC Foundation, Inc., 462 Grider Street, Buffalo, NY 14215.
 - **The Grider Initiative, Inc.** (the “Physician Endowment”) is a nonprofit organization exempt from federal income taxes under Section 501 (c)(3) of the Internal Revenue Code. The Physician Endowment was formed in 2009, and funded in 2010, for the purpose of recruiting physicians who shall practice on the Grider Street campus of ECMCC. The entity was funded with an initial transfer of \$10,000 from ECMCC. Earnings from the investment of the initial transfer may be used only for physician recruitment and reasonable and necessary expenses of the entity. The annual financial report can be obtained by writing to: Chair, The Grider Initiative, Inc., 424 Main Street, Suite 2000, Buffalo, NY 14202.

ECMCC is considered to be a component unit of the County and is discretely presented based on the fact that it is a legally separate entity for which the County is financially accountable. Separate financial statements for ECMCC can be obtained from ECMCC, 462 Grider Street, Buffalo, NY 14215.

- **The Auxiliary Services Corporation of Erie Community College, Inc.** (the “ECC Auxiliary Corporation”), and the **Erie Community College Foundation, Inc.** (the “ECC Foundation”) are both included as discretely presented component units of the County’s primary government based on the fact that they are legally separate entities for which the College and County are financially accountable. They receive or hold economic resources that are significant to, and can be accessed by, the College that are entirely or almost entirely for the direct benefit of its constituents (students).

The purpose of the ECC Auxiliary Corporation, a New York nonprofit corporation, is to promote and cultivate educational and social relations through the operation of bookstores, on-campus dining services, vending facilities, childcare, and student centers for the convenience of the students, faculty and staff of the College. The ECC Auxiliary Corporation is funded through sales of merchandise and food, federal and state grants, and other fees. Separate financial statements can be obtained from the Auxiliary Services Corporation of Erie Community College, Inc., Executive Director, 4041 Southwestern Blvd., Orchard Park, NY 14127.

The ECC Foundation is a New York State nonprofit corporation established to support the College. Its purpose is to raise, receive, and administer all private gifts and program services for the College, its programs, and its students. Separate financial statements can be obtained from Erie Community College Foundation, Inc., Executive Director, 121 Ellicott Street, Buffalo, NY 14203.

Excluded from the Financial Reporting Entity—Although the following are related to the County, they are not included in the County reporting entity:

- **Related Organizations**—County elected officials nominate and confirm the three-member board of the Erie County Water Authority, (“Water Authority”) and also appoint a voting majority of the board of the Buffalo Convention Center Management Corporation (“BCCMC”). The Erie County Industrial Development Agency (“ECIDA”), is a public benefit corporation created to promote and assist private sector industrial/business development thereby advancing job opportunities and economic well-being to the people of Erie County. The County’s accountability for these legally separate organizations does not extend beyond making the board appointments. Specifically, the County cannot impose its will on any of these organizations. In addition, in the case of the Water Authority, no financial operating assistance is provided to, nor is the County liable for, any debt issued by this public benefit corporation. In regard to the not-for-profit BCCMC, the entity and the County are parties to an exchange transaction under which the BCCMC is responsible for operating and managing the area’s convention center. These related organizations are not component units of the County and do not meet the basic criteria for inclusion in the County reporting entity.
- **Joint Ventures:**
 - **Western Regional Off-Track Betting Corporation**—The County is a participant in the Western Regional Off-Track Betting Corporation (“OTB”), a public benefit corporation established under New York State Racing, Pari-Mutuel Wagering and Breeding Law. The OTB conducts within the region a system of off-track pari-mutuel betting on horse races, and distributes net revenues to the participants in accordance with a predetermined formula. Separate financial data for this joint venture has been excluded from the financial statements, consistent with GASB. Additional information about this joint venture is presented in Note 18.

- **Buffalo Erie Niagara Land Improvement Corporation**—The Buffalo Erie Niagara Land Improvement Corporation (“BENLIC”) was organized on June 6, 2012, pursuant to Article 16 of the Not-for-Profit Corporation Law of the State of New York. BENLIC was formed through a joint venture of the County of Erie and Cities of Buffalo, Lackawanna, and Tonawanda. BENLIC was created to confront and alleviate the problems distressed properties cause to communities by supporting municipal and regional revitalization efforts and strategically acquiring, improving, assembling, and selling distressed, vacant, abandoned, and/or tax-delinquent properties. Separate financial data for this joint venture has been excluded from the financial statements, consistent with GASB. Additional information about this joint venture is presented in Note 18.

Basis of Presentation—Government-wide Financial Statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds, while business-type activities incorporate data from the County’s enterprise funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the fiduciary funds are excluded from the government-wide statements.

As discussed earlier, the County has four discretely presented component units, with two major component units being shown in separate columns and two nonmajor component units being aggregated into a single column in the government-wide financial statements.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are interfund services provided and used such as Utilities Aggregation Fund billings to other funds. Eliminations of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Basis of Presentation—Fund Financial Statements

The fund financial statements provide information about the County’s funds, including its fiduciary fund and blended component units. Separate statements for each fund category—governmental, proprietary, and fiduciary—are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental funds and enterprise funds are aggregated and reported as nonmajor funds. Major individual governmental funds are aggregated and reported as nonmajor funds.

The County reports the following major governmental funds:

- *General Fund*—The General Fund is the primary operating fund of the County and is used to account for all financial resources of the general government except those required to be accounted for in other funds.
- *ECFSA General Fund*—The ECFSA General Fund is used to account for all of the operations of the ECFSA, included as a blended component unit. This fund accounts for sales tax revenues received by ECFSA and for general operating expenditures of ECFSA.

The County reports two major enterprise funds:

- *SUNY Erie*—SUNY Erie is a blended component unit of the government, is a locally sponsored, two-year college established for the purpose of providing education services primarily to the residents of the County.
- *ILDC*—The ILDC is a blended component unit of the government, incorporated for the purpose of participating in the acquisition and development of industrial sites and to provide financial assistance for the acquisition or renovation of capital assets by industrial companies locating or expanding within the County.

Additionally, the County reports the following fund type:

- *Fiduciary Funds*—These funds are used to account for assets held by the County in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds. Trust funds account for resources received and disbursements made in accordance with trust agreements or applicable legislative enactments for each particular fund. Fiduciary funds include the *Custodial Fund*. Activities reported in the fiduciary funds include monies from outside entities, controlled and administered by the County for the benefit of others.

During the course of operations the County has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in preparation of the government-wide financial statements. Balances between the funds included in governmental activities are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as transfer in the business-type activities column.

Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as *current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers tax revenues to be available if they are collected within 60 days of the end of the current fiscal period and considers all other revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt services expenditures, as well as expenditures related to claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Property taxes, sales taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). All other revenue items are considered to be measurable and available only when cash is received by the government.

The proprietary funds and fiduciary funds are reported using the *economic resources measurement focus* and the *accrual basis of accounting*.

Budgetary Information

Annual appropriated budgets are adopted and employed for control of the General Fund; the Road, Sewer, Downtown Mall, E-911, and Emergency Response Special Revenue Funds; the Utilities Aggregation Enterprise Fund; and the Debt Service Fund, minimally detailed to the department and account level. These budgets are adopted on a basis consistent with GAAP, except that encumbrances are reported as budgetary expenditures in the year of incurrence of commitment to purchase in the General Fund, the enumerated Special Revenue Funds and the Debt Service Fund. All unencumbered appropriations lapse at the end of the fiscal year. Budgetary comparisons presented in this report are on the budgetary basis and represent the budget as modified. Annual appropriated budgets are not employed for the Grants and Community Development Special Revenue Funds.

Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

Cash, Cash Equivalents and Investments—All highly liquid investments with an original maturity date of three months or less are considered to be cash equivalents. Investments are stated at fair value, the amount at which a financial instrument could be exchanged in a current transaction between willing parties.

Restricted Cash and Cash Equivalents—Restricted cash represents amounts to support restricted fund balance, amounts with constraints placed on their use by either external parties and/or statute, amounts held on behalf of others, and for unspent bond proceeds.

Receivables—Receivables are stated net of estimated allowances for uncollectible amounts. Amounts due from state and federal governments represent amounts owed to the County to reimburse it for expenditures incurred pursuant to state and federally funded programs. All major revenues of the County are considered “susceptible to accrual” under the modified accrual basis. These include property tax, sales tax, State and Federal aid, and various grant program revenues.

Prepaid Items—Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenses/expenditures when consumed rather than when purchased.

Capital Assets—All capital assets which are acquired or constructed for general governmental purposes are reported as expenditures in the fund that finances the asset acquisition and are accounted for and reported in the government-wide financial statements as capital assets, if they meet the County’s capitalization criteria. These statements also contain the County’s infrastructure assets that are required to be capitalized under GAAP. Infrastructure assets include public domain assets such as roads, bridges, and sewer systems. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation. Major outlays for capital assets and improvements are capitalized as projects are constructed. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Equipment with an initial individual cost equal to or greater than \$10,000 and an estimated useful life of three or more years is capitalized. All purchases of library books are capitalized because there is no minimum capitalization threshold.

Property, plant, and equipment of the primary government, as well as the component units, are depreciated using the straight-line method over the following estimated useful lives:

	Estimated Useful Life (Years)
Improvements other than buildings	5-25
Buildings and improvements	15-40
Infrastructure	20-100
Library collections	5-10

The Buffalo and Erie County Public Library has a rare book collection that is classified as a Work of Art and Historical Treasure for financial reporting purposes. This collection is deemed an inexhaustible asset, and therefore, is not depreciated.

When capital assets are retired, or otherwise disposed of, the cost and related accumulated depreciation are removed from the accounts, and any resulting gain or loss is reflected in income for the period in the government-wide statements. Amortization of capital leases is computed using the straight-line method over the lease term or the estimated useful lives of the assets, whichever is shorter. Maintenance and repairs are charged to expense as incurred; significant renewals and betterments are capitalized.

The *capital outlays* character classification is employed only for expenditures reported in the Capital Projects Fund. Routine capital expenditures in the General Fund and other governmental funds are included in the appropriate functional category (for example, the purchase of a new police vehicle included as part of *expenditures—public safety*). At times, amounts reported as *capital outlays* in the Capital Projects Fund will also include non-capitalized, project-related costs (for example, furnishings).

Unearned Revenue—Certain cash receipts have not met the revenue recognition criteria for government-wide or fund financial statement purposes. The County received cash in advance related to grants, but has not performed the services, and therefore recognizes a liability. Included within unearned revenues at December 31, 2021, the County reported \$77,237,021 within the Emergency Response Fund for unspent American Rescue Plan Act funds.

Deferred Outflows/Inflows of Resources—In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. At December 31, 2021, the County's primary government has four items that qualify for reporting in this category. The first item is related to the deferred charge on refunding which results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The second relates to pensions and represents the effect of the net change in the County's proportion of the collective net pension asset or liability, the difference during the measurement periods between the County's contributions and its proportionate share of the total contribution to the pension systems not included in the pension expense, and any contributions to the pension systems made subsequent to the measurement date. The third item represents the effects of the change in the County's proportion of the collective OPEB liability and difference during the measurement period between certain of the employer's contributions and its proportionate share of the total of certain contributions from employers included in the collective OPEB liability. The last item relates to the deferred outflow on ETASC's forward purchase agreement swap relating to the accumulated increase in its fair value.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. At December 31, 2021, the primary government of the County has four items that qualify for reporting in this category. The first item is a deferred gain on refunding, which the County reports within its governmental activities. A deferred gain on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The second item represents the effect of the net change in the County's proportion of the collective net pension liability and the difference during the measurement periods between the County's contributions and its proportionate share of total contributions to the pension system not included in pension expense and is reported on the government-wide statements. The third item represents the effects of the change in the County's proportion of the collective OPEB liability and difference during the measurement period between certain of the employer's contributions and its proportionate share of the total of certain contributions from employers included in the collective OPEB liability and is reported on the government-wide financial statements. The final item, reported within the governmental fund financial statements represents unavailable revenues from property taxes. This amount is deferred and recognized as an inflow of resources in the period that the amount becomes available.

Net Position Flow Assumption—Sometimes the County will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted—net position and unrestricted—net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the County's policy to consider restricted—net position to have been depleted before unrestricted—net position is applied.

Fund Balance Flow Assumption—Sometimes the County will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the County's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Fund Balance Policies—Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The County itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance). The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the County’s highest level of decision-making authority. The Erie County Legislature is the highest level of decision-making authority for the County that can, by adoption of a Legislative Resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to rescind or revise the limitation.

Amounts in the assigned fund balance classification are intended to be used by the County for specific purposes but do not meet the criteria to be classified as committed. The County Legislature authorizes assigned amounts of fund balance. The County Legislature may also assign fund balance when appropriating fund balance to lower a gap between estimated revenue and appropriations in the subsequent year’s appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment.

Revenues and Expenditures/Expenses

Program Revenues—Amounts reported as *program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions (including special assessments) that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues.

Property Tax Revenue Recognition—The County-wide property tax is levied by the County Legislature effective January 1 of the year the taxes are recognizable as revenue. Taxes become a lien on the related property on January 1 of the year for which they are levied. Accordingly, property tax is only recognized as revenue in the year for which the levy is made, and to the extent that such taxes are received within the reporting period or 60 days thereafter in the fund financial statements.

Delinquent property taxes not collected at year-end (excluding collections in the 60-day subsequent period) are recorded as deferred inflow—unavailable revenue in the fund financial statements. The portion of delinquent property taxes for prior years estimated to be uncollectible at December 31, 2021, amounted to \$55,110,694. This amount has been recorded as an allowance against the property taxes receivable account.

Compensated Absences—Most employees are granted vacation, personal, and sick leave and earn compensatory time in varying amounts. When they leave service, employees are entitled to payment for accumulated vacation and unused compensatory time at various rates subject to certain maximum limitations. In addition, depending on the applicable collective bargaining agreement, retirees may be eligible to receive a direct cash payment for a portion of unused sick time upon retirement.

Compensated absences for governmental fund type employees are reported as a liability and expense in the government-wide financial statements. Governmental funds recognize the expenditure when paid. For proprietary fund type employees, the accumulation is recorded as an accrued liability and/or other long-term obligation of the proprietary fund type.

Payment of compensated absences recorded in the government-wide financial statements is dependent upon many factors; therefore, timing of future payment is not readily determinable. However, management believes that sufficient resources will be made available for the payment of compensated absences when such payments become due. Financial information regarding compensated absences is included in Note 13.

Pension Plans—The County is mandated by New York State law to participate in the New York State Teacher’s Retirement System and the New York State Local Employees’ Retirement System. For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the defined benefit pension plan, and changes thereof, have been determined on the same basis as they are reported by the respective defined benefit pension plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. More information regarding pensions is included in Note 8.

Other Postemployment Benefits—In addition to providing pension benefits, the County provides health insurance benefits for retired employees as required by the union contracts. The employees become eligible for these benefits if they reach normal retirement age while working for the County. More information regarding OPEB is included in Note 9.

Proprietary Funds Operating and Nonoperating Revenues and Expenses—Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing educational services and the purchase and resale of utilities in connection with the proprietary fund’s ongoing operations. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses. The principal operating revenues of the College and the ILDC, the County’s major proprietary funds, are charges to students for tuition and fees and administrative fees, respectively. Operating expenses for the College include employee wages and benefits and student scholarships. Operating expenses for the ILDC include supplies and services, depreciation expense, and a transfer to the Erie County Industrial Development Agency.

Other

Estimates—The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of revenues, expenditures/expenses, assets, liabilities, deferred outflows of resources, deferred inflows of resources, and disclosures of contingent assets and liabilities at the date of the financial statements and during the reporting period. Actual results could differ from those estimates.

Statement of Cash Flows—For purposes of reporting cash flows, cash and cash equivalents include the following items: cash on hand; cash in checking and time accounts; and certain short-term items maturing three months or less from the date acquired, as permitted by State statute.

Reclassifications—Certain amounts were reclassified from ECFSA’s financial statements to conform to the County’s reporting presentation. In the ECFSA’s statement of revenue, expenditures, and changes in fund balances, \$41,942,831 representing principal and interest revenue received from the County relating to mirror bonds and a revenue anticipation note purchased by the ECFSA, and \$549,722,331 representing sales tax revenue and other distributions to the County, were reclassified as transfers in and transfers out, respectively.

Adoption of New Accounting Pronouncements—During the year ended December 31, 2021, the County implemented GASB Statements No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*; No. 91, *Conduit Debt Obligations*; No. 92, *Omnibus 2020*; No. 93, *Replacement of Interbank Offered Rates*; No. 97, *Certain Component Unit Criteria*, and *Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans—an amendment of GASB Statements No. 14 and No. 84*, and a suppression of GASB Statement No. 32, and No. 98, *The Annual Comprehensive Financial Report*. GASB Statement No. 89 enhances the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and to simplify accounting for certain interest costs. GASB Statement No. 91 clarifies the existing definition of a conduit debt obligation; establishing that a conduit debt obligation; establishing that a conduit debt obligation is not a

liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures. GASB Statement No. 92 enhances comparability in accounting and financial reporting and improves the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. GASB Statement No. 93 addresses those and other accounting and financial reporting implications that result from the replacement of an interbank offered rate (“IBOR”). GASB Statement No. 97 increases the consistency and comparability related to the reporting of fiduciary units, mitigates costs associated with the reporting of certain defined contribution plans and enhances the relevance, consistency and comparability of the accounting and reporting for Internal Revenue Code Section 457 deferred compensation plans. GASB Statement No. 98 establishes the term annual comprehensive financial report and its acronym ACFR, which replaces the acronym for comprehensive annual financial report. The implementation of GASB Statements No. 89, 91, 92, 93, 97 and 98 did not have a material impact on the County’s financial position or results from operations.

Future Impacts of Accounting Pronouncements—The County has not completed the process of evaluating the impact that will result from adopting GASB Statements No. 87, *Leases*; and No. 99, *Omnibus 2022*, effective for the year ending December 31, 2022, No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*; and No. 96, *Subscription-Based Information Technology Arrangements*, effective for the year ending December 31, 2023, and No. 100, *Accounting Changes and Error Corrections—an amendment of GASB Statement No. 62*; and No. 101, *Compensated Absences*, effective for the year ending December 31, 2024. The County is, therefore, unable to disclose the impact that adopting GASB Statements No. 87, 94, 96, 99, 100, and 101 will have on its financial position and results of operations when such statements are adopted.

Stewardship, Compliance and Accountability

Legal Compliance—Budgets—The County’s annual procedures in establishing the budgetary data reflected in the basic financial statements are as follows:

- In accordance with the County Charter and Administrative Code, no later than October 15, the County Executive submits a tentative operating and capital budget which details proposed expenditures and the proposed means of financing to the Erie County Legislature for the fiscal year commencing the following January 1. The College budget is not included in the County Executive’s tentative budget, since it is separately adopted during the first County legislative meeting in July for the fiscal year commencing September 1.
- After public hearings are conducted to obtain taxpayer comments, the County Legislature (governing board) adopts the budget no later than the second Tuesday in December.
- The County Executive is authorized to make budget transfers within the same administrative unit up to a cumulative total of \$10,000 between accounts or line items. Any proposed transfer which would result in an increase exceeding \$10,000 in any one line item in the budget, as adopted during the fiscal year or would affect any salary rate or salary total, would need prior approval by resolution of the County Legislature. In no instance shall a transfer be made from appropriations for debt service, and no appropriations may be reduced below any amount which is required by law to be appropriated.
- The Emergency Response Special Revenue Fund was established to account for revenues received from the Federal Emergency Management Agency and expenditures associated with the cleanup of major storm damage that occurred in October 2006 and November 2014. This fund also includes activities related to the County’s COVID-19 pandemic response.

- Capital Projects Funds are subject to project budgets determined primarily by the bonding authorizations used to fund a particular project rather than annual budgetary appropriations. These budgets do not lapse at year-end; rather, they lapse upon termination of the project.
- Expenditures within the General, Special Revenue, Utilities Aggregation Enterprise, and the Debt Service funds may not legally exceed the amount appropriated for such accounts within a department. During the year, numerous supplementary appropriations were necessary.

Individual governmental fund comparisons of budgetary and actual data at the legal level of control established by the adopted budget (i.e., minimally the department and account level) are not presented in this report for those funds with annual appropriated budgets due to the excessive detail involved. However, a separate budgetary comparison report is available which contains this information. This report can be obtained from the Erie County Office of the Comptroller, 95 Franklin Street, Room 1100, Buffalo, New York 14202.

Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded for budgetary control purposes to reserve that portion of the applicable appropriations, is employed in all County funds except the Enterprise Funds and the Custodial Fund. Outstanding encumbrances at year end, except for grant-related commitments that are not reported in the financial statements, are presented for GAAP reporting purposes as assignments of fund balances, and do not constitute expenditures or liabilities because the commitments will be honored during the subsequent year. Unencumbered appropriations lapse at fiscal year-end.

The County reports its budgetary status with the actual data including encumbrances as charges against budgeted appropriations. Following is a reconciliation of the budgetary basis (i.e. non-GAAP) and the GAAP basis operating results (dollars in thousands):

	<u>General Fund</u>
Deficiency of revenues and other financing sources under expenditures and other financing uses - GAAP basis	\$ 173,648
Less:	
Encumbrances at December 31, 2021	3,805
Plus:	
Encumbrances at January 1, 2021	<u>6,185</u>
Deficiency of revenues and other financing sources under expenditures and other financing uses - basis of budgeting	<u>\$ 176,028</u>

Budget columns presented in the accompanying financial statements reflect deficiencies of revenues and other financing sources over expenditures and other financing uses. These deficiencies are caused by the anticipated use of prior-year's fund balance, which had been assigned for 2021 expenditures through the budget process. When compared to the final budget, the County overspent on Health by \$1,139 due to unforeseen expenditures for mental health services.

Commitments related directly to the Grants and the Community Development Special Revenue Funds in the amounts of \$15,783,988 and \$4,456,515, respectively, at December 31, 2021, are not reported on the GAAP financial statements. Budget appropriations are not made available for these commitments until grant revenues are recognized at the time of expenditure.

Deficit Net Position—The Governmental Activities reported a total net position deficit of approximately \$706,933,000 at December 31, 2021, resulting primarily from the effect of GASB required recognition of the obligation for other post-employment benefits annually and also from ETASC's net position deficit of \$310,001,836, which is caused by its recognition of bonds payable with no offsetting capital assets.

The College Proprietary Fund reported a total net position deficit of \$186,556,953 that primarily represents the effect of GASB required recognition of other post-employment benefits annually. It is anticipated that this trend will continue.

2. CASH, CASH EQUIVALENTS AND INVESTMENTS

Primary Government, Fiduciary Fund and Library Component Unit

Available cash of the County is deposited and invested in accordance with the County's own written investment guidelines which have been established by the Comptroller's Office, approved by the County Legislature and are in compliance with provisions of applicable State statutes. The ECFSA does not have a formal investment policy.

Custodial Fund bank accounts are maintained at financial institutions where monies of the County's other funds are also on deposit. In addition, the Library does not maintain a separate bank account; instead, it participates in the pooled cash of the County. The banks calculate and report FDIC coverage and collateral requirements for the County's Custodial Fund, the County's other funds and Library together, separately from that of the College.

Interest Rate Risk—As a means of limiting its exposure to fair value losses arising from fluctuating interest rates, it is the County's policy to generally limit investments to municipal bonds or investments of 180 days or less.

Credit Risk—In compliance with New York State law, it is the County's policy to limit its investments to obligations of the United States of America, obligations guaranteed by agencies of the United States of America where the payment of principal and interest are guaranteed by the United States of America, obligations of the State of New York, time deposit accounts and certificates of deposit issued by a bank or trust company located in and authorized to do business in New York State and certain joint or cooperative investment programs.

Custodial Credit Risk—For investments, this is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. A margin of 2% or higher of the market value of purchased securities in repurchase transactions must be maintained and the securities must be held by a third party in the County's name. For deposits, this is the risk that in the event of a bank failure, the County's deposits may not be returned to it. Collateral is required for deposits and certificates of deposit in an amount equal to or greater than the amount of all deposits not covered by federal deposit insurance. Banks can satisfy collateral requirements by furnishing a letter of credit, a surety bond, or by pledging eligible securities as specified in Section 10 of New York State General Municipal Law. New York State Education Law does not require collateral for college checking accounts, unless the Board of Trustees deems it necessary. If collateral is required, it can be in the form of a surety bond or obligations of the United States, the State, or any municipality or college of the State. Certain balances for accounts held in trust are collateralized by the State of New York.

Concentration of Credit Risk—To promote competition in rates and service cost, and to limit the risk of institutional failure, County deposits and investments are placed with multiple institutions. The general rule is not to place more than \$200,000,000 or 50% of the County's total investment portfolio, whichever is less, in overnight investments with any one institution.

Deposits—The County deposits cash into a number of bank accounts. Monies must be deposited in demand, time or NOW accounts or certificates of deposit issued by FDIC-insured commercial banks or trust companies located within the State. Some of the County's accounts are required by various statutes and

borrowing restrictions for specific funds, while the remainder are used for County operating cash and for investment purposes.

As of December 31, 2021 (August 31, 2021 as to the College), the bank deposits of the primary government, Library, and Custodial Fund were either FDIC insured or fully collateralized with securities held by the pledging financial institution's agent in the County's name.

Cash and Cash Equivalents—All highly liquid investments with an original maturity date of three months or less are considered to be cash equivalents. Existing policies require that any underlying securities for repurchase transactions must be only federal obligations. Such obligations are explicitly guaranteed by the U.S. Government and therefore not considered to have credit risk. At December 31, 2021, the fair value of money market accounts was \$119,149,176 which were fully collateralized with securities held by the pledging financial institution's agent in the County's name. In addition, ECFSA has \$24,863,478 in money market accounts at December 31, 2021.

Investments—All investments are carried at fair value and are held by a third party in the County's or ETASC's name. Investments for the primary government at year-end are shown below (dollars in thousands):

	Fair Value
Municipal bonds	\$ 200
Corporate commercial paper	19,611
Total investments	<u>\$ 19,811</u>

The County's investment in municipal bonds at December 31, 2021 consists of \$200,000 of Gulf Coast Waste Disposal Authority of Texas revenue bonds maturing September 1, 2025 that were rated Aaa by Moody's.

ETASC's investment in corporate commercial paper at December 31, 2021 consisted of \$19,610,862 of General Electric Capital Corporation Commercial Paper which was rated P-1 by Moody's.

Fair Value Measurements—The County has adopted GASB No. 72, *Fair Value Measurement and Application*. This guidance requires entities to expand their fair value disclosures by determining major categories of debt and equity securities within the fair value hierarchy on the basis of the nature and risk of the investment. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management utilizes valuation techniques that maximize the use of observable inputs (Level 1 and 2) and minimize the use of unobservable inputs (Level 3) within the fair value hierarchy established by GASB. Assets and liabilities carried at fair value are required to be classified and disclosed in one of the following three categories:

- Level 1 - Valuations based on quoted prices in active markets for identical assets that the County has the ability to access.
- Level 2 - Valuations based on quoted prices in active markets for similar assets, quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.
- Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement. These are generally company generated inputs and are not market-based inputs. The County has no Level 3 assets.

The primary government has the following fair value measurements as of December 31, 2021:

Description	Level 1	Level 2	Level 3	Total
Debt Securities:				
Municipal bonds	\$ 200	\$ -	\$ -	\$ 200
Corporate commercial paper	19,611	-	-	19,611
Total	<u>\$ 19,811</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 19,811</u>

Erie County Medical Center Corporation (“ECMCC”)

The ECMCC maintains various accounts for depositing, disbursing and investing its funds. The ECMCC’s investments are made in accordance with State regulations and its investment guidelines.

Cash and Cash Equivalents—Include cash on hand and monies deposited in checking and money market accounts. Excluding assets whose use is limited, cash and cash equivalents total \$72,425,000 as of December 31, 2021.

Interest Rate Risk—As a means of limiting its exposure to fair value losses arising from fluctuating interest rates, it is the ECMCC’s policy to generally limit investments to maturities of less than one year.

Investments—All investments are carried at fair value, and are categorized as insured or uninsured, and collateralized by securities held by the pledging financial institution in the ECMCC’s name. The ECMCC’s investments and restricted cash and cash equivalents as of December 31, 2021 are shown below (dollars in thousands).

	Fair Value
Money market mutual funds, bank accounts and deposits	\$ 99,298
Marketable equity securities	35,008
Corporate bonds	<u>54,621</u>
Total investments and restricted cash and cash equivalents	
ECMCC primary government	188,927
Foundation Component Unit	2,991
RHEC Component Unit	1,124
Physician Endowment Component Unit	<u>9,923</u>
Total ECMCC investments and restricted cash and cash equivalents	<u>\$ 202,965</u>
	Fair Value
Investments - unrestricted	\$ 21,488
Restricted cash and cash equivalents	<u>181,477</u>
Total	<u>\$ 202,965</u>

Fair Value Measurements—ECMCC primary government has the following fair value measurements as of December 31, 2021 (dollars in thousands):

Description	Level 1	Level 2	Level 3	Total
Investments and assets whose use is limited:				
Cash and cash equivalents	\$ 99,298	\$ -	\$ -	\$ 99,298
Marketable equity securities:

International equities	12,974	-	-	12,974
Short-term fixed income	54,621	-	-	54,621
Total	<u>\$ 188,927</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 188,927</u>

Other Component Units

Erie Community College Foundation, Inc.—The Foundation considers all money market mutual funds and highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents.

Financial instruments that potentially subject the Foundation to off-balance-sheet credit risk include cash and cash equivalents on deposit with financial institutions which were insured for up to \$250,000 by the U.S. Federal Deposit Insurance Corporation. At various times throughout the year ended August 31, 2021 the Foundation's balance in its accounts has exceeded these federally insured limits.

The Foundation uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The Foundation's investments are reported at fair value as follows (dollars in thousands):

	Fair Value	Quoted Market Prices (Level 1)
Fixed income	\$ 2,407	\$ 2,407
Equity securities	4,019	4,019
	<u>\$ 6,426</u>	<u>\$ 6,426</u>

Auxiliary Services Corporation of Erie Community College, Inc.—For the year ended August 31, 2021 the Corporation reported cash, cash equivalents and investments of \$1,537,183 and receivables of \$63,139, as financial assets available for general expenditure that are, without donor or other restrictions limiting their use, within one year of the balance sheet date. The Corporation ensures funds are invested to provide high levels of safety and liquidity, while also looking to maximize yield in a conservative manner. An adequate amount of reserves will be maintained separately from the Corporation's investments, to be able to sustain operations for a three month period.

3. RESTRICTED CASH AND CASH EQUIVALENTS

Primary Government

Restricted Cash and Cash Equivalents—At December 31, 2021 the County reported the following restricted cash and cash equivalents (dollars in thousands):

	<u>Fair Value</u>
Handicapped parking	\$ 156
ECFSA General Fund	976
Emergency response	2,183
Debt service	24,804
Capital expenditures	<u>165,826</u>
Total	<u>\$ 193,945</u>

Erie County Medical Center Corporation (“ECMCC”)

Assets Whose Use is Limited—Assets whose use is limited are reported as restricted cash and cash equivalents at December 31, 2021 and consist of the following (dollars in thousands), as shown below.

	<u>Fair Value</u>
Patient and resident's trust cash	\$ 471
Restricted for debt service principal and interest	12,022
Medical and dental staff funds	863
Designated for retiree health obligations	24,831
Designated for self insurance	38,817
Designated for long-term investment	18,595
Designated for DSRIP program	67,555
NYS voluntary defined contribution plan escrow	47
Foundation Component Unit	2,991
Physicians Endowment Component Unit	9,923
Restricted - insured workers' compensation collateral	<u>5,362</u>
Total	<u>\$ 181,477</u>

4. PROPERTY TAXES

The Countywide property tax is levied by the County upon the taxable real property in the towns and cities in the County in late December of each year at the last meeting of the County Legislature and becomes a lien on the next succeeding January 1. Such taxes are collected by the respective collection officers in each town and in the cities of Lackawanna and Tonawanda until the date established for return of the tax rolls to the County, which can be no later than September 15. For the City of Buffalo, the County collects these taxes from the lien date.

With respect to the cities, the County taxes are due by February 15, and penalties are imposed as follows: 1.5% prior to March 1; 3% prior to March 16; 4.5% prior to April 1; 6% prior to April 16; 7.5% prior to May 1; and 1.5% additional each month thereafter. The cities each levy and collect their city taxes, and the County is not responsible for any unpaid city taxes. The County is responsible only for uncollected County taxes levied in such cities.

With respect to the towns, the countywide property tax is levied by the County together with town property taxes, which include special district, fire district, and highway taxes. In towns of the first class, taxes are due without penalties by February 15. Penalties are 1.5% prior to March 1; 3% prior to March 16; 4.5% prior to April 2; 6% prior to April 16; 7.5% prior to May 1; and 1.5% additional for each month thereafter. In towns of the second class, taxes are due without penalty within ten days after receipt of the tax roll by the respective collection agency. Penalties are 1.5% prior to March 16 unless waived; 7.5% prior to May 1; and 1.5% additional each month thereafter. All towns first retain their share of taxes from collections and remit the balance to the County. The County is responsible for uncollected taxes of all subordinate jurisdictions, except for the three cities.

The County levies taxes for most school districts throughout the County and is responsible for uncollected school district taxes outside the cities of Buffalo, Lackawanna, and Tonawanda.

Additionally, at the option of villages within the County, the County may also be responsible for uncollected village taxes.

Constitutional Tax Limit—The amount that may be raised by the countywide tax levy on real estate in any fiscal year (for purposes other than debt service on County indebtedness) is limited to one and one-half per centum (subject to increase up to two per centum by resolution of the County Legislature) of the five-year average full valuation of taxable real estate of the County, per New York State statutes. On November 13, 1978, a local law became effective which limits the maximum amount of real estate taxes which can be levied other than for debt service to one per centum of such average full valuation of all the taxable real estate within the County.

The County constitutional tax limit (per New York State statutes) for the fiscal year ended December 31, 2021 is computed as follows (dollars in thousands):

Five-year average full valuation of taxable real estate (2017-2021)	<u>\$ 61,883,077</u>
Tax limit @ 1.5%	\$ 928,246
Statutory additions	<u>56,013</u>
Total taxing power	984,259
Total levy	<u>(346,171)</u>
Tax margin	<u>\$ 638,088</u>

5. RECEIVABLES

All major revenues of the County's governmental funds are considered "susceptible to accrual" based on the 60 day rule under the modified accrual basis. These include property tax, sales tax, state and federal aid, and various grant program revenues. The proprietary funds record revenues using the accrual basis of accounting.

Major revenues accrued by the County in the various governmental fund types at December 31, 2021 include real property taxes, interest, penalties and liens of \$145,066,787, net of an allowance for estimated uncollectible property taxes of \$55,110,694; sales and use taxes in the amount of \$60,099,994; state and federal assistance for social services of \$111,741,106; and other state and federal aid (including grants) approximating \$94,362,000.

Receivables at year-end of the County's major individual funds and nonmajor funds in the aggregate, including the applicable allowances for uncollectible accounts, are outlined on the following page (dollars in thousands).

Receivables and due from other governments - Governmental Funds	General Fund	ECFSA General	Other Governmental Funds	Total
Real property taxes, interest, penalties and liens	\$ 145,026	\$ -	\$ 41	\$ 145,067
Sales and use tax	-	60,100	-	60,100
Federal and state assistance for social services programs	111,741	-	-	111,741
Other federal and state aid	63,327	-	31,035	94,362
Other	8,186	-	33,192	41,378
Gross receivables	328,280	60,100	64,268	452,648
Less: allowances for uncollectibles	55,111	-	-	55,111
Total receivables	<u>\$ 273,169</u>	<u>\$ 60,100</u>	<u>\$ 64,268</u>	<u>\$ 397,537</u>

Receivables and due from other governments - Proprietary Funds	College (8/31/21)	ILDC	Utilities Aggregation Fund	Total
Accounts receivable	\$ 20,359	\$ -	\$ -	\$ 20,359
Grant receivable	-	7,653	-	7,653
Other	-	61	1,566	1,627
Gross receivables	20,359	7,714	1,566	29,639
Less: allowances for uncollectibles	15,460	-	-	15,460
Total receivables	<u>\$ 4,899</u>	<u>\$ 7,714</u>	<u>\$ 1,566</u>	<u>\$ 14,179</u>

All Governmental and Proprietary Fund receivables are expected to be collected within one year.

6. CAPITAL ASSETS

Primary Government

Governmental activities—Capital asset activity for governmental activities for fiscal year ended December 31, 2021 follows (dollars in thousands):

	Balance 1/1/2021	Increases	Decreases	Balance 12/31/2021
Capital assets, not being depreciated:				
Land	\$ 34,951	\$ -	\$ -	\$ 34,951
Construction in progress	54,405	31,912	(31,767)	54,550

Total capital assets, net	<u>\$ 28,562</u>	<u>\$ (2,225)</u>	<u>\$ (9)</u>	<u>\$ 26,328</u>

*Capital asset table above presented for the period of September 1, 2020 through August 31, 2021 for the College and for the period of January 1, 2021 through December 31, 2021 for the ILDC.

Depreciation expense for the College was \$2,831,213 for the year ended August 31, 2021. The Utilities Aggregation Fund does not have capital assets.

ILDC's land held for resale is recorded at net realizable value based on the assessment of the fair value of each project. The net realizable value as of December 31, 2021 amounted to \$7,233,513. The ILDC also had capital assets in the amount of \$650 at December 31, 2021 and reported depreciation expense of \$975.

Discretely Presented Component Units

The Buffalo and Erie County Public Library (the "Library")

Capital asset activity for the Library for the year ended December 31, 2021 was as follows (dollars in thousands):

	Balance 1/1/2021	Increases	Decreases	Balance 12/31/2021
Capital assets, not being depreciated:				
Rare book collection	\$ 11,614	\$ 150	\$ -	\$ 11,764
Capital assets, being depreciated:				
Machinery, equipment, and library materials	<u>53,386</u>	<u>2,828</u>	<u>(1,595)</u>	<u>54,619</u>
Less accumulated depreciation for:				
Machinery, equipment, and library materials	<u>(47,658)</u>	<u>(2,599)</u>	<u>1,344</u>	<u>(48,913)</u>
Total capital assets, being depreciated, net	<u>5,728</u>	<u>229</u>	<u>(251)</u>	<u>5,706</u>
Total capital assets, net	<u>\$ 17,342</u>	<u>\$ 379</u>	<u>\$ (251)</u>	<u>\$ 17,470</u>

Depreciation expense for the Library was \$2,599,219 for the year ended December 31, 2021.

Erie County Medical Center Corporation ("ECMCC")

Capital asset activity for ECMCC for the year ended December 31, 2021 was as follows (dollars in thousands):

	Balance 1/1/2021	Increases	Decreases	Balance 12/31/2021
Capital assets, not being depreciated:				
Construction in progress	\$ 18,704	\$ 22,342	\$ (21,347)	\$ 19,699
Total capital assets not being depreciated	<u>18,704</u>	<u>22,342</u>	<u>(21,347)</u>	<u>19,699</u>
Capital assets, being depreciated:				
Land and land improvements	40,455	1,169	-	41,624
Buildings and improvements	528,359	20,016	(662)	547,713
Fixed/major moveable equipment	198,578	4,144	(36,755)	165,967
Total capital assets being depreciated	<u>767,392</u>	<u>25,329</u>	<u>(37,417)</u>	<u>755,304</u>
Less accumulated depreciation	<u>(451,933)</u>	<u>(35,931)</u>	<u>37,248</u>	<u>(450,616)</u>
Total capital assets, being depreciated, net	<u>315,459</u>	<u>(10,602)</u>	<u>(169)</u>	<u>304,688</u>
Total capital assets, net	<u>\$ 334,163</u>	<u>\$ 11,740</u>	<u>\$ (21,516)</u>	<u>\$ 324,387</u>

Depreciation expense for ECMCC was \$35,931,000 for the year ended December 31, 2021.

7. PAYABLES, ACCRUED LIABILITIES AND DUE TO OTHER GOVERNMENTS

Accrued liabilities reported by the governmental funds and proprietary funds at December 31, 2021, were as follows (dollars in thousands):

Accounts and retained percentage payable, accrued liabilities and due to other governments - Governmental Funds	General Fund	ECFSA General	Other Nonmajor Governmental Funds	Total
Accounts payable	\$ 16,712	\$ 49	\$ 10,532	\$ 27,293

8. PENSION PLANS

All tables within this note present dollars in thousands.

Plan Descriptions and Benefits Provided

New York State and Local Employees' Retirement System ("ERS")— The County participates in the ERS, a cost-sharing multiple-employer retirement system (the "System"). ERS provides retirement benefits, as well as death and disability benefits. Obligations of employers and employees to contribute and benefits to employees are governed by the New York State Retirement and Social Security Law ("NYSRSSL"). As set forth in the NYSRSSL, the Comptroller of the State of New York ("Comptroller") serves as sole trustee and administrative head of the ERS. System benefits are established under the provisions of the NYSRSSL. Once a public employer elects to participate in the System, the election is irrevocable. The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment of a State statute. The System is included in the State's financial report as a pension trust fund. That report may be found at www.osc.state.ny.us/retire/publications/index.php or obtained by writing to the New York State and Local Retirement System, 110 State Street, Albany, NY 12244.

The System is noncontributory, except for those employees who joined the ERS after July 27, 1976 who contribute 3% of their salary for the first ten years of membership and employees who joined on or after January 1, 2010, who generally contribute 3.0% to 3.5% of their salary for their entire length of service. Those joining after April 1, 2012 (Tier 6) are required to contribute a percentage ranging from 3% to 6%, based on salary. Under the authority of the NYSRSSL, the Comptroller annually certifies the actuarially determined rates expressly used in computing the employer's contributions based on the salaries paid during the ERS's fiscal year ending March 31.

New York State Teachers' Retirement System ("TRS")— The County participates in the TRS, a cost-sharing multiple-employer retirement system (the "System"). TRS provides retirement benefits as well as death and disability benefits to plan members and beneficiaries as authorized by the Education Law and the NYSRSSL. TRS is governed by a 10 member Board of Trustees. TRS benefits are established under New York State Law. Membership is mandatory and automatic for all full-time teachers, teaching assistants, guidance counselors and administrators employed in New York State Public Schools and BOCES who elect to participate in TRS. Once a public employer elects to participate in TRS, the election is irrevocable. The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment of a State statute. Additional information regarding TRS may be obtained by writing to the New York State Teachers' Retirement System, 10 Corporate Woods Drive, Albany, NY 12211-2395 or by referring to the NYSSTR Annual Comprehensive Financial Report which can be found on TRS's website at www.nysstrs.org.

Pension Liabilities/(Assets), Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions—At December 31, 2021, the County reported the following liabilities/(asset) for its proportionate share of the net pension liability/(asset) for ERS and TRS (dollars in thousands), shown below. The net pension liability/(asset) was measured as of March 31, 2021 for ERS and as of June 30, 2021 for TRS. The total pension liability/(asset) used to calculate the net pension liability/(asset) were determined by actuarial valuations as of April 1, 2020 and June 30, 2020, respectively, with update procedures used to roll forward the total net pension liability/(asset) to the measurement dates. The County's proportion of the net pension liability/(asset) were based on projections of the County's long-term share of contributions to the Systems relative to the projected contributions of all participating members, actuarially determined. This information was provided by the Systems in reports provided to the County and College. For ERS, the Library is under the County's plan. The County determined a percentage allocated to the Library for their portion of the County's net pension liability.

	ERS			TRS
	Governmental Activities	Business-type Activities	Primary Government	Business-type Activities
Measurement date	March 31, 2021	March 31, 2021	March 31, 2021	June 30, 2021
Net pension liability/(asset)	\$ 987	\$ 93	\$ 1,080	\$ (17,554)
County's portion of the Plan's total net pension liability/(asset)	0.992138%	0.093023%	1.085161%	0.101297%

For the year ended December 31, 2021, the County recognized ERS pension expense of \$21,214,983 and \$1,990,774 for governmental activities and business-type activities, respectively. The County recognized TRS pension expense of \$(1,062,974) for business-type activities. The aggregate amount of pension expense for the primary government for ERS and TRS for the year ended December 31, 2021 was \$22,142,783. At December 31, 2021 and August 31, 2021 (as to the College), the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources			
	ERS			TRS
	Governmental Activities	Business-type Activities	Primary Government	Business-type Activities
Differences between expected and actual experiences	\$ 12,050	\$ 1,131	\$ 13,181	\$ 2,419
Changes in assumptions	181,411	17,032	198,443	5,775
Changes in proportion and differences between the County's contributions and proportionate share of contributions	1,766	162	1,928	86
County contributions subsequent to the measurement date	31,510	1,636	33,146	1,365
Total	<u>\$ 226,737</u>	<u>\$ 19,961</u>	<u>\$ 246,698</u>	<u>\$ 9,645</u>

	Deferred Inflows of Resources			
	ERS			TRS
	Governmental Activities	Business-type Activities	Primary Government	Business-type Activities
Differences between expected and actual experiences	\$ -	\$ -	\$ -	\$ 91
Changes in assumptions	3,421	321	3,742	1,022
Net difference between projected and actual earnings on pension plan investments	283,421	26,609	310,030	18,373
Changes in proportion and differences between the County's contributions and proportionate share of contributions	5,248	491	5,739	336
Total	<u>\$ 292,090</u>	<u>\$ 27,421</u>	<u>\$ 319,511</u>	<u>\$ 19,822</u>

The County's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending December 31, 2022 and August 31, 2022 (as to the College).

Other amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in pension expense as shown below.

Year Ending December 31, (*August 31,)	ERS			TRS
	Governmental Activities	Business-type Activities*	Primary Government	Business-type Activities*
2022	\$ (18,261)	\$ (1,715)	\$ (19,976)	\$ (2,322)
2023	(7,125)	(669)	(7,794)	(2,699)
2024	(16,216)	(1,523)	(17,739)	(3,422)
2025	(55,261)	(5,189)	(60,450)	(4,495)
2026	-	-	-	817
Thereafter	-	-	-	579

Actuarial Assumptions—The total pension liability as of the measurement date was determined by using actuarial valuations as noted in the table below, with update procedures used to roll forward the total pension liability to the respective measurement dates. The actuarial valuations used the actuarial assumptions presented below:

	ERS	TRS
Measurement date	March 31, 2021	June 30, 2021
Actuarial valuation date	April 1, 2020	June 30, 2020
Interest rate	5.9%	6.95%
Salary scale	4.4%	1.95%-5.18%
Decrement tables	April 1, 2015- March 31, 2020	July 1, 2015- June 30, 2020
Inflation rate	2.7%	2.4%
Cost-of-living adjustment	1.4%	1.4%

For TRS, annuitant mortality rates are based on July 1, 2015 – June 30, 2020 System experience with adjustments for mortality improvements based on the Society of Actuaries Scale MP2020, applied on a generational basis. For ERS, annuitant mortality rates are based on April 1, 2015 – March 31, 2020 System's experience with adjustments for mortality improvements based on the Society of Actuaries' Scale MP-2020.

For TRS, the actuarial assumptions used in the June 30, 2020 valuation are based on the results of an actuarial experience study for the period July 1, 2015 – June 30, 2020. For ERS, the actuarial assumptions used in the April 1, 2020 valuation are based on the results of an actuarial experience study for the period April 1, 2015 – March 31, 2020.

The long-term rate of return on pension plan investments was determined using a building block method in which the best estimate ranges of expected future real rates of return (expected returns net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by each the target asset allocation percentage and by adding expected inflation. Best estimates of the arithmetic real rates of return for each major asset class included in the target asset allocation are summarized in the table on the following page.

Measurement date	Target Allocation		Long-Term Expected Real Rate of Return	
	TRS	ERS	TRS	ERS
			June 30, 2021	March 31, 2021
Asset class:				
Domestic equities	33.0 %	32.0 %	6.8 %	4.1 %
International equities	16.0	15.0	7.6	6.3
Global equities	4.0	0.0	7.1	0.0
Private equity	8.0	10.0	10.0	6.8
Real estate	11.0	9.0	6.5	5.0
Absolute return strategies	0.0	4.0	0.0	3.6
Domestic fixed income securities	16.0	0.0	1.3	0.0
Global fixed income securities	2.0	0.0	0.8	0.0
High-yield fixed income securities	1.0	0.0	0.0	0.0
Opportunistic portfolio	0.0	3.0	0.0	4.5
Private debt	1.0	0.0	5.9	0.0
Real assets	0.0	3.0	3.8	6.0
Bonds and mortgages	7.0	23.0	3.3	0.0
Cash	1.0	1.0	(0.2)	0.5
Total	<u>100.0 %</u>	<u>100.0 %</u>		

Discount Rate—The discount rate used to calculate the total pension liability/(asset) was 6.95% for TRS and 5.90% for ERS. The projection of cash flows used to determine the discount rate assumes that the contributions from plan members will be made at the current contribution rates and that contributions from employers will be made at statutorily required rates, actuarially. Based upon the assumptions, the Systems' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability/(asset).

Sensitivity of the Proportionate Share of the Net Pension Liability/(Asset) to the Discount Rate Assumption—The chart on the following page presents the County's proportionate share of the net pension liability/(asset) calculated using the discount rate of 6.95% for TRS and 5.90% for ERS, as well as what the County's proportionate share of the net pension liability/(asset) would be if it were calculated using a discount rate that is one percentage-point lower (5.95% for TRS and 4.90% for ERS) or one percentage-point higher (7.95% for TRS and 6.90% for ERS) than the current assumption.

ERS	1% Decrease (4.90%)	Current Assumption (5.90%)	1% Increase (6.90%)
Governmental Activities:			
Employer's proportionate share of the net pension liability/(asset)	\$ 273,633	\$ 987	\$ (250,458)
Business-type Activities:			
Employer's proportionate share of the net pension liability/(asset)	\$ 25,710	\$ 93	\$ (23,532)
Primary Government:			
Employer's proportionate share of the net pension liability/(asset)	\$ 299,343	\$ 1,080	\$ (273,990)
TRS	1% Decrease (5.95%)	Current Assumption (6.95%)	1% Increase (7.95%)
Business-type Activities (College):			
Employer's proportionate share of the net pension liability/(asset)	\$ (1,842)	\$ (17,554)	\$ (30,758)

Pension Plan Fiduciary Net Position—The components of the current-year net pension liability/(asset) of the employers as of the respective valuation dates, were as follows:

	TRS	ERS
Valuation date	June 30, 2020	April 1, 2020
Employers' total pension liability	\$ 130,819,415	\$ 220,680,157
Plan fiduciary net position	148,148,457	220,580,583
Employers' net pension liability/(asset)	\$ (17,329,042)	\$ 99,574
System fiduciary net position as a percentage of total pension liability/(asset)	113.2%	100.0%

Payables to the Pension Plan—For TRS, employer and employee contributions for the fiscal year ended August 31, 2021 are paid to the System in September, October and November 2021. Accrued retirement contributions as of August 31, 2021 represent employee and employer contributions for the fiscal year ended August 31, 2021 based on paid TRS wages multiplied by the employer's contribution rate, by tier, and employee contributions for the fiscal year as reported to the TRS System. The College reports accrued retirement contributions as of August 31, 2021 of \$1,936,523.

For ERS, employer contributions are paid annually based on the System's fiscal year which ends of March 31st. Accrued retirement contributions as of August 31, 2021 represent the projected employer contribution for the period of April 1, 2021 through August 31, 2021 based on paid ERS wages multiplied by the employer's contribution rate, by tier. The College reports accrued retirement contributions as of August 31, 2021 of \$2,065,712.

Defined Contribution Plan

Teachers' Insurance and Annuity Association – College Retirement Equities Fund

Plan Description—TIAA/CREF is a college Optional Retirement Program (“ORP”) and offers benefits through annuity contracts. The TIAA/CREF issues a publicly available financial report that contains financial statements and required supplementary information for the System. The Report may be obtained by writing to the Teachers' Insurance and Annuity Association – College Retirement Equities Fund, 730 Third Avenue, New York, New York, 10017.

Funding Policy—TIAA/CREF provides benefits through annuity contracts and provides retirement and death benefits to those employees who elected to participate in the ORP. Benefits are determined by the amount of individual accumulations and the retirement income option selected. All benefits generally vest after the completion of one year of service if the employee is retained thereafter. TIAA/CREF is contributory for employees who joined after July 27, 1976, who contribute 3 percent (3.0%) of their salary. For employees enrolled after July 27, 1992, the College contributes 8 percent (8.0%) of salary for the first seven years of employment and 10 percent (10.0%) of salary thereafter. For employees enrolled between July 27, 1976 and July 17, 1992, the College contributes 9 percent (9.0%) of the first \$16,500 in salary and 12 percent (12.0%) thereafter. Those joining after April 1, 2013 contribute a percentage ranging from 3 percent (3.0%) to 6 percent (6.0%), based on salary for their entire length of service. Employee contributions are deducted from their salaries and remitted on a current basis to TIAA/CREF.

The College's contributions to TIAA/CREF for the most recent three fiscal years are as follows:

<u>Year Ended August 31,</u>	<u>Employer Contributions</u>	<u>Employee Contributions</u>
2021	\$ 1,456,391	\$ 59,140
2020	1,904,697	70,584
2019	1,823,662	106,630

The College's contribution made to the TIAA/CREF was equal to 100 percent of the contributions required for each year.

9. OTHER POSTEMPLOYMENT BENEFITS (“OPEB”) OBLIGATION

All tables within this note present dollars in thousands.

Plan Description—The County provides continuation of medical insurance coverage to employees if they have been continuously employed by the County for the equivalent of at least five years at the time of retirement through a single employer defined benefit plan. The obligation of the County to contribute to the cost of these benefits has been established pursuant to legislative resolution and various collective bargaining agreements. The retiree and his or her beneficiaries receive this coverage for the life of the retiree. Healthcare benefits for non-union employees are similar to those of union employees. The retiree's share of premium costs in most instances range from 0% to 50% depending on the employee group, length of service and year of retirement.

Employees Covered by Benefit Terms—At January 1, 2020, the valuation date, the following employees were covered by the benefit terms:

	Governmental Activities	Business-type Activities
Active employees	4,047	748
Inactive employees or beneficiaries currently receiving benefit payments	3,863	413
Total	7,910	1,161

Under GASB Statement No. 75, the total OPEB liability represents the sum of expected future benefit payments which may be attributed to past service (or “earned”), discounted to the end of the fiscal year using the current discount rate. The total OPEB liability is analogous to the Unfunded Actuarial Accrued Liability (“UAAL”) under GASB Statement No. 45.

Total OPEB Liability—The County’s governmental activities and business-type activities total OPEB liabilities of \$1,342,064,921 and \$219,562,931, respectively, were measured as of December 31, 2020, and were determined by actuarial valuations as of January 1, 2020.

Actuarial Methods and Assumptions—Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. Projections of benefits for financial reporting purposes are based on the types of benefits provided under the terms of the substantive plan (the plan as understood by the employer and the plan members) and on the historical pattern of cost sharing between the employer and plan members at that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. Included coverages are “experience-rated” and annual premiums for experience-rated coverages were used as a proxy for claims costs with age adjustments for pre-65 and post-65 participants.

In the January 1, 2020 actuarial valuation, the liabilities were computed using the entry age normal actuarial cost method, over a level percent of pay was used. The actuarial assumptions utilized an inflation rate of 2.25%. The single discount rate changed from 2.75% effective January 1, 2020 to 2.00% effective December 31, 2020 which is based on the projected long-term earning rate of the assets expected to be available to pay benefits. Because the County does not currently segregate funding for these benefits, the rate selected is the expected return on the County’s assets. The expected rate of compensation increase was assumed to be 1.50%. The valuation assumes healthcare cost trends as follows: pre-65 medical, 7.00%; post-65 medical, 4.50% and prescription, 7.00%. Healthcare trends are reduced by decrements to reach a rate of 3.78% in 2075.

Medical Reimbursements—The County’s Medicare Part D prescription drug subsidy, which reduces the cost of retiree healthcare premiums, is accrued as revenue only in the current year. Projected subsidies for future years cannot be recognized as a reduction to the actuarial accrued liability.

Business-type activities— In the January 1, 2020 actuarial valuation, the entry age normal actuarial cost method, over a level percent of pay was used. The single discount rate changed from 2.75% effective January 1, 2020 to 2.00% effective December 31, 2020. The salary scale assumed to increase at 2.25% per year. The sex-distinct and job category-specific headcount weighted Pub-2010 Public Retirement Plans Mortality Tables for employees and healthy retirees, adjusted for mortality improvements with scale MP-2020 mortality improvement scale on a generational basis were used for mortality rates. In order to estimate the change in the cost of healthcare, the actuaries initial healthcare cost trend rate used is 7.00% while the

ultimate healthcare cost trend rate is 3.78%. An inflation rate of 2.25% was assumed for developing the rate of increase in healthcare costs.

Changes in the Total OPEB Liability—The following table presents the changes to the total OPEB liability during the fiscal year, by source:

	Total OPEB Liability		
	Governmental Activities	Business-type Activities*	Primary Government
Balance at December 31, 2020 (August 31, 2020*)	\$ 1,155,047	\$ 190,248	\$ 1,345,295
Changes for the year:			
Service cost	25,279	5,605	30,884
Interest	32,016	5,319	37,335
Changes of assumptions	161,270	23,214	184,484
Differences between expected and actual experience	704	74	778
Benefit payments	(32,250)	(4,897)	(37,147)
Net changes	187,019	29,315	216,334
Balance at December 31, 2021 (August 31, 2021*)	\$ 1,342,066	\$ 219,563	\$ 1,561,629

Sensitivity of the Total OPEB Liability to the Change in the Discount Rate and Healthcare Cost Trend Rate—The discount rate assumption can have an impact on the total OPEB liability. The following table presents the effect a 1% change in the discount rate assumption would have on the total OPEB liability:

	1% Decrease (1.00%)	Current Discount Rate (2.00%)	1% Increase (3.00%)
Governmental activities:			
Total OPEB liability	\$ 1,574,211	\$ 1,342,066	\$ 1,112,449
Business-type activities:			
Total OPEB liability	\$ 251,441	\$ 219,563	\$ 182,608
Primary Government:			
Total OPEB liability	\$ 1,825,652	\$ 1,561,629	\$ 1,295,057

Additionally, healthcare costs can be subject to considerable volatility over time. The following table presents the effect on the OPEB liability of a 1% change in the initial (7.00%)/ultimate (3.78%) healthcare cost trend rates.

	1% Decrease (6.0%/2.78%)	Healthcare Cost Trend Rates (7.0%/3.78%)	1% Increase (8.0%/4.78%)
Governmental activities:			
Total OPEB liability	\$ 1,098,155	\$ 1,342,066	\$ 1,599,678
Business-type activities:			
Total OPEB liability	\$ 180,072	\$ 219,563	\$ 255,566
Primary Government:			
Total OPEB liability	\$ 1,278,227	\$ 1,561,629	\$ 1,855,244

Funding Policy—Governmental activities—Authorization for the County to pay all, a portion, or none of retiree health insurance premiums was enacted by resolution of the Legislature or through union contracts, which are ratified by the Legislature. Retirees hired on or prior to August 7, 2014 with fifteen or more years' service and retire on or prior to December 31, 2021 will have 100% of their retiree health insurance premium paid by Erie County. Retirees hired on or prior to August 7, 2014 with less than fifteen years' service and retire on or prior to December 31, 2021 will pay an adjusted percentage based on years of service per the ratified contract. Retirees hired on or prior to August 7, 2014 and retire after January 1, 2021 will have 95% of their retiree health insurance paid by the County. The County has no contribution requirement for employees hired after August 7, 2014. The County currently pays for governmental activities post-employment health care benefits on pay-as-you-go basis, primarily from the General Fund (86%). The remainder is allocated to Road, Sewer, E-911, Grants and Community Development Special Revenue Funds. These financial statements assume that pay-as-you-go funding will continue. The County contributed \$32,249,710 for the year ended December 31, 2021 and recognized an OPEB expense of \$47,047,953.

Funding Policy—Business-type activities—Authorization for the College to pay a portion, or all, of retiree health insurance premiums was enacted by resolution of the Board of Trustees or through union contracts, which are ratified by the Board. Retirees responsible for a portion of their health insurance premiums pay based on one of two scenarios. Employees who retired prior to January 1, 2003, pay approximately 50% of health insurance costs while the College pays the remainder. Individuals who retired on or after January 1, 2003 pay between 0% and 25% of premiums based on the amount of sick leave the retiree has banked as of their retirement date. The remainder of the retirees make no contribution and the College pays 100% of premiums. The College recognizes the cost of providing these benefits by expensing the annual insurance premiums when invoiced by the County or by the health insurance provider. The College contributed \$4,897,632 for the year ended August 31, 2021 and recognized an OPEB expense of \$8,193,054.

The aggregate amount of OPEB expense for the primary government for the year ended December 31, 2021 (August 31, 2021 to the College) was \$55,241,007.

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB—The County reports deferred outflows of resources and deferred inflows of resources due to differences during the measurement period between the employer's contributions and its proportionate share of the total of certain contributions from employers included in the collective total OPEB liability. The table below presents the County's deferred outflows of resources and deferred inflows of resources for governmental activities and business-type activities at December 31, 2021 and August 31, 2021, respectively.

	Deferred Outflows of Resources			Deferred Inflows of Resources		
	Governmental Activities	Business-type Activities	Primary Government	Governmental Activities	Business-type Activities	Primary Government
Differences between expected and actual experience	\$ 2,463	\$ 1,210	\$ 3,673	\$ 217,955	\$ 39,172	\$ 257,127
Changes of assumptions	281,430	46,056	327,486	85,302	12,829	98,131
Benefit payments subsequent to the measurement date	35,142	3,492	38,634	-	-	-
Total	<u>\$ 319,035</u>	<u>\$ 50,758</u>	<u>\$ 369,793</u>	<u>\$ 303,257</u>	<u>\$ 52,001</u>	<u>\$ 355,258</u>

County contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ending December 31, 2022 and August 31, 2022 for governmental and business-type activities, respectively. Other amounts reported as deferred outflows and deferred inflows of related to OPEB will be recognized in OPEB expense as follows:

Year ending December 31, (*August 31)	Governmental Activities	Business-type Activities*	Primary Government
2022	\$ (10,246)	\$ (2,731)	\$ (12,977)
2023	(10,249)	(3,023)	(13,272)
2024	(27,252)	(1,445)	(28,697)
2025	(6,017)	(3,517)	(9,534)
2026	21,480	5,981	27,461
Thereafter	12,920	-	12,920

10. CONSTRUCTION AND OTHER COMMITMENTS

Construction Commitments—The County has a number of active construction projects at December 31, 2020. The amounts spent to date and remaining commitments (encumbrances) presented by major project groupings are as follows (dollars in thousands):

Capital Projects Fund	Spent-to-date	Construction Commitments
General Government Buildings, Equipment, and Improvements	\$ 470	\$ 1,470
Highways, Roads, Bridges and Equipment	110	1,631
Sewers, Facilities, Equipment		
Total	<u>\$ 580</u>	<u>\$ 3,101</u>

Operating Leases—Operating lease obligations are primarily for rental of space and equipment. Lease expenditures/expenses for the year were approximately \$10,415,171 for the primary government and approximately \$6,313,000 for the ECMCC component unit. The future minimum rental payments required by the primary government and ECMCC for noncancelable operating leases are as follows (dollars in thousands):

Fiscal Year Ending December 31,	Primary Government	ECMCC Component Unit
2022	\$ 7,290	\$ 6,809
2023	6,372	5,992
2024	4,349	4,196
2025	3,319	3,347
2026	2,665	1,798
2027-2031	-	7,549
Total	<u>\$ 23,995</u>	<u>\$ 29,691</u>

11. RISK MANAGEMENT

Insurance—The County assumes the liability for most risk including, but not limited to, property damage, personal injury liability, medical malpractice, and workers' compensation. Asserted and incurred but not reported judgments and claims are recorded when it is probable that an asset has been impaired or a liability has been incurred and the amount of loss can be reasonably estimated. Such recording is consistent with the requirements of GAAP. Governmental fund type estimated current contingent loss liabilities for

property damage, personal injury liability, medical malpractice, and workers' compensation are reported within governmental activities in the government-wide financial statements.

Loss contingency liabilities arising from operations of the College are recorded in accordance with GASB by the County and are reported in full within governmental activities in the government-wide financial statements and in the General Fund when payment is due. They are only recognized as a College liability when invoiced from the County.

Self-Insurance Programs—The County is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; business interruption; errors or omissions; injuries to employees; and natural disasters. The County assumes the liability for risks relating to property damage, personal injury liability, medical malpractice and workers' compensation. The County has also elected to purchase some minor policies from commercial insurers to provide for items such as comprehensive crime and boiler/machinery coverage, as well as protection of valuable papers and records; settled claims have not exceeded commercial coverage in any of the past three fiscal years.

Judgments and claims are recognized as liabilities in the government-wide financial statements when it is probable that an asset has been impaired or a liability has been incurred and the amount of the loss can be reasonably estimated. These liabilities include an estimate of claims that have been incurred but not reported, and the effects of both specific, incremental claims adjustment expenditures/expenses and estimated recoveries on unsettled claims, if any. Judgments and claims reportable as part of the County's governmental type fund activities are recognized as expenditures and liabilities in the General Fund when payment is due.

The County Attorney is responsible for analyzing the County's judgments and claims and providing an opinion regarding the County's ability to cover its liabilities in the self-insurance programs. Based on this analysis, judgments and claims of \$48,813,679 were recorded as governmental activities long-term liabilities at December 31, 2021.

In addition, the County has claims in the range of \$485,000 to \$219,416,900 for which there is a reasonable possibility of a future loss. No accrual has been recorded for such possible losses as of December 31, 2021.

The amounts and classifications of the judgments and claims noted above are based upon information and opinions from the County Attorney.

The changes since December 31, 2018 in the County's judgment and claims liability for risk financing activities were as follows (dollars in thousands):

Year Ended December 31,	Liability, Beginning of Year	Claims and Adjustments	Claim Payments	Liability, End of Year
2021	\$ 51,268	\$ 5,923	\$ 8,377	\$ 48,814
2020	52,576	7,640	8,948	51,268
2019	52,844	9,307	9,575	52,576

Erie County Medical Center Corporation ("ECMCC")

Losses from asserted and unasserted claims identified under ECMCC's incident reporting system are accrued based on actuarial estimates that incorporate ECMCC's past experience, the nature of each claim or incident, relevant trend factors, and estimated recoveries on unsettled claims. Approximately \$28,159,000 has been accrued at December 31, 2021, discounted at 2.00% and included as liabilities in the accompanying statement of net position. ECMCC has recorded liabilities of approximately \$28,374,000 for workers' compensation related exposure, discounted at 1.75%. Effective April 1, 2016, ECMCC became self-insured for workers' compensation through a combination of self-insurance and a high-deductible plan.

12. SHORT-TERM DEBT

Short-term debt of the County may include revenue, tax, and/or bond anticipation notes. These notes are reported as a fund liability in the fund receiving the proceeds in accordance with the criteria set forth in GASB Statement No. 62.

The following is a summary of changes in the County's short-term debt for the year ended December 31, 2021 (dollars in thousands):

Description	Interest Rate	Balance 1/1/2021	Increases	Decreases	Balance 12/31/2021
Revenue anticipation note ("RAN")	3.00%	\$ 125,000	\$ -	\$ 125,000	\$ -
Total		<u>\$ 125,000</u>	<u>\$ -</u>	<u>\$ 125,000</u>	<u>\$ -</u>

13. LONG-TERM DEBT

Bonded Indebtedness

Bonded indebtedness is reported in the government-wide financial statements.

On December 15, 2021, the County issued \$24,395,000 in Series 2021A, and \$1,260,000 in Series 2021B general obligation serial bonds, all of which were issued for governmental activities. The serial bonds were issued at a premium of \$5,959,870 and at an interest rate of 3.0 percent to 5.0 percent. Principal payments on the bonds begin September 15, 2022 and will be fully matured on September 15, 2036.

On November 1, 2021, the County issued \$10,185,000 in 2021 New York State Environmental Facilities Corporation ("EFC") refunding bonds, which partially refunded the previously issued 2010C EFC bond series. The interest on the refunding bonds ranges from 3.3 percent to 4.9 percent. The County deposited \$10,185,000 with an escrow agent and as a result, the portions of the original bonds are considered refunded and the liability of these bonds, \$10,185,000, has been removed from the financial statements. The economic gain on this refunding resulted in \$1,531,356 in savings.

Under current law, provision is made for contract creditors, including bondholders and noteholders of the County to enforce payments upon such contracts, if necessary, through court action, although the present statute limits interest on the amount adjudged due to creditors to nine per centum per annum from the date due to the date of payment.

The table as shown on the following page is a summary of bond transactions of the County for the year ended December 31, 2021 (dollars in thousands).

Erie Tobacco Asset Securitization Corporation (“ETASC”)

In 2000, ETASC issued \$246,325,000 of tobacco settlement asset-backed bonds, Series 2000, pursuant to an indenture dated as of September 1, 2000. The \$246,325,000 bond issuance was comprised of \$196,985,000 tobacco settlement asset-backed bonds Series 2000A and \$49,340,000 tobacco settlement asset-backed bonds Series 2000B. The net proceeds of the Series 2000 Bonds were used to purchase from the County all of the County’s right, title, and interest to TSR to which the County would otherwise be entitled under the MSA and the Decree.

On August 15, 2005, ETASC issued \$318,834,680 in tobacco settlement asset-backed bonds (Series 2005A, E) and capital appreciation bonds (“CABs”) (Series 2005B, C, D), with interest rates ranging from 5.00% to 6.75% to advance refund \$239,060,000 of outstanding Series 2000 Bonds bearing interest rates ranging from 5.0% to 6.5% originally issued in 2000. The net proceeds amounted to \$305,330,026 after original issuance discount and payment of \$13,504,654 for underwriting fees, insurance, and other issuance costs, of which \$267,037,311 was used to fund an irrevocable trust to defease the remaining original bonds. This transaction enabled ETASC to release \$55,231,709 in previously restricted funds for debt service and trapping events to the County.

On September 15, 2005, ETASC entered into an agreement with the bondholders to replace the government securities in the irrevocable trust with government agency securities. This transaction generated a savings of \$2,802,806. Of this, \$1,331,893 was transferred to the County and the remainder less costs of sale was paid to the bondholders for their concessions. During 2010, the bonds were called and the balance in the irrevocable trust was used to satisfy all required debt payments.

On January 5, 2006, ETASC issued \$17,694,720 of tobacco settlement asset-backed CABs, Series 2006A, with an interest rate of 7.65%. ETASC entered into a purchase and sale agreement with the County on January 1, 2006, in which ETASC purchased the County’s sole undivided beneficial interest in and to the trust established by ETASC pursuant to the Declaration and Agreement of Trust dated September 1, 2000, between ETASC and the Wilmington Trust Company (“2000 Residential Trust”), in its capacity as trustee, including the County’s right to receive residual tobacco settlement revenues payable to the County, as sole beneficiary of the 2000 Residential Trust. The net proceeds of \$15,638,465 were transferred to the County.

The payment of the Series 2005 and Series 2006 Bonds is dependent on the receipt of TSRs. The amount of TSRs actually collected is dependent on many factors, including cigarette consumption and the continued operations of the OPMs. Such bonds are secured by and payable solely from TSRs and investment earnings pledged under the Indenture and amounts established and held in accordance with the Indenture. ETASC has no financial assets other than the collections and reserves and amounts held in the other funds and accounts established under the Bond Indenture.

ETASC has covenanted to apply 100% of funds not used to make principal and interest payments, if any, in the turbo redemption account to the special mandatory redemption (“Turbo Redemption”) of the authorized denominations of the Series 2005 Bonds in order of maturity and then to the Series 2006A Bonds to the extent that there exists excess funds. Any such surplus revenues shall be applied on each distribution date beginning on June 1, 2006.

Interest on the Series 2005A and E bonds are payable each June 1 and December 1. The 2005 Series B, C, and D and the Series 2006A are subordinate CABs and accrete interest throughout the life of the bonds but is payable at redemption. Series 2005B, C, and D CABs were subject to redemption at the option of ETASC beginning in years after 2016. The Series 2006A CABs were subject to redemption after May 31, 2017.

June 1, 2060

Changes in ETASC bonded indebtedness for the year ended December 31, 2021 were as follows (dollars in thousands):

	Tobacco Settlement Bonds	Subordinate CABs	Total
Bonds payable at January 1, 2021	\$ 226,635	\$ 138,570	\$ 365,205
Principal payments during 2021	(7,050)	-	(7,050)
Annual net interest accretion	-	9,637	9,637
Bonds payable at December 31, 2021	<u>\$ 219,585</u>	<u>\$ 148,207</u>	<u>\$ 367,792</u>

The ETASC's debt service requirements for the Series 2005A and 2005E as of December 31, 2021 are as follows (dollars in thousands):

Year Ending December 31,	Principal	Interest	Total
2022	\$ -	\$ 11,010	\$ 11,010
2023	-	11,010	11,010
2024	-	11,010	11,010
2025	-	11,010	11,010
2026	-	11,010	11,010
2027-2031	33,420	53,644	87,064
2032-2036	-	46,541	46,541
2037-2041	74,685	33,471	108,156
2042-2045	111,480	19,509	130,989
Total	<u>\$ 219,585</u>	<u>\$ 208,215</u>	<u>\$ 427,800</u>

Amortization of Bond Premiums and Discounts—The total unamortized discount as of December 31, 2021 was \$10,371,459. The County's governmental funds report the effect of premiums when the debt is first issued, whereas these amounts are deferred and amortized within governmental activities. The total unamortized premium as of December 31, 2021 was \$57,031,289. ETASC issued serial bonds and CABs which included a bond discount. The discounts are being amortized using the effective interest rate and straight-line methods over the life of the bonds, with maturity dates ranging from 2028 to 2060.

Erie County Medical Center Corporation ("ECMCC")

Bonds Payable—The following is a summary of long-term bonded debt at December 31, 2021:

Erie County—Guaranteed Senior Revenue Bonds, Series 2004 (interest of 4.1% to 5.7%)	<u>\$ 65,080</u>
----------------------------------------------------------------------------------------	------------------

The Series 2004 bonds are secured by a pledge of the gross receipts of ECMCC and amounts on deposit in certain debt service reserve funds. To the extent that the debt service reserve funds fall below their requirements, the County has agreed to restore such accounts to their requirement.

Pursuant to a Guaranty Agreement, the County has unconditionally guaranteed to ECMCC the punctual payment of the principal, interest and redemption premium, if any, on the Series 2004 Bonds, as the same shall become due and payable, and has pledged the faith and credit of the County for the performance of such guaranty. A municipal bond insurance policy has been purchased by ECMCC to guarantee all debt service payments in case of default by ECMCC and the County.

The Series 2004 Bonds require ECMCC to make monthly payments to certain debt service accounts for the semiannual payment of interest and the annual payment of principal (principal payments commenced November 1, 2009).

Other Long-Term Liabilities

Retirement Liabilities—The College’s total liability relating to retirement is \$4,053,963 as of August 31, 2021. Of this, \$3,780,876 is recorded in current liabilities as of August 31, 2021, and \$273,087 is recorded as noncurrent liabilities as of August 31, 2021.

Compensated Absences—The value recorded in the government-wide financial statements for compensated absences at December 31, 2021, for governmental activities is \$28,403,140 classified as a long-term liability in the accompanying financial statements, which includes \$14,156,683 due within one year. The following governmental funds have been used in prior years to liquidate this liability: General Fund and the Road, Sewer, E-911, Grants and Community Development Special Revenue Funds.

Compensated absences of \$5,041,931 have been reported for business-type activities, classified as fringe benefits payable, on the fund financial statements, which includes \$400,000 due within one year.

Compensated absences of the Library component unit totaling \$1,912,492 have been reported as a long-term liability, which includes \$1,013,481 due within one year. Compensated absences of the ECMCC component unit totaling approximately \$14,665,000 have been reported as an accrued liability.

Judgments and Claims—As explained in Note 11, the County is self-insured. Liabilities are established for workers’ compensation, general and malpractice claims in accordance with GAAP. Estimated long-term contingent loss liabilities of governmental fund types total \$48,813,679 and have been reported as long-term liabilities in the government-wide financial statements.

Also, as further explained in Note 11, ECMCC is self-insured and has recorded approximately \$28,159,000 and \$28,374,000 for the long-term portions of medical malpractice and workers’ compensation liability related exposures, respectively.

OPEB Obligation—As discussed in Note 9, the County’s net OPEB obligation at December 31, 2021 is estimated to be \$1,342,064,921 and \$219,562,931 for governmental activities and business-type activities, respectively.

Net Pension Liability—The County reports a liability for its proportionate share of the net pension liability for the Employees’ Retirement System. The net pension liability is estimated to be \$986,639 and \$92,627 in the governmental activities and business-type activities, respectively. Refer to Note 8 for additional information related to the County’s net pension liability.

Accrued Derivative Liability (“ETASC”)—At December 31, 2021, ETASC reported deferred outflows of resources in the amounts of \$13,604,416 on the government-wide financial statements, relating to the accumulated increase in fair value of its forward purchase agreement swap.

Summary of Changes in Long-Term Liabilities

A summary of the County's long-term debt at December 31, 2021 follows:

	Balance 1/1/2021	Additions	Reductions	Balance 12/31/2021	Due Within One Year
Governmental activities:					
Serial bonds	\$ 508,932	\$ 35,840	\$ (58,989)	\$ 485,783	\$ 54,909
Unamortized bond premiums	59,743	5,960	(8,672)	57,031	-
ETASC bonds payable-net	354,718	9,637	(6,935)	357,420	-
Compensated absences	28,734	5,210	(5,541)	28,403	14,157
Judgments and claims	51,268	5,923	(8,377)	48,814	9,974
Other postemployment benefits obligation	1,155,047	219,268	(32,249)	1,342,066	-
Net pension liability*	261,551	-	(260,564)	987	-
Accrued derivative liability-ETASC	15,833	-	(2,229)	13,604	-
Total governmental activities	<u>\$ 2,435,826</u>	<u>\$ 281,838</u>	<u>\$ (383,556)</u>	<u>\$ 2,334,108</u>	<u>\$ 79,040</u>

*Reductions to the net pension liability are shown net of additions.

The General Fund or applicable special revenue funds are the governmental funds that generally have been used in prior years to liquidate compensated absences, judgments and claims, other postemployment benefits obligation and net pension liabilities.

	Balance 9/1/2020	Additions	Reductions	Balance 8/31/2021	Due Within One Year
Business-type activities:					
Retirement liabilities	\$ 4,033	\$ 6,595	\$ (6,574)	\$ 4,054	\$ 3,781
Compensated absences	5,181	572	(711)	5,042	400
Other postemployment benefits obligation	190,248	34,212	(4,897)	219,563	-
Net pension liability*	28,136	-	(28,043)	93	-
Total business-type activities	<u>\$ 227,598</u>	<u>\$ 41,379</u>	<u>\$ (40,225)</u>	<u>\$ 228,752</u>	<u>\$ 4,181</u>

*Reductions to the net pension liability are shown net of additions.

Component Units

The Buffalo and Erie County Public Library (the "Library")

The following is a summary of changes in long-term liabilities for the year ended December 31, 2021 (dollars in thousands):

	Balance 1/1/21	Additions	Reductions	Balance 12/31/21	Due Within One Year
Compensated absences	\$ 1,645	\$ 324	\$ (57)	\$ 1,912	\$ 1,013
OPEB liability	78,519	14,746	(2,101)	91,164	-
Net pension liability*	11,918	-	(11,874)	44	-
Library Component Unit long-term liabilities	<u>\$ 92,082</u>	<u>\$ 15,070</u>	<u>\$ (14,032)</u>	<u>\$ 93,120</u>	<u>\$ 1,013</u>

*Reductions to the net pension liability are shown net of additions.

Erie County Medical Center Corporation ("ECMCC")

The following is a summary of changes in long-term liabilities for the year ended December 31, 2021 (dollars in thousands):

	Balance 1/1/21	Additions	Reductions	Balance 12/31/21	Due Within One Year
Bonds payable for financial statement purposes	\$ 68,820	\$ -	\$ 3,740	\$ 65,080	\$ 3,945
Long-term loan (1)	164,699	-	6,815	157,884	6,990
Payroll Protection Program ("PPP") loan	10,000	-	10,000	-	-

- (1) Payment of the medicare advance payment program, judgments and claims, OPEB and net pension liabilities is dependent on many factors; therefore, timing of future payments is not readily determinable.

Permanent Financing Requirements

Under New York State statutes, permanent bonding of general County improvements must take place within five to seven years of the date of initial financing. Specially assessed improvements, (e.g., sewer), have no limitation as to their period of temporary financing, except that a three-year limitation exists where such financing has been obtained through the New York State Environmental Facilities Corporation. The County has permanently financed all significant indebtedness subject to this permanent financing statute.

Constitutional Debt Limit

The County constitutional debt limit at December 31, 2021 is computed as follows (dollars in thousands):

Five-year average full valuation of taxable real estate (2017-2021)	<u>\$ 61,883,077</u>
Debt limit @ 7%	\$ 4,331,815
Net indebtedness (after statutory exclusions)	<u>341,530</u> *
Net debt contracting margin	<u>\$ 3,990,285</u>
Percentage of debt contracting power exhausted	<u>7.88%</u>

*Net indebtedness includes general obligation bonds of \$276,450,000 and ECMCC bond guaranty of \$65,080,000 (excludes ETASC bonds of \$367,792,316 to be paid with tobacco settlement proceeds by ETASC, sewer bonds for self-supporting districts of \$70,057,929, and ECFSA bonds of \$88,650,000 for capital projects and \$51,950,000 for the nursing home refunding, totaling \$140,600,000 to be paid by ECMCC. The capital projects bonds will mature in September 2039 while the refunding bonds will mature in September 2034).

Defeasance

In prior years, the ECFSA defeased serial bonds by placing the proceeds of the new bonds in an irrevocable trust account to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the ECFSA's financial statements. At December 31, 2021, \$77,550,000 of defeased bonds remains outstanding.

ECFSA Transactions

The County entered into a loan agreement and a capitalized interest liability assumption agreement in the year ended December 31, 2017, with the Erie County Medical Center, with the assistance of the Erie County Fiscal Stability Authority. The proceeds of the loan were used to finance the construction of a new Level 1 Adult Trauma Center and Emergency Department, fund various other capital projects on the Erie County Medical Center's campus as well as refinance the 2011 loan. The loan has an interest rate of 3.377% with monthly principal and interest payments ranging from \$223,000 to \$930,000 during the term of the loan. In addition to the loan, the Erie County Medical Center assumed the liability related to funds borrowed to pay capitalized interest during construction on the various projects noted above. The capitalized interest liability assumption has an interest rate of 3.377% with monthly principal and interest payments ranging from \$40,000 to \$77,000 during the term of the loan. The new money portion of the loan and the capitalized interest assumption agreement is fully amortized and matures in 2039. The refinancing component of the loan has an interest rate of 2.649% with monthly principal and interest payments ranging from \$333,000 to \$460,000 during the term of the loan and is fully amortized and maturing in 2034.

In September 2017, the Authority issued \$62,745,000 in sales tax and State aid secured refunding bonds with interest rates ranging from 3.0% to 5.0% to advance refund \$70,355,000 of outstanding Series 2011C serial bonds with interest rates of 5.0%. Proceeds of \$79,884,255 (including a premium of \$11,621,859 and other debt set-aside funds of \$5,517,396) were used to purchase U.S. Government Securities of \$79,491,279 and to fund estimated costs of issuance in the amount of \$392,976. The securities were placed in an irrevocable trust with an escrow agent to pay for all future debt service payments of the original bonds until their call date of December 1, 2021. As a result, the original bonds are considered to be defeased and the liability has been removed from the financial statements. The amount outstanding on the original bonds at December 31, 2021 was \$77,550,000.

14. NET POSITION AND FUND BALANCE

The government-wide and proprietary fund financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted and unrestricted.

- ***Net Investment In Capital Assets***—This category groups all capital assets, including infrastructure, into one component of net position. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction or improvement of these assets reduce the balance in this category.
- ***Restricted Net Position***—This category represents external restrictions imposed by creditors, grantors, contributors or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.
- ***Unrestricted Net Position***—This category represents net position of the County not restricted for any project or other purpose.

In the governmental fund financial statements, nonspendable amounts represent net current financial resources that cannot be spent because they are either not in spendable form or legally or contractually required to be maintained intact. Nonspendable fund balance maintained by the County at December 31, 2021 includes prepaid items.

- ***Prepaid Items***—\$14,617,000 representing amounts prepaid to vendors that are applicable to future accounting periods. The County reported prepaid items in the amount of \$14,617,000 at December 31, 2021.

In the fund financial statements, restricted fund balances are amounts constrained to specific purposes (such as grantors, bondholders, and higher levels of government) through constitutional provisions or by enabling legislation. Restricted fund balance of the County at December 31, 2021 includes:

- ***Handicapped Parking***—\$155,876 representing monies restricted for education, advocacy and increased public awareness of handicapped parking laws.
- ***Community Development Loans***—\$27,032,195 representing amounts offset for community development loans receivable, which are legally required to be maintained intact.
- ***Debt Service***—\$40,254,843 representing funds to be used toward the future repayment of bonded debt service.
- ***Capital Expenditures***—\$165,324,241 representing funds that have been reserved to fund capital projects and the purchase of capital assets. This amount includes commitments (encumbrances) of \$27,666,712 for capital projects currently in process.

The County Legislature authorizes assigned amounts of fund balance. Assigned funds represent amounts intended to be used for a specific purpose. In the fund financial statements, assignments by the County at December 31, 2021 include:

- ***Subsequent Year's Expenditures***—Represents available fund balance of \$12,179,813 appropriated to meet expenditure requirements in the 2022 fiscal year.
- ***Judgments and Claims***—Represents amounts to fund future settlements of various claims and litigation in the amount of \$2,716,692.
- ***Other Purposes***—Includes amounts assigned for supplemental appropriations (\$176,571,031) within the 2022 year which were approved by the Legislature subsequent to the adoption of the 2022 budget in the General Fund, General Fund encumbrances (\$3,805,687), positive residual balance of (\$426,092) in the ECFSA General Fund, encumbrances (\$9,953,328), assigned for road repairs (\$6,002,153) and positive residual balances of (\$40,306,689) in the Special Revenue Funds.

Accounting prescription set by the Erie County Comptroller provides for a sunset provision of one fiscal year for all fund balance assignments. Legislature approval is required to establish and subsequently appropriate fund balance assignments.

The County considers encumbrances to be significant for amounts that are encumbered in excess of \$1,000,000 for a particular purpose. As of December 31, 2021, significant encumbrances are as follows (dollars in thousands):

Purpose	Other Governmental Funds
Countywide Capital Overlay Program	\$ 7,814
Countywide Sewer Costs	4,166
Countywide Road Construction and Preservation	1,631
Countywide COVID-19 Emergency Response	1,176
Total	<u>\$ 14,787</u>

In circumstances where an expenditure is to be made for a purpose for which amounts are available in multiple fund balance classifications, it is the County's policy that the order in which resources will be expended is as follows: restricted fund balance, followed by committed fund balance, assigned fund balance, and lastly, unassigned fund balance.

15. INTERFUND BALANCES AND ACTIVITY

Interfund receivables and payables are short term in nature and exist because of temporary advances or payments made on behalf of other funds. All interfund balances are expected to be collected/paid within the subsequent year.

The composition of interfund balances as of December 31, 2021 is shown below:

Receivable Fund	Payable Fund	Amount
General Fund	ECFSA General	\$ 61,092
	Nonmajor Governmental Funds	21,417
	College	1,005
	Nonmajor Proprietary Fund	4,433
		<u>87,947</u>
ECFSA General Fund	Nonmajor Governmental Funds	<u>16</u>
Nonmajor Governmental Funds	Nonmajor Governmental Funds	<u>103,100</u>
College	General Fund	<u>598</u>
Nonmajor Proprietary Fund	College	268
	General Fund	24
		<u>292</u>
Total receivables		191,953
Less: timing differences		<u>(1,200)</u>
Total payables		<u>\$ 190,753</u>

Interfund receivables exceed interfund payables by \$1,200,000. This difference represents interfund receivables recorded by the County and the College that are not reflected as interfund payables in the corresponding balance sheets because of the difference between the County and the College fiscal year end.

All balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

Due To/From Component Unit and Primary Government—Amounts due between the component units and the primary government at December 31, 2021, consisted of the following (dollars in thousands):

<u>Receivable Entity</u>	<u>Payable Entity</u>	<u>Amount</u>
Primary Government-General Fund	ECMCC Component Unit	\$ 33
Primary Government-Governmental Activities	ECMCC Component Unit	\$ 157,884
Primary Government-Nonmajor Proprietary Fund	ECMCC Component Unit	\$ 5,551
ECMCC Component Unit	Primary Government-Governmental Activities	\$ 14,092

During 2011, the ECFSA issued serial bonds in the amount of \$86,250,000 to assist ECMCC in the construction of a new residential health care facility. Loan agreements were executed whereby the ECFSA loaned the proceeds and net premium of \$10,614,413 to the County, who in turn loaned the monies to ECMCC. In 2017, these serial bonds were refunded through a similar agreement. The par amount of the refunded bonds issued was \$62,745,000. Although the amortization schedules on the bonds and the loan are approximately the same in total, the principal and interest components vary. On a monthly basis, ECMCC pays the County directly, while the ECFSA withholds sales tax revenue that otherwise would be transferred to the County. The ECFSA retains these monies until the semi-annual debt service on the bonds are due. Principal and interest payments on long-term obligations between the ECFSA and the County are reported as transfers in and transfers out in the fund financial statements.

Principal payments received from ECMCC during 2021 totaling \$6,801,136 are recorded within miscellaneous revenues in the County's Debt Service Fund and eliminated in the government-wide statements. The remaining amount due from ECMCC in the amount of \$157,884,000 is reported on the government-wide financial statements only. This balance is shown as a reconciling item on the Reconciliation of the Balance Sheet – Governmental Funds to the Statement of Net Position.

The remaining principal and interest payments on ECMCC's long-term loan payable to the County are as follows (dollars in thousands):

<u>Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2022	\$ 6,990	\$ 4,705	\$ 11,695
2023	7,170	4,499	11,669
2024	7,357	4,288	11,645
2025	7,549	4,072	11,621
2026	7,749	3,850	11,599
2027-2031	41,914	15,710	57,624
2032-2036	50,162	8,969	59,131
2037-2041	28,993	1,237	30,230
Totals	\$ 157,884	\$ 47,330	\$ 205,214

The County made the following transfers during the year ended December 31, 2021:

<u>Transfers Out</u>	<u>Transfers In</u>	<u>Amount</u>	<u>Purpose - provide financial resources:</u>
General Fund	Nonmajor Governmental Funds	\$ 6,057	For the local share of grant programs
	Nonmajor Governmental Funds	19,844	For highway improvements
	Nonmajor Governmental Funds	4,380	To support E-911 operations
	Nonmajor Governmental Funds	143	To support community development grants
	Nonmajor Governmental Funds	1,215	For emergency response operations
	Nonmajor Governmental Funds	48,319	For general debt service
	Nonmajor Governmental Funds	5,855	To support various capital projects
	Nonmajor Governmental Funds	4,700	For highway maintenance
	Nonmajor Governmental Funds	1,000	For College projects
	Nonmajor Governmental Funds	140	For Library projects
	Library	135	To support Library operations
	College	18,084	To support College operations
		<u>109,872</u>	
ECFSA	General Fund	<u>549,722</u>	For general operations from sales tax receipts
Nonmajor Governmental Funds	Nonmajor Governmental Funds	37,876	To support various capital projects
	Nonmajor Governmental Funds	4	For sewer operations
	Nonmajor Governmental Funds	6,679	For sewer debt service
	Nonmajor Governmental Funds	1,338	For general debt service
	Nonmajor Governmental Funds	41,943	For ECFSA debt service

	General Fund	5,455	For general operations
	Library	5	To support library operations
	Utilities Aggregation Fund	5	For Utility operations
	College	720	For movable equipment
		<u>94,120</u>	
Total transfers out/transfers in		<u>\$ 753,714</u>	

16. TAX ABATEMENTS

As of December 31, 2021, the County provides property tax abatements through a Housing for Low and Very Low Income Households Payment in Lieu of Taxes ("PILOT") program. The program was established to stimulate development of affordable housing in the region, especially for those with the lowest level of incomes.

The State of New York passed Articles 5 and 11 of the New York State Private Housing Finance Law and section 421-e of the New York State Real Property Tax Law, which allows municipal governments to enter into agreements with developers to make a PILOT agreement. In 1999, the Erie County PILOT Policy was approved by the Erie County Legislature through resolution 21E-26. This policy defined two PILOT agreements for low income households in Erie County.

PILOT A refers to PILOT agreements that are used with housing for low income households. The criteria for PILOT A agreements is that 60% of units are affordable (no more than 30% of resident's imputed income) to people earning no more than 60% median income for the area.

PILOT B refers to PILOT agreements that are used with housing for very low income households. The criteria for PILOT B agreements is that 60% of units are affordable (no more than 30% of resident's imputed income) to people earning no more than 50% median income for the area.

Both PILOTs A & B must have a fifteen year commitment for low-income use that includes appropriate regulatory restrictions.

Applicants for a PILOT agreement must supply the Erie County Department of Environment and Planning and the local taxing jurisdiction with information that includes, but is not limited to, the percentage of units for low and very low income residents, the planned development's five year operating budget, the number of residential units and square footage and a letter indicating community support from the chief elected official.

Once the application is received by Erie County, the Commissioner of Environment and Planning will respond within fifteen business days with a letter acknowledging the receipt of the application. The Commissioner will then write a letter of recommendation to approve or disapprove the PILOT request within thirty days of receipt of the completed application. If recommended for approval, the Commissioner will submit the PILOT agreement to the County Legislature within forty days of receipt of the application. Once approved by the Legislature, the PILOT agreement will be submitted to the County Executive for his signature. It is expected that the applicant will concurrently seek approval from the local taxing jurisdiction in which the planned development is located.

The initial PILOT payment will be 5% of the housing project's Total Effective Income for PILOT A agreements, and 3% of the housing project's Total Effective Income for PILOT B agreements. Under both PILOT agreements, in each and every subsequent year, a 3% escalator will be applied to the previous year's PILOT payment. Payments will continue for 15 years, after which time the property will be subject to full taxation. Of the PILOT payments, 75% will be paid directly to the local taxing jurisdiction in which the Development is located, and 25% of will be paid directly to the County.

During 2021, the County received payments for 48 PILOT agreements from within the City of Buffalo, which encompassed 153 properties. The County real property taxes for these properties totaled \$1,014,489 while \$299,844 was received for PILOT payments. This resulted in tax abatements totaling \$714,645.

There were also two additional agreements with properties in the Town of Amherst that were not covered under an IDA. The County real property taxes for these properties totaled \$46,239 while \$25,097 was received for PILOT payments. This resulted in tax abatements totaling \$21,142.

The County also is subject to tax abatements granted by six (6) Industrial Development Agencies ("IDA's"), entities created under New York State Law. The IDA's in Erie County have adopted a Countywide Industrial Development Agency Uniform Tax Exemption Policy to provide for uniform policies for the claiming of IDA incentives. Permissible business activities include traditional manufacturing, distributive services, business services, and arts, entertainment and recreation.

Property tax abatements for the year ended December 31, 2021 were as follows:

<u>IDA*</u>	<u>Real Property Taxes</u>	<u>PILOT Payments</u>	<u>Tax Abatements</u>
Amherst	\$ 1,089,432	\$ 702,813	\$ 386,619
Clarence	226,946	153,440	73,506
Erie County (ECIDA)	4,003,705	1,917,142	2,086,563
Hamburg	546,338	311,120	235,218
Lancaster	<u>540,493</u>	<u>290,573</u>	<u>249,920</u>
Total	<u>\$ 6,406,914</u>	<u>\$ 3,375,088</u>	<u>\$ 3,031,826</u>

*Concord IDA property tax abatement information is not available for the year ended December 31, 2021.

17. CONTINGENCIES

Litigation—The County is involved in litigation in the ordinary course of its operations. Various legal actions are pending against the County. The outcome of these matters is not presently determinable but, in the opinion of management, the ultimate liability will not have a material adverse effect on the County's financial condition or results of operation.

Sales Tax Audits—The State of New York periodically audits its distribution of sales tax revenues to counties throughout the State. Subsequent revisions to the revenues recorded as of December 31, 2021, if any, would be reflected in the operating statement in the year that they are calculated.

Supplemental 1% Sales Tax—Through legislation approved by the County and the State of New York, first effective in March of 1985, the County extended an additional 1% sales and compensating use tax. An added requirement of this legislation commencing in 2007, is that the County is required to share \$12,500,000 of this tax with other local municipalities. This tax generated approximately \$98,909,542 (gross) for the year ended December 31, 2021. The enabling legislation allowing this additional tax expired November 30, 2023. Legislative approval by both New York State and the County is required for the continuation of this revenue source.

Supplemental 0.25% Sales Tax—Through legislation approved by the County and the State of New York, the County initiated an additional 0.25% sales and compensating use tax effective July 1, 2005. This tax generated approximately \$49,720,826 for the year ended December 31, 2021. The enabling legislation allowing this additional tax expired November 30, 2023. Legislative approval by both New York State and the County is required for the continuation of this revenue source.

Supplemental 0.50% Sales Tax—The County Legislature approved a home rule message requesting approval of the New York State Legislature to raise the sales tax 0.50%, to 8.75%. The New York State Legislature approved the Sales Tax Request in January 2006 and the County Legislature enacted the tax increase effective January 15, 2006. This tax generated approximately \$99,441,653 for the year ended December 31, 2021. The enabling legislation allowing this additional tax expired November 30, 2023. Legislative approval by both New York State and the County is required for the continuation of this revenue source.

Federal and State Aid—The County receives federal aid, state aid, or both for a portion of its mandated social services program expenditures (reported in the Economic Assistance and Opportunity category in the financial statements), such as Medicaid, Family Assistance and Safety Net. The County appropriates only the local share of state administered Medicaid expenditures. Conversely, the County appropriates total expenditures for Family Assistance and Safety Net programs, and budgets state and/or federal aid as

revenue. Federal and state aid represents approximately 45% of 2021 County appropriations for social services programs.

The County also receives certain federal, state and private grants. These grants are used primarily to augment current operations, and for special demonstration projects and programs. Should funding of any such grant be stopped at any point, the County may assume the cost thereof in its operating budget or suspend the programs funded by such grant.

The Federal and State governments are not constitutionally obligated to maintain or continue current levels of federal and state aid to the County. Accordingly, no assurance can be given that present federal and state aid levels will be maintained in the future. Federal and state budgetary restrictions which may eliminate or substantially reduce federal or state aid could have a material adverse effect upon the County, requiring either a counterbalancing increase in revenues from other sources or a curtailment of non-mandated expenditures. Social Services and Medicaid expenditures are generally mandated by New York State law.

Financial Assistance Audits—As discussed on the previous page, the County receives significant financial assistance from numerous federal and state governmental agencies and third-party payors. The disbursement of monies received under these programs generally requires compliance with terms and conditions specified in the related agreements and are subject to audit by the funding agencies or payors. Any disallowed expenditures resulting from such audits could become a liability of the governmental or proprietary funds. At December 31, 2021, ECMCC, a component unit of the County, has recorded \$2,447,000 as an accrued liability for probable third-party payor settlements. The amount of any other expenses that may be disallowed cannot be determined at this time, although ECMCC expects such other amounts to be immaterial.

Pollution Remediation—The County has identified two pollution remediation sites that trigger the obligating event criteria relating to GASB Statement No. 49, *Accounting and Financial Reporting for Pollution Remediation Obligations*. The County is aware that the New York State Department of Environmental Conservation has classified these sites as Class 2, meaning that remediation action is required due to a significant threat posed to the public health or environment. Although a loss is probable, it is not possible at this time to reasonably estimate the amount of any obligation for remediation that would be material to the County's financial statements because the extent of environmental impact, allocation among the potentially responsible parties, remediation alternatives (which could involve no or minimal efforts), and concurrence of the regulatory authorities have not yet advanced to the stage where a reasonable estimate of any loss that would be material to the County can be made.

18. JOINT VENTURES

Western Regional Off-Track Betting—Pursuant to authority provided by New York State statute, a regional off-track betting corporation was established in 1973 to operate a system of off-track pari-mutuel betting within the Western New York area. This public benefit corporation, known as the Western Regional Off-Track Betting Corporation (“OTB”), is governed by a Board of Directors comprised of one member from each participating county and city. The OTB net revenue is divided among the participating counties, with one-half being distributed based on population and the remainder based on each entity’s share of the total wagering in the region. A county containing an eligible city that has elected to participate in the OTB must relinquish a portion of the revenue to which it would otherwise be entitled to such city in an amount equal to the percentage of the county population attributable to the city. In the case of Erie County, both the County and the City of Buffalo participate in the OTB.

The OTB has the power to issue bonds and notes to carry out the purposes for which it was formed. Such bonds, notes or other, obligations are not a debt of the participating municipalities, and they may only be paid from the OTB’s funds.

OTB total undistributed net revenue increased by \$4,984,337 for the year ended December 31, 2021. The OTB reported net revenue available for distribution to participating municipalities of \$6,452,983. Separate financial statements for this joint venture can be obtained from the OTB Comptroller at 8315 Park Road, Batavia, New York, 14020.

Buffalo Erie Niagara Land Improvement Corporation—The Buffalo Erie Niagara Land Improvement Corporation (“BENLIC”) was established on June 6, 2012 under New York State’s Land Bank Act (Article 16 of the Not-for-Profit Corporation Law). BENLIC’s mission is to confront and alleviate the problems distressed properties cause to communities by supporting municipal and regional revitalization efforts and strategically acquiring, improving, assembling, and selling distressed, vacant, abandoned, and/or tax-delinquent properties. BENLIC was formed through a joint venture of the County of Erie and Cities of Buffalo, Lackawanna, and Tonawanda and is governed by a Board of Directors comprised of 11 members.

BENLIC has the power to incur debt to carry out the purposes for which it was formed. Such debt is not an obligation of the participating municipalities, and may only be paid from BENLIC funds.

BENLIC is eligible to receive financial assistance from federal and state governmental agencies in the form of grants. BENLIC reported revenues and other support totaling \$1,598,293 and expenses totaling \$1,514,596 for year ended December 31, 2021. BENLIC reported net assets of \$4,567,709 at December 31, 2021, all of which was reported as net assets without donor restrictions.

Separate financial statements for this joint venture can be obtained from the BENLIC Executive Director at 403 Main Street, Buffalo, New York, 14203.

19. SUBSEQUENT EVENTS

Management has evaluated subsequent events through June 24, 2022, which is the date the financial statements are available for issuance, and have determined that there are no subsequent events that require disclosure under generally accepted accounting principles.

COUNTY OF ERIE, NEW YORK
Notes to the Required Supplementary Information
Year Ended December 31, 2021

1. NET PENSION LIABILITY

The schedules of local government's proportionate share of the net pension liability/(asset) and local government's contributions presents trend information of the components of the net pension liability/(asset) and related ratios for each retirement system the County participates in, including the pension plan's fiduciary net position as a percentage of the total pension liability, and the contributions as a percentage of covered-employee payroll.

2. OPEB LIABILITY

Changes of Assumptions—Changes of assumptions reflect the effects of changes in the discount rate and the medical healthcare cost trend rate. The following summarizes the changes of assumptions for the governmental activities and business-type activities:

The discount rate was 2.00% as of December 31, 2020, as compared to 2.75% as of January 1, 2020. The salary scale assumed to increase at 1.50% per year. The sex-distinct and job category-specific headcount weighted Pub-2010 Public Retirement Plans Mortality Tables for employees and health retirees, adjusted for mortality improvements with Scale MP-2020 mortality improvement scale on a generational basis, were used for mortality rates. In order to estimate the change in the cost of healthcare, the valuation assumes healthcare cost trends as follows: pre-65 medical, 7.00%; post-65 medical, 4.50% and prescription, 7.00%. Healthcare trends are reduced by decrements to reach a rate of 3.78% in 2075. An inflation rate of 2.25% was assumed for developing the rate of increase in healthcare costs. Business-type activities utilizes an initial health initial healthcare cost trend rate used is 7.00% while the ultimate healthcare cost trend rate is 3.78%.

COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES

These financial statements and schedules provide more detailed information than is presented in the basic financial statements.

Combining statements are presented for the nonmajor governmental funds.

Individual fund statements and schedules present the following:

- Comparisons of budgetary and actual data for certain Special Revenue Funds and the Debt Service Fund.
- Fund financial statements for the discretely presented Library component unit.

Combining statements are presented for the discretely presented Other Component Units.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

These funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes. These funds include the Road, Sewer, Downtown Mall, E-911, Emergency Response, Grants and Community Development Funds. In addition, the Erie Tobacco Asset Securitization Corporation ("ETASC") General Fund is presented as a nonmajor Special Revenue Fund.

- **Road Fund**

Used to account for all revenues and expenditures related to the maintenance of County roads and bridges, snow removal, construction and reconstruction of County roads not required to be recorded in a Capital Projects Fund.

- **Sewer Fund**

Used to account for the activities of the various sewer districts currently in operation within the County.

- **Downtown Mall Fund**

Used to account for revenues raised through a special district charge levy and the subsequent expenditure of these monies for the operation and maintenance of a downtown pedestrian/transit mall.

- **E-911 Fund**

Used to account for revenues raised through a telephone access line surcharge and the subsequent expenditure of these monies for the establishment and maintenance of an enhanced 911 emergency telephone system.

- **Emergency Response Fund**

Used to account for revenues received from the Federal Emergency Management Agency and expenditures associated with the ongoing clean-up of major winter storm damage that occurred in October 2006 and November 2014. This fund also includes activities related to the County's COVID-19 pandemic response and funds received through the American Rescue Plan Act.

- **Grants Fund**

Used to account for federal and state operating grants (except the Community Development Block Grant) earmarked for specific programs, so that grantor accounting and reporting requirements can be satisfied.

- **ETASC General Fund**

Used to account for all financial resources associated with ETASC except for those required to be accounted for in another fund.

- **Community Development Fund**

Used to assist participating municipalities in the development of locally approved community or economic development activities that are eligible under federal program regulations.

DEBT SERVICE FUNDS

Debt Service Funds are used to account for current payments of principal and interest on general obligation long-term debt, and for financial resources that have been accumulated to make future principal and interest payments on general long term indebtedness.

- **Debt Service Fund**

Used to account for the accumulation of resources for, and for the payment of, long-term bond principal, interest and related costs of the County.

- **ETASC Debt Service Fund**

Used to account for the accumulation of resources for, and for the payment of, long-term bond principal, interest and related costs of the ETASC.

- **ECFSA Debt Service Fund**

Used to account for the accumulation of resources for, and for the payment of, long-term bond principal, interest and related costs of the ECFSA.

CAPITAL PROJECTS FUNDS

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities.

- **General Government Buildings, Equipment and Improvements Fund**

Used to account for capital projects administered by the Department of Public Works involving the acquisition, construction, or reconstruction of major or permanent facilities having a relatively long useful life and equipment purchased from the proceeds of long-term debt.

- **Highways, Roads, Bridges and Equipment Fund**

Utilized to account for capital projects administered by the Department of Public Works for the construction or reconstruction of County roads and bridges and the acquisition of equipment not accounted for in the Road Fund.

- **Sewers, Facilities, Equipment and Improvements Fund**

Used to account for capital projects relating to the construction and acquisition of sewer facilities and equipment by the operating sewer districts.

- **Tobacco Proceeds Fund**

Used to account for the net proceeds from the County's securitization of its share of the 1998 Master Settlement Agreement with the tobacco industry that will be used to fund capital projects that otherwise would have been supported by operating funds or the issuance of bonds.

- **Special Capital Projects Fund**

Utilized to account for capital projects administered by departments other than Public Works that are primarily for the acquisition or construction of buildings, improvements and equipment.

LIBRARY COMPONENT UNIT

The financial data shown for the Buffalo and Erie County Public Library (the “Library”) is derived from records maintained on its behalf by the County. The Library does not issue separate financial statements. The inclusion of the Library as a component unit in the County’s basic financial statements reflects the County’s financial accountability for this legally separate entity.

Committed	4,247
Assigned	<u>9,975</u>
Total fund balances	<u>14,969</u>
Total liabilities and fund balances	<u><u>\$ 19,962</u></u>

COUNTY OF ERIE, NEW YORK
Reconciliation of the Balance Sheet—Library Component Unit to the
Government-wide Statement of Net Position
December 31, 2021
(dollars in thousands)

	<u>Library</u>
Total fund balance - Library component unit	\$ 14,969
Amounts reported for governmental activities in the statement of net position are different because:	
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds	17,470
Deferred outflows and inflows of resources related to pensions and other postemployment benefits ("OPEB") are applicable to future periods and, therefore, are not reported in the funds.	
Deferred outflows related to employer contribution, experience, changes of assumptions, investment earnings and changes in proportion	\$ 10,079
Deferred outflows related to OPEB	17,437
Deferred inflows related to pension plans	(12,991)
Deferred inflows related to OPEB	<u>(21,085)</u> (6,560)
Long-term liabilities are not due and payable in the current period and, therefore, are not reported in the funds	<u>(93,120)</u>
Net position of Library component unit	<u><u>\$ (67,241)</u></u>

COUNTY OF ERIE, NEW YORK
Statement of Revenues, Expenditures and Changes in Fund Balance—
Library Component Unit
Year Ended December 31, 2021
(dollars in thousands)

	<u>Library</u>
REVENUES	
Real property taxes and tax items	\$ 25,917
Intergovernmental	4,652
Departmental	371
Interest	2
Miscellaneous	<u>186</u>
Total revenues	<u>31,128</u>
EXPENDITURES	
Culture and recreation	<u>27,660</u>
Total expenditures	<u>27,660</u>
Excess of revenues over expenditures	<u>3,468</u>
OTHER FINANCING SOURCES	
Transfers in	<u>140</u>
Total other financing sources	<u>140</u>
Net change in fund balance	3,608
Fund balances—beginning	<u>11,361</u>
Fund balances—ending	<u><u>\$ 14,969</u></u>

COUNTY OF ERIE, NEW YORK
Reconciliation of the Statement of Revenues, Expenditures and
Changes in Fund Balance—Library Component Unit to the
Government-wide Statement of Activities
Year Ended December 31, 2021
(dollars in thousands)

	<u>Library</u>
Net change in fund balance - Library component unit	\$ 3,608
Amounts reported for library component unit in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and depreciated. This is the amount by which capital outlays exceeded depreciation expense in the current period.	
Capital outlays, net of disposals of \$251	\$ 2,727
Depreciation expense	<u>(2,599)</u> 128
Net differences between pension contributions recognized on the fund financial statements and the government-wide statements are as follows:	
Direct pension contributions	\$ 117
Cost of benefits earned net of employee contributions	(11,045)
Changes in OPEB assumptions	<u>11,834</u> 906
Certain expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	<u>(1,038)</u>
Change in net position of Library component unit	<u><u>\$ 3,604</u></u>

**** THIS PAGE INTENTIONALLY LEFT BLANK ****

OTHER COMPONENT UNITS

Other Component Units of Erie County include:

The financial data shown for the Erie Community College Foundation, Inc. and the Auxiliary Services Corporation of Erie Community College, Inc. is derived from their separately issued financial statements. Both of these entities are included as component units in the County's basic financial statements, based on the fact that they are legally separate entities for which the College and County are financially accountable.

STATISTICAL SECTION

This part of Erie County’s annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the County’s overall financial health.

<u>Contents</u>	<u>Page</u>
Financial Trends.....	110
These schedules contain trend information to help the reader understand how the County’s financial performance and well-being have changed over time.	
Revenue Capacity.....	117
These schedules contain information to help the reader assess two of the County’s most significant revenue sources; sales and use taxes and property taxes.	
Debt Capacity.....	122
These schedules present information to help the reader assess the affordability of the County’s current levels of outstanding debt and the County’s ability to issue additional debt in the future.	
Demographic and Economic Information.....	127
These schedules offer demographic and economic indicators to help the reader understand the environment within which the County’s financial activities take place.	
Operating Information.....	129
These schedules contain service and infrastructure data to help the reader understand how the information in the County’s financial report relates to the services the County provides and the activities it performs.

Notes:

(1) NYS Department of Taxation & Finance's reporting period is March to February. Data represents the reporting periods beginning March 1, 2011 and ending February 28, 2021.

(2) Detailed information regarding payers or remitters is not available. Prior to the 2014 reporting period, utilities sales excluded residential energy purchases.

(3) As of the 2013-2014 tax period (the County's 2014 Fiscal Year), the NYS Department of Taxation and Finance re-registered all sales tax vendors, which resulted in a change in total sales and sales distribution by industry. The new reporting system contains more up-to-date and accurate information.

(4) Taxable Sales for fiscal year 2021 are preliminary.

(1) Amounts shown are net of related premiums, discounts and adjustments.

(2) Includes self-supporting sewer district bonds for the years 2012 to 2021 and bonds issued by the ECFSA in 2011 to assist ECMCC in the construction of a new residential health care facility. Loan agreements were executed whereby ECMCC will fund the repayment of the bonds in future years (\$86,250 was outstanding at December 31, 2011 and 2012; \$82,505 was outstanding at December 31, 2013; \$78,615 was outstanding December 31, 2014; \$74,565 was outstanding December 31, 2015; and \$70,355 was outstanding December 31, 2016). In 2017, the 2011 bonds issued by ECFSA for ECMCC's health care facility were refunded. ECFSA also issued bonds to assist ECMCC's capital projects in 2017. Similar loan agreements were executed, as mentioned above. As of December 31, 2021, \$51,950 was outstanding for the ECMCC facility bonds and \$88,650 was outstanding for the ECMCC capital projects bonds.

(3) Calculation excludes self-supporting debt (i.e., ETASC tobacco settlement bonds, sewer district bonds, ECMCC related bonds and ECC capital leases). ETASC bonds are not legal obligations of the County. The County operates sewer districts in select areas of the County only. ECMCC related debt and ECC capital leases are repaid solely by ECMCC and ECC, respectively.

(4) See the "Demographic and Economic Statistics" schedule on page 127 for personal income and population data.

Notes:

(1) The computation of net debt-contracting margin performed by municipalities in New York State is akin to the computation of legal debt margin performed by municipalities in other states.

(2) Equalization rates are provided by New York State and applied by the County to the assessed valuations of taxable real estate to arrive at equalized full value.

(3) Per New York State constitution, the County's outstanding general obligation debt should not exceed 7 percent of total average five-year assessed property value.

Net debt outstanding of Erie County - Erie County Comptroller's Office

All other information - Latest available from the New York State Office of the State Comptroller

Note:

(1) Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the County. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Erie County. This process recognizes that, when considering the County's ability to issue and re-pay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.
