Dear Honorable Members:

In 2023, the Erie County Comptroller's Office, Division of Audit & Control initiated a regular Monitoring Program of Erie County Cultural Funding Grants. The Erie County Cultural Funding program provides annual grants to non-profit arts and cultural organizations operating within the County. County funds are intended to be limited in their use to current operating expenses including salaries, program costs, fringe benefits, rents, utilities, office supplies, and equipment. Grant funds may not be used for or applied towards capital projects or physical improvements of buildings or facilities, nor as a revenue offset against accounts receivable. No funds received shall be used for any services provided or activities performed outside Erie County. The County's Department of Environment and Planning executes contracts with organizations and is the primary agency charged with monitoring.

OBJECTIVE

The objective of the Cultural Funding Grant Monitoring Program is to assess whether grant recipients used County funds in accordance with the applicable terms and conditions of their grant agreements with Erie County. To support this objective, the Comptroller's Office reviews selected financial records and transactions, evaluates documentation supporting the use of County grant funds, confirms the filing of required IRS Form 990 and New York State CHAR500 filings, and reviews selected governance and internal control practices for the fiscal years included in the review.

SCOPE AND METHODOLOGY

Approximately 120 different organizations receive funding annually from Erie County. The Comptroller's Cultural Funding Grant Monitoring Program is intended to review organizations that received a minimum of \$10,000 in funding during any of the two prior years. For this round of review, covering fiscal years 2023 and 2024, approximately 15 agencies were identified for examination.

Buffalo Philharmonic Orchestra Society, Inc.

BACKGROUND

Brief History

Buffalo Philharmonic Orchestra Society, Inc. (BPO) was founded in 1935 and received 501(c)(3) nonprofit status in October 1942. Since its inception, the BPO has served as Buffalo's cultural ambassador. The BPO produces symphonic music for the cultural benefit of the Buffalo and Western New York communities and provides artistic education programs for local youth. During the Great Depression, the orchestra was initially supported by funding from the Works Progress Administration and the Emergency Relief Bureau. Over its history, the orchestra has grown in stature under the leadership of distinguished music directors, including William Steinberg, Josef Krips, Lukas Foss, Michael Tilson Thomas, Julius Rudel, Semyon Bychkov, Maximiano Valdés, and JoAnn Falletta.

In 2001, the Buffalo Philharmonic began a formal initiative to record and preserve its history and has issued more than 50 recordings throughout its existence. The orchestra has toured internationally twice: a six-city European tour in 1988 and a four-city tour of Poland in 2018.

Mission Statement

The Buffalo Philharmonic Orchestra Society, Inc. employs and supports a professional major symphony orchestra of artistic excellence that is integral to Buffalo-Niagara's vitality through the presentation of live symphonic music and other musical events, which inspire, educate, and entertain the broadest possible audiences within Buffalo-Niagara region and beyond.

Community Served

According to BPO, its target audience is music enthusiasts in Western New York. More broadly, the organization serves individuals of all ages who have an interest in attending live musical performances, educational programming, and community engagement activities that promote appreciation of music and the arts. The BPO's programs and outreach efforts are intended to cultivate future patrons by providing discounted ticket programs for children, high school students, and college students, making performances more accessible to younger audiences.

The BPO also works to broaden access to its programming through its Inclusion, Diversity, Equity, and Access (IDEA) initiatives. These efforts are intended to ensure that individuals from diverse backgrounds and abilities feel welcome and have meaningful opportunities to participate in and benefit from the organization's performances, educational programs, and community partnerships.

CFG Grant Award History

Buffalo Philharmonic Orchestra Society, Inc. received Cultural Funding Grants (CFG) totaling:

\$ 940,000.00 in 2023.

\$ 940,000.00 in 2024.

FINANCIAL ANALYSIS

Revenue Sources

During the review period, contributions and grants from related organizations, government agencies and other contributions, gifts, and similar represented the organization's primary source of revenue. Program service revenue was the second largest source of revenue

Total contributions, gifts and grants revenue represented the following percentage of total revenue:

- 62.39% in 2023
- 61.66% in 2024

Although contributions and grants represented the organization's largest revenue source, Erie County Cultural Funding Grants represented approximately 6.74% and 6.81% of total revenue in 2023 and 2024, respectively. Accordingly, the organization was reliant on contributed and grant revenue generally, but its financial operations were not disproportionately dependent upon Erie County Cultural Funding Grants alone.

Operating Expenses

Total operating expenses of BPO remained relatively stable between the two years, with a slight decrease in 2024. Salaries and wages, including compensation of current officers, directors, trustees, and key employees, as well as pension plan accruals and contributions, other employee benefits, and payroll taxes, represented the largest expense categories. Other expenses, which included guest artists/conductors, production expenses, miscellaneous expenses, bank service fees, building expenses, and other operational costs, represented the second-largest expense category.

CFG funding requests are evaluated against total operating expenses net of depreciation with awards not to exceed 20 percent of that amount as recommended by the grant program.

Based on this methodology, CFG funding provided to BPO represented the following percentage of net operating expenses:

- 6.53% in 2023 (within the recommended threshold)
- 6.63% in 2024 (within the recommended threshold).

OBSERVATIONS & CONCLUSIONS

Credit Card & Bank Statements

The Auditor selected a sample of 38 credit card transactions to determine whether BPO complied with its credit card policy. Supporting documentation was provided for 35 of the 38 transactions tested; however, the organization was unable to locate receipts or invoices for the three remaining transactions.

Based on the transactions tested, BPO generally complied with its credit card policy. However, supporting documentation was not consistently retained for all credit card purchases. Maintaining complete supporting documentation is an important internal control that helps demonstrate expenditures are appropriate, authorized, and incurred for organizational purposes. The absence of supporting documentation increases the risk that transactions cannot be adequately verified. These transactions did not comply with BPO's credit card policy.

Recommendation

The Auditor recommends that BPO credit card holders review the organization's credit card documentation requirements and procedures to ensure receipts and other supporting documentation are retained for all credit card transactions.

Use of CFG Funds

Based on documentation provided by the organization, CFG funds were used to support eligible operating expenses. The expenditures primarily consisted of personnel costs, including compensation for musicians, conductors, and administrative staff incurred in connection with the organization's performances and ongoing operations.

Beginning in 2024, the County instituted a requirement that all CFG funds be either maintained in a separate bank account or the recipient must be able to account for the funds appropriately. Based on the documentation reviewed, BPO substantiated the use of the CFG funds tested, and no exceptions were identified.

Erie County was appropriately recognized as a sponsor in accordance with the contractual requirements. Sponsorship acknowledgment was verified across multiple platforms, including the digital program book, the PowerPoint presentation displayed in the lobby of Kleinhans Music Hall prior to each concert, the Corporate, Foundation, and Government Support page on the BPO website, the acknowledgment section of the BPO's Annual Report to the Community, the Classics and Pops season brochures, social media platforms, and other program materials.

General Ledger Review

The Auditor selected nine transactions related to conference and leadership programs, staff mileage, travel reimbursements, and entertainment expenses to assess compliance with the organization's accounting and reimbursement policy. Supporting documentation was provided for all nine transactions tested.

The organization's accounting and reimbursement policy requires expenditures to be supported by appropriate documentation to substantiate that expenses are valid, authorized, and incurred for organizational purposes. Based on the documentation provided, all nine transactions tested were adequately supported. No exceptions were noted.

Payroll & Executive Salary & Form 1099 Analysis

A review of employee compensation indicated an average salary increase of approximately 5.13% during the review period. The Auditor also reviewed documentation supporting salary adjustments and determined that the increases reviewed were approved by the Board of Directors.

One executive employment agreement included a salary increase of 25.53%. Based on the executed employment agreement and supporting documentation, the increase was associated with expanded job responsibilities, including additional contractual performance obligations.

Forms 1099 issued during the review period and reconciled reported amounts to the general ledger without exception.

Governance & Policy Review

According to information provided by BPO, the organization is governed by a Board of Directors consisting of 34 members. Directors are generally limited to three consecutive three-year terms.

The Board of Directors provides strategic guidance and organizational oversight and has final approval authority over the annual operating budget, including all compensation arrangements. A draft of the organization's Form 990 is submitted to the Board of Directors for review and approval prior to filing. Each board member is required to annually review and sign the conflict-of-interest policy, and potential conflicts of interest must be disclosed to the board. The Auditor reviewed signed conflict-of-interest policy acknowledgments for the review period and found the organization to be in compliance with this requirement.

The existence of formal governance and administrative policies demonstrates that BPO has established expectations for accountability and financial stewardship. However, the results of audit testing indicate opportunities to strengthen management's monitoring and oversight of compliance with these policies. Specifically, the organization did not consistently retain supporting documentation for certain financial transactions, which weakens internal controls and limits the organization's ability to demonstrate that expenditures were appropriate, authorized, and in accordance with established policies. Strengthening

documentation retention and supervisory review procedures would improve accountability and help ensure continued compliance with organizational policies.

Additional Observations (if applicable)

No additional observations.

CONCLUSION

Documentation reviewed during the monitoring analysis included IRS Form 990, New York State CHAR500 filings, Forms 1099, payroll records, bank and credit card statements, general ledger reports, Board of Director meeting minutes, organizational policies, conflict-of-interest certifications, and documentation supporting the use of Cultural Funding Grant funds.

Based on the procedures performed and documentation reviewed, Buffalo Philharmonic Orchestra Society, Inc. substantiated the use of Erie County Cultural Funding Grant funds for eligible operating expenses during the review period, and no exceptions related to the use of County grant funds were identified. The organization also filed the required IRS Form 990 and New York State CHAR500 filings for the fiscal years reviewed.

The review did identify weaknesses in the retention of supporting documentation for certain credit card transactions. Strengthening documentation retention and review procedures would improve internal controls, accountability, and the organization's ability to demonstrate compliance with established policies.

APPENDIX

General Governance and Compliance Guidance for Non-Profit Organizations

Strong financial management depends not only on the integrity of staff and board members, but on the existence of clear, board-approved policies that establish expectations, define responsibilities, and provide a framework for accountability.

This appendix contains general reference information compiled from publicly available federal and New York State sources. It is provided for educational purposes only and is not part of the audit criteria applied in this review unless specifically referenced in the report body. It should not be interpreted as legal, tax, or accounting advice.

1. Board Oversight

1a. Board Oversight Responsibilities

Responsibility	Description	Purpose / Risk Mitigated	Applicable IRC Reference
Monitor Required Filings	Ensure timely submission of all required federal and NYS filings (e.g., Form 990, CHAR500)	Prevents penalties, loss of good standing, and revocation of tax-exempt status	IRC §6033; IRC §6033(j)
Approve Financial Policies	Review and approve key financial and governance policies	Establishes accountability and governance framework	IRC §501(c)(3)
Oversight of Internal Controls	Ensure appropriate financial controls are implemented and functioning	Reduces risk of fraud, waste, and misuse of funds	IRC §501(c)(3); IRC §4958
Compliance Monitoring	Periodically review compliance with regulatory and grant requirements	Ensures ongoing adherence to laws and funding conditions	IRC §6033
Documentation of Oversight	Maintain board minutes documenting financial oversight and decisions	Provides evidence of due diligence and governance	IRC §6001

1b. Key Governance and Financial Policies

Adopting written policies is a necessary first step, but policies are only effective when they are communicated to staff, consistently applied, and reinforced through regular board review. Boards are encouraged to include a policy review as a standing item on their annual meeting agenda.

Policy Area	Purpose and Key Elements
Procurement and Purchasing	Governs purchasing procedures, vendor selection, competitive bidding thresholds, and approval authority. Includes provisions for sole-source and emergency procurements.
Credit Card	Typically defines authorized users, allowable expenses, and documentation requirements. Requires timely submission of receipts and supervisor or board review of reconciliations.
Travel, Meals & Entertainment Expense Reimbursement	Outlines how an organization manages, monitors, and reimburses costs incurred by employees while conducting business away from their usual workplace or entertaining clients. It usually defines what expenses are reimbursable, setting spending limits, and establishing the procedures for reporting and approval
Cash Handling and Bank Accounts	Covers the receipt, deposit, and disbursement of funds. Establishes segregation of duties, authorized signatories, and monthly reconciliation requirements.
Record Retention	Establishes minimum retention periods for financial records, contracts, invoices, and supporting documentation, consistent with IRS, New York State, and applicable grant requirements.
Conflict of Interest and Related-Party Transactions	Requires annual disclosure of potential conflicts by board members and staff. Prohibits participation in decisions where a personal or financial interest may compromise organizational integrity.

Policy Area	Purpose and Key Elements
Whistleblower and Fraud Reporting	Provides a mechanism for reporting suspected fraud, waste, or misuse of funds. Prohibits retaliation against individuals who report concerns in good faith.
Internal Controls and Compliance	Defines roles and responsibilities for financial oversight, budgeting, and reporting. Establishes procedures for reviewing and approving transactions, reconciliations, and financial statements. Establishes a framework to ensure compliance with adopted policies and provides for corrective action when deficiencies are identified.

1c. Key Filing Deadlines

Timely filing of required forms is essential to maintaining compliance.

Federal Filing Requirements

Form	Purpose	Deadline
Form 990 / 990-EZ / 990-N	Annual informational return	15th day of the 5th month after fiscal year-end
Form 990-T	Reports unrelated business income (UBIT)	Same as Form 990
Form 941	Quarterly payroll reporting	End of month following quarter
Form W-2	Employee wages	January 31
Form 1099-NEC	Independent contractors	January 31

New York State Filing Requirements

Form	Agency	Purpose	Deadline
CHAR500	NYS Charities Bureau	Annual financial report	4.5 months after fiscal year-end
CHAR410	NYS Charities Bureau	Registration (if applicable)	As required
CT-13 / CT-13-A	NYS Dept. of Taxation and Finance	State exempt organization filing	4.5 months after fiscal year-end
NYS-45	NYS Dept. of Taxation and Finance	Quarterly payroll reporting	End of month following quarter

Filing extensions may be available depending on filing type.

Key New York-Specific Considerations

Organizations registered with the Charities Bureau must file Form CHAR500 annually, even if no financial activity occurred.

The CHAR500 must include:

- A copy of the organization's IRS Form 990
 - Required financial statements (reviewed or audited, depending on revenue thresholds)
- Failure to file may result in:
 - Loss of registration status
 - Financial penalties
 - Restrictions on fundraising activities within New York State
- Organizations should track both federal and state deadlines, as they may differ in requirements and extensions.

2. Meals, Entertainment & Travel Expense Guidance

Non-profit organizations must ensure that all expenditures further the organization's mission and comply with applicable tax rules and internal policies.

General Principles:

- Expenses must be reasonable, necessary, and directly related to the organization's exempt purpose.
- All expenses must be supported by adequate documentation, including itemized receipts and a clear business purpose.
- Policies should clearly distinguish between allowable and non-allowable expenses.

Category	Guidance / Standard
General Principle & Governing Guidance	Expenses must further the organization's exempt purpose, be reasonable, necessary, and properly documented. Must avoid private benefit. Follow standards from the Internal Revenue Service and apply an accountable plan framework.
Travel – Allowable	Conferences, training, program delivery, grant activities, and meetings with funders or stakeholders.
Travel – Reasonableness	Airfare (economy), lodging (moderate), meals (within per diem), transportation (cost-effective). Use General Services Administration per diem as a benchmark.
Travel – Documentation	Dates, location, business purpose, itemized receipts, proof of payment, agendas, mileage logs (if applicable).
Travel – Best Practices	Pre-approval required, written policy, spending limits, consistent reimbursement method (per diem or actual), timely submission (e.g., 30 days).
Meals & Entertainment – General Rule	Meals & Entertainment expenses should be supported by a documented business or program purpose and reviewed for reasonableness.
Meals & Entertainment – Allowable (Limited)	Modest meals with donors/partners, board meetings, or fundraising-related events tied to mission.
Entertainment – Unallowable	Personal celebrations, guest expenses without business purpose, or excessive hospitality expenses may present heightened compliance risk.
Meals & Entertainment – Documentation	Names and affiliations of attendees, business purpose, itemized receipts, date/location, explanation of mission relevance, Agendas, meeting notices, invitations or program materials help substantiate the business purpose and measurable outcomes (if applicable)
No Private Inurement/Excess Benefit	Expenses must not provide disproportionate personal benefit to insiders (officers, directors, key employees). Violations may trigger penalties under Internal Revenue Code.
Accountable Plan Requirements	Must meet: (1) business connection, (2) substantiation, and (3) return of excess reimbursements. Otherwise, it may be treated as taxable wages.
Internal Controls (approval & authorization)	Segregation of duties, independent review (especially executives), board oversight, approval thresholds, periodic audits.
Alcohol (if applicable)	If included in meals or events, consumption must be limited, reasonable, and consistent with policy. Alcohol-related expenditures generally warrant additional documentation and review for allowability under grant terms.
Audit Red Flags	Missing business purpose, no receipts, round-dollar amounts, excessive costs, weekend/holiday expenses without explanation, lack of independent approval.
Policy Requirement	Maintain a formal written T&E policy defining allowable costs, documentation standards, limits, and approval requirements.

Key Notes:

- Meals: Allowable if directly mission-related and properly documented; follow per-meal limits or per diem where possible.
- Entertainment: Generally disallowed unless it directly furthers the mission and is modest; high scrutiny from IRS audits.
- Travel: Must be necessary, reasonable, and supported by receipts and business purpose documentation.

3. Unrelated Business Income (UBIT) Considerations

Unrelated Business Income Tax (UBIT) applies when a tax-exempt organization generates income from activities that are not substantially related to its exempt purpose.

Even when an organization is tax-exempt, it may still be required to pay tax on certain types of income.

Activity	Guidance	Compliance Risk	IRC Reference
Fundraising Events	Occasional events generally not subject to UBIT	Low risk if not regularly carried on	IRC §513(a)
Ongoing Commercial Activity	Regular business activity may generate taxable income	Subject to UBIT and reporting on Form 990-T	IRC §511–514
Alcohol Sales	Regular sales may be considered unrelated business activity	May trigger UBIT and licensing requirements	IRC §513

3a. Key Criteria (All Three Must Apply)

Income is generally subject to UBIT if the activity is:

1. A trade or business - Conducted to generate income from selling goods or services
2. Regularly carried on - Occurs frequently or continuously (similar to a for-profit business)
3. Not substantially related to the organization's mission - Does not directly support the organization's exempt purpose

Generally Subject to UBIT

- Operating a gift shop or café not related to the mission
- Running a bar or regular alcohol sales operation
- Renting out space with services provided (e.g., catering, staffing)
- Selling advertising in newsletters or websites
- Providing paid services unrelated to programs

Generally, NOT Subject to UBIT

- Occasional fundraising events (e.g., annual gala, festival)
- Activities conducted primarily by volunteers
- Sale of donated goods (e.g., thrift stores)
- Income directly related to the mission (e.g., museum admissions, program fees)

3b. Key Compliance Requirements

- Report UBIT on Form 990-T
- Pay applicable federal (and possibly state) taxes
- Track unrelated income and expenses separately

3c. Important Considerations

- Generating some UBIT does not automatically jeopardize tax-exempt status
- However, excessive unrelated activity may raise concerns with the IRS
- Proper classification and documentation are essential

Simple Rule of Thumb

If the activity looks like a regular business and is not tied to your mission, it may be subject to UBIT

4. Alcohol Sales by Non-Profit Organizations: IRC §513

Non-profit organizations may sell alcohol at events provided they obtain appropriate state permits, ensure the activity is occasional and fundraising-related, maintain adequate documentation, and implement appropriate internal controls. Ongoing or unrelated alcohol sales may trigger tax liabilities and additional regulatory requirements. Organizations should also review grant agreements, as some funding sources prohibit alcohol-related expenditures regardless of tax treatment.

Category	Requirement / Guidance	Reference / Notes
Licensing & Permits	Obtain appropriate NYS permit prior to event: Temporary Beer, Wine & Cider Permit for short-term events; Catering Permit or On-Premises License for regular sales	New York State Liquor Authority; local municipality approvals may also be required
Eligible Activities	Occasional fundraising events are generally exempt from UBIT; recurring or regular sales may trigger UBIT	IRC §511–514 (UBIT); §513 (unrelated trade/business)
Purchasing & Vendor Compliance	Alcohol must be purchased from licensed distributors; age restrictions (21+) enforced	NYSLA regulations
Internal Controls	Board-approved policy, pre-approval of events, segregation of duties, controlled sales or cashless systems, inventory tracking	Best practices for audit and compliance
Documentation	Maintain permits, invoices, contracts, event purpose, attendee list, and revenue/expense records	Supports compliance and audit trail
Risks of Non-Compliance	Fines, permit revocation, UBIT exposure, reputational risk, grant compliance issues	NYSLA and IRS enforcement

4a. State and Local Licensing (New York State)

In New York, alcohol sales are regulated by the New York State Liquor Authority.

Non-profits must obtain appropriate permits before selling alcohol:

- Temporary Beer, Wine & Cider Permit
- For one-day or short-term events
- Most common for fundraisers, festivals, and galas
- Catering Permit or On-Premises License (if applicable)
- Required if alcohol is sold regularly or through a contracted vendor
- Key Requirements:
- Permit must be obtained in advance of the event
- Alcohol must be purchased from licensed distributors

Must comply with:

- Age restrictions (21+)
- Responsible service requirements
- Local municipality approvals may also be required

4b. Federal Tax Considerations (IRS / UBIT)

Alcohol sales may trigger Unrelated Business Income Tax (UBIT) depending on how the activity is conducted.

Generally, NOT subject to UBIT:

- Occasional fundraising events (e.g., annual gala, festival)
- Activities not “regularly carried on”

May be subject to UBIT:

- Ongoing or recurring alcohol sales (e.g., operating a bar)
- Activities not substantially related to the organization’s exempt purpose

4c. Financial Controls and Governance

Even when permitted, alcohol sales require strong internal controls to ensure compliance and accountability.

Recommended Controls:

- Board-approved policy addressing alcohol sales and use
- Pre-approval of events involving alcohol
- Segregation of duties (sales, cash handling, reconciliation)
- Use of cashless or controlled sales systems where possible
- Inventory tracking (to prevent loss or misuse)

4d. **Documentation Requirements**

Organizations should maintain:

- Copies of permits and licenses
- Vendor invoices (proof alcohol was purchased legally)
- Event records (date, purpose, attendees)
- Revenue and expense tracking specific to the event
- Contracts with caterers or third-party vendors

4e. **Risk Considerations**

Failure to comply may result in:

- Fines or penalties from the New York State Liquor Authority
- Loss of ability to hold future events
- Exposure to UBIT and IRS scrutiny
- Reputational risk and grant compliance issues

5. Payroll vs. Independent Contractor Guidance for Non-Profit Organizations

Non-profit organizations should classify workers based on the level of control and the nature of the working relationship.

Category	Guidance / Standard
Classification Principle	Based on control, financial dependence, and relationship (IRS common law test, IRC §3121(d)).
Employee (W-2)	Ongoing, supervised, integral to operations; regular hours; organization provides tools, training; paid wages with taxes withheld.
Independent Contractor (1099)	Project-based or specialized service; independent business; controls work method; multiple clients; paid per contract.
Compliance – Employees	Withhold/pay federal income, FICA; file Form W-2, Form 941; comply with wage and hour laws, unemployment insurance.
Compliance – Contractors	Obtain Form W-9; issue Form 1099-NEC for payments ≥ \$600; maintain contracts; avoid treating like employees.
Best Practices	Written classification policy; pre-approval of contractors; maintain W-9, contracts, invoices, payments; annual review.
Risks of Misclassification	IRS penalties, back taxes, interest/fines, state labor violations.

5a. Core Principle: Classification Is Based on Control (Not Preference)

The IRS determines whether a worker is an employee or independent contractor based on the degree of control and independence, not what the organization chooses to call them.

Three Key IRS Factors:

- Behavioral Control – Does the organization control how the work is done?
- Financial Control – Are expenses reimbursed? Is payment hourly vs. per project?
- Relationship – Is the work ongoing? Are benefits provided?

5b. When a Worker Should Be on Payroll (W-2 Employee)

A worker should generally be classified as an employee if:

- The organization controls how, when, and where work is performed
- The role is ongoing or integral to operations
- The individual works regular hours or under supervision
- The organization provides tools, equipment or training
- The worker is part of day-to-day operations

Examples:

- Administrative staff
- Program coordinators
- Site managers
- Regular event staff

Best Practice:

If the role looks like a job, functions like a job, and is ongoing → likely should be on payroll

5c. When Independent Contractor (1099) Is Appropriate

A worker may be classified as an independent contractor if:

- They operate an independent business
- They control how the work is performed
- They are hired for a specific project or short-term service
- They use their own tools/equipment
- They work with multiple clients

Examples:

- Guest performers
- Grant writers (project-based)
- Marketing consultants
- IT specialists (contract work)

5d. High-Risk Misclassification Areas (Common Audit Findings)

Non-profits frequently misclassify:

- Workers performing ongoing roles but paid via 1099
- Individuals working set schedules under supervision
- Board members or officers receiving compensation improperly
- “Consultants” who function as staff

Red Flag:

If someone is paid regularly (weekly/monthly) and acts like staff → likely should be W-2

5e. Payroll Compliance Requirements (Employees)

If classified as an employee, the organization must:

Withhold and remit:

- Federal income tax
- Social Security and Medicare (FICA)

Filing requirements:

- Form W-2
- Form 941 (quarterly payroll tax)

Comply with:

- Wage and hour laws
- Unemployment insurance (state)

5f. Independent Contractor Compliance (1099)

For contractors, organizations must:

- Obtain Form W-9 before payment
- Issue Form 1099-NEC for payments ≥ \$600
- Maintain contracts defining scope of work
- Avoid treating contractors like employees

5g. Best Practices for Non-Profits

- Governance & Controls
- Adopt a written worker classification policy
- Common to document pre-approval for contractor engagements
- Maintain written contracts for all contractors

Documentation

- W-9 forms
- Contracts
- Invoices
- Payment records
- Periodic Review
 - Review worker classifications annually
 - Reclassify if roles evolve into employee-type positions

When in doubt, seek professional advice or IRS determination through Form SS-8.

5h. Risks of Misclassification

Failure to properly classify workers may result in:

- IRS penalties and back taxes
- Liability for unpaid payroll taxes
- Interest and fines
- Exposure to state labor law violations

Disclaimer

The guidance presented in this appendix reflects generally accepted governance practices and applicable federal and New York State requirements for tax-exempt organizations, including those required to file Form 990. While certain references are derived from provisions of the Internal Revenue Code, this appendix is not intended to represent a comprehensive statement of legal requirements. Not all provisions apply uniformly to every organization. Accordingly, this information is provided for general guidance only, and organizations should consult qualified legal or tax professionals regarding their specific circumstances.
