

A local law to amend the Erie county administrative code, in relation to establishing a division of data processing.

Became a law with the approval of the county executive, November 2, 1972. Passed by the local legislative body of the county of Erie. Filed in the office of the secretary of state November 8, 1972.

*Be it enacted by the legislature of the county of Erie as follows:*

Section 1. The Erie county administrative code, being local law number one—nineteen hundred sixty, as amended, is hereby amended by adding thereto a new section, to be known as section 3.10 of article three, and renumbering present section 3.10 to section 3.11, to read as follows:

§ 3.10 Division of data processing. The division of data processing shall be headed by the director of data processing who shall have all the powers and duties lawfully conferred or imposed upon him by the county charter, by local law, by order or direction of the county executive, or by any applicable provision of any act of the legislature not in conflict with the county charter or this code. Such powers and duties shall include the care and supervision of all computers and related electronic equipment in the data processing division, the preparation of programs and data for input into such computers, the processing and storage of output from such equipment, the supply of such output information to participating county departments and agencies, and the coordination of all county-owned or county-operated computer installation. The data processing division shall advise and assist all departments of the county in matters relating to the installation of new data processing applications and modification of existing procedures; evaluate and coordinate data processing requirements for participating departments and agencies; assist in the conversion of raw data into machine-usable materials or perform such function itself; carry out all functions related to the operation of data processing equipment, and train personnel of participating departments and agencies in acquisition of data in a form suitable for processing. The county executive may enter into a contract with the federal government, state government and any municipal corporation to provide data processing service to any such municipality or governmental entity, subject to the approval of the legislature.

§ 3.11 Seal of the county executive. a. The seal of the county executive shall consist of two (2) circles, one within the other, with the words "COUNTY EXECUTIVE—ERIE COUNTY, NEW YORK" around the outer circumference of the inner circle and in the center of the inner circle the word "SEAL".

b. The following design is hereby adopted as the official and standard design of such seal:

c. The county executive shall affix or imprint such seal upon any and all instruments requiring the same.

§ 2. Effective date. This local law shall become effective immediately.
