WHEREAS, In 1993, Consolidated Rail Corporation ("Conrail") commenced an action pursuant to 49 U.S.C. 11501 in Federal District Court for the Southern District of New York, and in each year thereafter, seeking to have its state-wide tax assessments and tax payments reduced to a level consistent with those assessments and taxes paid prior to the expiration of the New York State Service Enhancement Program; and

WHEREAS, The ability of Conrail to pursue its tax reduction action under federal law, which fundamentally challenges New York State tax assessment methodology, has been appealed to the United States Supreme Court, and that Court has affirmed lower court rulings that Conrail can seek to have its property assessments lowered and taxes reduced in a manner inconsistent with New York State tax methodology, by methods which favor railroads and adversely affects the ability of municipalities to defend tax assessment levels in the aftermath of the Service Enhancement Program's expiration; and

WHEREAS, Erie County has been named in each of the Conrail tax challenges as a class representative defendant in a class of 700 New York municipalities which have Conrail property within their jurisdiction and derive tax revenue therefrom; and

WHEREAS, Counsel for class representative defendants and Conrail have engaged in settlement negotiations over the past eight months to settle this lawsuit in advance of trial; and

WHEREAS, Conrail and counsel for the class representative defendants have tentatively agreed to a state-wide settlement figure of Conrail tax payments for the years 1993-2000 to be \$220 million or \$27.5 million per year; and

WHEREAS, settlement on those terms would result in payment of Erie County of approximately \$1 million for money Conrail has escrowed for the past three years for County taxes and taxes the County has guaranteed for other municipalities, and

WHEREAS, this settlement is supported by the Erie County Attorney, all counsel to the class representative defendants, the State Attorney General's Office, the Office of the Governor and the New York State Office of Real Property Services;

NOW, THEREFORE, BE IT

RESOLVED, this Legislature has reviewed the terms and conditions of the draft settlement agreement and deems it fair and reasonable within the context of the federal court action; and be it further

RESOLVED, that this Legislature hereby directs and authorizes the Erie County Attorney to finalize the settlement agreement with Conrail and execute it on behalf of the County of Erie on the basis of state-wide Conrail tax payments of \$220 million over eight years.

with regard to the purchase of county property that is to be sold, and

WHEREAS, should such a delineation prove inconsistent with the current provisions of the county charter, or should the inclusion of such special provisions for particular land owners prove inconsistent with state or federal law, the county would instead be best served to establish a policy whereby abutting property owners, in advance of any auction of county property, are specifically informed of said auction through a letter from the county, and

RESOLVED, that the Erie County Attorney is hereby requested to submit an opinion to the Legislature relative to a Local Law that would require the county to offer to abutting land owners the right of first refusal when county land that abuts their property is scheduled for auction, and be it further

RESOLVED, that in the absence of the aforesaid local law, this Honorable Body does hereby support a general policy for the Division of Budget, Management, and Finance whereby said private property owners be informed through a letter from the county when county land abutting their property is to be offered at auction, and be it further

RESOLVED, that certified copies of this resolution be sent to County Executive Dennis Gorski, County Attorney Kenneth Schoetz, and to Budget Director Sheila Kee.

RESOLUTION NO. 39 Re: Support for Constitutional Amendment
Prohibiting Unfunded State Mandates on
Local Governments (Int. 3-4)

WHEREAS, unfunded state mandates impose a financial burden upon local governments and their taxpayers by shifting the responsibility and cost of carrying out those mandates, and

WHEREAS, the result of unfunded state mandates forces local governments to raise taxes and/or to lower services in order to meet the associated costs of the additional requirements, and

WHEREAS, the imposition of unfunded mandates by the State of New York on local governments is, in essence, taxation without representation, and creates an atmosphere which encourages the expansion of government on the part of the state but at the cost to local taxpayers,

WHEREAS, Governor George Pataki has introduced legislation (Program Bill #4) which would amend Article IX of the New York State Constitution prohibiting the State of New York from imposing any new unfunded state mandate on local governments, and

WHEREAS, an unfunded mandate is defined in the legislation as a provision of law that requires affected local jurisdictions, in a statewide aggregate, to spend more money to provide services, and

WHEREAS, the legislation would make compliance with new State mandates, once determined to be unfunded, to be voluntary for local governments, school districts, special districts, or any agency, authority, commission, department or instrumentality thereof, and

WHEREAS, such provisions of the law include statutes enacted by the Legislature, executive orders issued by the Governor, and rules or regulations promulgated by any State agency, department, bureau, board, officer, authority or commission, and Budget Bills and Article VII legislation would be considered one law under this proposed legislation,

NOW, THEREFORE, BE IT

RESOLVED, that this Honorable Body does not support the imposition of mandated programs or services by the State of New York without the commensurate level of financial assistance as to completely relieve the county and its taxpayers from any financial burden associated with the mandate, and be it further

RESOLVED, that this Honorable Body supports legislation introduced by Governor George Pataki (Program Bill #4) which would amend Article IX of the New York State Constitution to prohibit the State from imposing additional unfunded state mandates on local governments, and be it further

RESOLUTION NO. 42 Re: Tougher Sentencing for Violent
 Felons (Int. 3-7)

WHEREAS, the New York State Senate has renewed its commitment to reducing violent crime by passing three pieces of legislation aimed at increasing penalties for violent felony offenders, and

WHEREAS, S.222 would impose a mandatory minimum sentence of 25 years to life in prison for criminals convicted of a third violent felony, and

WHEREAS, S.222 also would prevent criminals with two or more previous violent felony convictions from plea bargaining down to a non-violent felony charge in order to avoid the higher sentence, and

WHEREAS, current statute allows sentences between 12 to 20 years, thus increasing the likelihood that these violent criminals will be back on the streets to commit more crimes, and

WHEREAS, S. 186 would require defendants to serve consecutive sentences for multiple violent felonies, such as murder or rape, committed through a single criminal act, and

WHEREAS, present law undermines the seriousness of each crime by allowing a defendant to serve multiple sentences concurrently, and

WHEREAS, S.92 would make it easier to prosecute defendants on a charge of first degree arson by broadening the definition of "incendiary device" to include a chemically or mechanically ignited device, and

WHEREAS, these bills will allow judges to lock up remorseless criminals for as long as possible, thereby protecting individuals from violent actions

NOW, THEREFORE, BE IT

RESOLVED, that the Erie County Legislature commends the New York State Senate for passing these proposals as a means to help reduce violent crime, and be it further

WHEREAS, Those with certain economic or educational needs choose to attend community colleges in pursuit of higher education, and

WHEREAS, Community colleges serve to provide an invaluable environment for non-traditional students to pursue job retraining, remediation and higher education en route to obtaining an associate's degree, and

WHEREAS, Community colleges serve as a cornerstone of the state university system in that students constantly transfer from two year community colleges to four year state universities, and

WHEREAS, Community colleges are often the first step toward achieving financial independence in that they provide the education necessary to compete in the current job market, therefore easing the burden on the state public assistance system and providing additional income tax revenue, and

WHEREAS, The Tuition Assistance Program (TAP) provides the financial assistance needed by a sizable number of community college students to aid them in achieving their goal of higher education, and

WHEREAS, The necessity of outside employment, fewer sections of required classes offered, full time status being lower than what is necessary per semester for graduation in four semesters, infrequently offered classes, and other mitigating factors make graduating in four semesters an impossibility for many dedicated students, and

WHEREAS, Governor Pataki in his proposed 1997-98 budget has reduced the number of semesters community college students are eligible for TAP from six semesters to four, and

WHEREAS, That reduction in TAP duration would make it impossible for many students who rely on TAP to complete their already begun pursuit of their associate's degree; and
