4. **PEOPLES, SWANICK, FITZPATRICK, KUWIK, MARINELLI, OLMA LARSON, RANZENHOFER & FISHER:**

WHEREAS, Many of our constituents countywide are delinquent in payment of their county real property taxes, and

WHEREAS, Penalties, interest and mandatory full payment of real property taxes have caused a burden and hardship on some taxpayers whose financial situations do not afford them the ability to make full remittance of real property taxes due in one and only one payment, and

WHEREAS, The Erie County Tax Department currently has outstanding real property taxes totaling an estimated \$56,074,026.85 for 1997, \$55,053,756.50 for 1996 and \$53,843,171.46 for 1995, and

WHEREAS, Collection of these outstanding real property taxes not including interest penalties would result in an estimated total of \$165 million, and

WHEREAS, Collection of real property taxes is important because these proceeds provide a means to fund County Share expenditures covering State Mandated costs; General Government expenditures; and Buffalo and Erie County Public Library costs, and

WHEREAS, State Mandated costs funded by local revenues have increased by \$4.39 million, General Government costs by \$9.12 million and Library expenditures have by approximately \$1 million in the 1997 approved county budget, and

WHEREAS, Given the opportunity to pay these delinquent real property taxes in no less than two and no more than four installments over a 31 day period, these constituents would provide an otherwise uncollectible, timely influx of cash, bring delinquent real property tax accounts current and make monies available to the Erie County Comptroller for payment of county expenditures,

NOW, THEREFORE, BE IT

RESOLVED, That the Erie County Legislature does hereby request Erie County Senior Budget Consultant Greg Gach and Erie County Attorney Kenneth A. Schoetz, to appear before the Finance Committee to discuss the feasibility of implementing a payment program for taxpayers who are delinquent on real property taxes and provide dialogue as to how the Erie County Real Property Tax Law would affect implementation of this program, and be it further

RESOLVED, That this Honorable Body does declare that should feedback received prove favorable, steps will be initiated to implement this payment program during the 1998 real property tax season, and be it further

RESOLVED, That all monies collected from this payment program be credited to the county property tax levy, thereby increasing the available pool of monies for payment of County Share expenditures, and be it further

RESOLVED, That certified copies of this resolution be sent to the County Executive Dennis Gorski, Erie County Attorney Kenneth A. Schoetz, Erie County Comptroller Nancy Naples, Director of Budget and Management Kenneth Kruly.

RESOLUTION NO. 338 Re: County Commitment to Construction of a New Convention Center for Buffalo and Erie County. (Intro. 21-2)

WHEREAS, Buffalo, Erie County and Western New York possess vast natural, artistic, historical, recreational and commercial resources, and

WHEREAS, these resources, in conjunction with Buffalo's regional proximity to Canada, including Niagara Falls, naturally dictate that our region's potential to derive economic benefit from tourism is significant, and

WHEREAS, through agreements entered into at the time of its construction, and new agreements finalized during recent years, the operation and maintenance of the Buffalo Convention Center is a responsibility of County government, and

WHEREAS, business, industrial and labor leaders, in addition to public officials agree that in order for Buffalo, Erie County and Western New York to expand upon its convention, marketing and tourism potential, a new Convention Center facility must be constructed, and

WHEREAS, in consideration of the many and varied capital improvement projects, be they public and/or private in nature, the construction of a new Convention Center facility in Buffalo is the only project whose sole purpose is to bring new dollars into Buffalo, Erie County and Western New York from outside the local community, thereby generating tangible economic growth, creating new jobs and broadening our tax base, and

WHEREAS, the tourism and convention industry is a powerful economic engine driving several communities throughout the United States; in 1996, direct spending on conventions and trade shows in the United States was in excess of \$90 billion, with ancillary economic impact to particular cities and metropolitan areas well in excess of that figure, and

WHEREAS, Buffalo and Erie County's existing place in the area of tourism and convention activities is significant as well; in 1997 alone, this community played host to 23 city-wide conventions, all utilizing the existing Convention Center facility, attracting more than 45,000 people to downtown Buffalo who pumped more than \$38 million into Buffalo and Erie County's local economy, and

WHEREAS, according to the C.H. Johnson Consulting, Inc. study of proposals to construct a new Convention Center in downtown Buffalo, a new, larger Convention Center, with an approximately 125,000 square foot exhibit hall, could generate \$58.7 million in direct economic impact for this area, and

WHEREAS, the same study suggests that a new Convention Center facility also translates into additional jobs in our community; construction of a new facility alone would

generate nearly 1,500 new jobs, and the facility itself, once opened and operational, would generate nearly 1,000 permanent jobs, and

WHEREAS, for such a proposal as this to prove ultimately successful, a strong, viable partnership must be fostered amongst business and industry, labor and government, and

WHEREAS, the success of any plan to enhance the tourism and marketing potential of this region, and in the process any plan to enhance any economic benefit to be derived therefrom, cannot be a partisan issue, and

WHEREAS, it must be recognized that the construction of a new Convention Center facility, while receiving assistance from government, must ultimately be a private sector driven initiative, with government an equal partner in the process, and

WHEREAS, several individuals from the public and private sector have begun reviewing proposals and educating themselves on the issue of such a new construction through a task force assembled by Erie County Executive Dennis Gorski to review the site for a new Convention Center and the plans for the existing facility, and

WHEREAS, a capital expenditure of this nature would require financial contributions from numerous sources, including but not limited to private sector driven sources, as well as federal, state, county and city governments, and

WHEREAS, the necessity of keeping Erie County's strong bond rating intact and financial well-being closely monitored, it is critically important that any financial contribution to this project by Erie County be entered into collectively by the Legislature and the County administration only after ensuring that doing so allows the county to sustain its financial strength, and

WHEREAS, the Erie County Legislature, though cognizant of the need for continued, constructive dialogue toward cooperative private-public efforts in this area, is prepared to commit to a financial goal for the county's contribution to this significant capital expenditure, in the hopes that such commitment will precipitate the additional commitments that allow this project to commence,

NOW, THEREFORE, BE IT

RESOLVED, that the Erie County Legislature does hereby recognize the significant positive economic impact to be generated by the construction of a new Convention Center facility in downtown Buffalo, toward the eventual financial benefit of Buffalo, Erie County and Western New York as a whole, and be it further

RESOLVED, that this Honorable Body does hereby recognize its previous commitments relative to the operation and maintenance of the Buffalo Convention Center, and does

affirmatively state its intention to continue to support operation and maintenance of a new Convention Center facility in a manner consistent with existing agreements, and be it further

RESOLVED, that this Honorable Body does hereby put itself on record in support of the construction of a new Convention Center in downtown Buffalo, in a private sector driven process working in a collaborative fashion with business and industry, labor and government, and be it further

RESOLVED, that this Honorable Body is hereby prepared to pledge the county's financial involvement in such a project for the purposes of encouraging other entities, private and public, to step forward and adopt similar commitments to move forward with this project, and be it further

RESOLVED, that this Honorable Body does hereby invite private sector leaders, labor union leaders, officials of the Greater Buffalo Convention and Visitors Bureau, City of Buffalo officials, as well as representatives of the Office of the County Executive, the Erie County Division of Budget, Management and Finance, and the Erie County Department of Environment and Planning to a future meeting of the Legislature's Committee on Economic Development to move this issue forward through a phased action plan, and be it further

RESOLVED, that certified copies of this resolution be sent to Erie County Executive Dennis T. Gorski, Erie County Budget Director Kenneth C. Kruly, Erie County Environment and Planning Commissioner Richard M. Tobe, Buffalo Mayor Anthony Masiello, Buffalo Common Council President James Pitts, Greater Buffalo Convention and Visitors Bureau Chief Executive Officer Richard Geiger, the members of the Board of Directors of the Buffalo Convention Center, and to the Buffalo Council of the AFL-CIO.

RESOLUTION NO. 344

Re: Urging congress to renegotiate Medicare coverage

WHEREAS, Despite the urgings of health plans throughout the nation, the United States' Medicare administrator has refused to renegotiate medical benefits or out-of-pocket fees for senior citizens in 1999, and

WHEREAS, The current levels of reimbursement have led to many HMOs dropping Medicare coverage from their package of services, thus leaving senior citizens scrambling to find coverage that allows them to see their preferred doctors or having to return to the traditional Medicare system where they apply for reimbursement from the government, and

WHEREAS, A further hindrance to increasing the participation of HMOs in providing Medicare coverage is the fact that reimbursement rates by the federal government vary from state to state, so that a comparable city such as Philadelphia receives a higher reimbursement rate than does Buffalo, and

WHEREAS, These situations are contrary to the theory that the key to the survival of the Medicare program is in linking those on Medicare with HMOs that provide Medicare coverage, and

WHEREAS, The effects of the current system can be seen locally in Independent Health's decision to restructure its Encompass 65 Medicare coverage to the detriment of choice for our community's senior citizens,

NOW, THEREFORE, BE IT

RESOLVED, That the Erie County Legislature does hereby express its desire to ensure that our nation's senior citizens receive the most comprehensive health care possible, and be it further

RESOLVED, That this Honorable Body does hereby memorialize the United States Congress and President Bill Clinton to reopen negotiations on 1999 Medicare medical benefits and out-of-pocket expenses, and be it further

RESOLVED, That this Honorable Body does further memorialize the United States Congress and President Bill Clinton to make federal reimbursement rates equal across state lines so as to foster an increased participation rate of HMOs in Medicare coverage, and be it further

RESOLVED, That certified copies of this resolution be sent to the Western New York delegation of the United States Congress and President Bill Clinton.

Fiscal Impact: None for resolution.

Mrs. Fisher moved to amend the resolution. Ms. Peoples seconded.

DELETE, in its entirety, the third WHEREAS clause, and REPLACE with the following:

WHEREAS, A further hindrance to increasing the participation of HMOs in providing Medicare coverage is the fact that the federal government's reimbursement rates vary from county to county based on the average health care cost for seniors in that county, thus fostering a system where counties like Erie that provide quality care at a lower cost are penalized for their efficiency through lower reimbursement rates, and

ADD, following the third WHEREAS clause:

WHEREAS, Under the aforementioned system a comparable sized city like Pittsburgh receives a reimbursement rate in excess of \$600 for their Medicare patients, while Buffalo only receives \$325 to \$347 (depending on the age of the patient); a figure that equates to a loss in reimbursement of approximately \$27,500,000 for the 100,000 seniors in Erie County over age 65, and

DELETE, in its entirety, the third RESOLVE clause, and REPLACE with the following:

RESOLVED, That this Honorable Body does further memorialize the United States Congress and President Bill Clinton to make federal Medicare reimbursement rates equal from county to county so as to foster a greater participation in the program by HMOs and thereby increase choice of hospitals and health care for our seniors, and be it further

DELETE, in its entirety, the FISCAL IMPACT statement, and REPLACE with the following:

Fiscal Impact: Increasing our county's reimbursement rates to that of Pittsburgh could have a potential positive impact of approximately \$27.5 million in Medicare reimbursement.
