RE: In Support for Allowing Erie County
Flexibility in Providing Medicaid Services
(INTRO 5-11)

**A RESOLUTION TO BE SUBMITTED BY
LEGISLATORS MARINELLI, WHYTE, KOZUB, KONST, SMITH
LOCKLEAR, IANNELLO & LOUGHRAN**

WHEREAS, Medicaid is an important program that helps provide medical care to residents who would not be able to otherwise afford it; and

WHEREAS, New York State is one of only a few states in the country where counties shoulder a significant share of the cost of Medicaid. In New York State, the federal government pays fifty (50) percent of Medicaid costs, with the state and counties splitting the remainder. Thirty (30) states place no direct burden at all on their local property taxpayers because the cost of Medicaid is split entirely between the State and Federal governments; and

WHEREAS, in 2005, New York State capped the County portion of Medicaid expenses to a 3.5% per year increase until 2008, when it would drop to a 3% per year increase. While this cap is beneficial to County governments across New York State, it does nothing to encourage innovation in delivering these services and does not decrease the overall cost of this program; and

WHEREAS, Erie County is in midst of a four-year recovery plan, consisting of service cut-backs, including closing of libraries, decrease funding for important cultural institutions, reforming many County Departments and increased taxes and fees; and

WHEREAS, despite these budget difficulties, Erie County will still pay over \$193 Million in mandated Medicaid expenses in 2006.

NOW, THEREFORE, BE IT

RESOLVED, the Erie County Legislature is in support of all residents receiving professional medical care, regardless of economic and employment status, which many Erie County

residents receive via the Medicaid program. While this program may be costly for Erie County government, this body believes the consequences of not having these programs to be negative for our community; and be it further

RESOLVED, this honorable body is in support of the concept of allowing Erie County flexibility in creating “pilot programs” which will allow Erie County to develop innovative approaches in providing Medicaid benefits to its residents, while providing a financial savings for area taxpayers. This body supports allowing Erie County, as well as other counties across the state, flexibility in developing programs that suit its own situation and best serve its residents. These savings would allow Erie County government to stabilize its finances; and be it further

RESOLVED, that Erie County be allowed to apply for and use efficiency grants in developing and innovating new approaches to providing Medicaid services; and be it further

RESOLVED, certified copies of this resolution be forwarded to Governor George Pataki, Western delegation to the State Legislature, County Executive Joel Giambra and ECFSA.
