**COUNTY OF ERIE**  
 LOCAL LAW INTRO NO. 3 - 2006  
 LOCAL LAW NO.     - 2006

A LOCAL LAW in relation to a requirement for New York State Certified Worker Training Programs by contractors and subcontractors under construction contracts, as defined herein, with the County of Erie.

**BE IT ENACTED BY THE ERIE COUNTY LEGISLATURE AS FOLLOWS:**

Section 1. Legislative Intent.

The Erie County Legislature hereby finds, declares and determines that:

- A. New York Labor Law Section 816-b specifically authorizes this Local Law.
- B. There has been a long and productive history of partnership between labor and management in the training of workers in New York State.
- C. New York State Certified Worker Training Programs are valuable educational and training tools for the local workforce by reducing reliance on out-of-area labor for construction projects.
- D. New York State Certified Worker Training Programs provide opportunities to residents in this area through training and education for skilled jobs.
- E. These skilled jobs allow us to reinvest our taxpayer dollars spent on local construction projects so that local workers and local tax dollars remain within the local community.
- F. It would be valuable to encourage labor and business/industry to participate in New York State Certified Worker Training Programs to meet the increased need for trade persons while providing residents the means to earn a better living and fostering the local and regional economies.
- G. It is valuable for local government to encourage broad participation in such New York State Certified Worker Training Programs by the residents of Erie County and to foster the equal opportunity of men and women of all races and backgrounds to participate in order to enhance

**MEETING NO. 9**  
**MAY 11, 2006**

**ERIE COUNTY LEGISLATURE**

workforce development and diversification, and to prevent exclusionary practices which have historically excluded women and minorities.

H. The New York State Department of Labor sets objective standards and provides oversight for New York State Certified Worker Training Programs. These Programs are important because they require on-the-job training and classroom training, and provide objective industry standards. In effect these programs lead to a standardized, cost effective and skilled local workforce.

I. Nothing in this Local Law should be read to abrogate the duty of Erie County with respect to its MBE/WBE requirements.

Section 2. Short Title.

This Local Law shall be known as "The Erie County Workforce Development and Diversification New York State Certified Worker Training Program."

Section 3. Definitions.

A. "New York State Certified Worker Training Program" shall mean: a state registered and regulated apprenticeship program through the New York State Department of Labor that has been approved by the New York State Commissioner of Labor in accordance with Article 23 of the New York Labor Law, that includes the following standards:

(ii) A schedule of wages to be paid to the worker consistent with the skills required and approved by the New York State Department of Labor;

(iii) Equal opportunity and affirmative action plans;

(iv) Workforce development and diversification goals to ensure that the contractor will diligently work toward a minority workforce goal of 30% minority and female participation combined in project personnel including trades people, trainees, journeymen, apprentices, and supervisory staff; and

D. "Construction subcontract" shall mean any subcontract between a contractor who has a construction contract as defined in Section 3, subdivision C above.

E. "Contractor" or "subcontractor" shall mean a contractor or subcontractor that directly employs construction workers, as defined below, under a construction contract or construction subcontract, as defined herein, for which a New York State Certified Worker Training Program is required.

F. "Construction worker" shall mean an individual directly involved in the construction, reconstruction, improvement, rehabilitation, installation, alteration, renovation, demolition or otherwise providing for any building, facility, roads, highways, bridges, or physical structure of any kind, but does not include professional services employees or those construction workers for which a New York State Certified Worker Training Program does not exist.

**Section 4. Requirements.**

A. Any contractor, prior to entering into a construction contract as set forth in section 3 (C) above, or any subcontractor entering into a construction subcontract with a contractor who has a construction contract with the County of Erie is required to have in place and provide written proof of same at the time of bid a New York State Certified Worker Training Program, either internally to the contractor or subcontractor and/or through an organization servicing several contractors or subcontractors, appropriate for the type and scope of work to be performed.

**Section 6. Equal Employment Monitoring.**

There shall be an Independent Monitor to report on the compliance of each County contractor and subcontractor with this Local Law's workforce development and diversification goals. The Commissioner of DPW shall develop regulations that provide for the compensation of the Independent Monitor.

The Monitor shall monitor and review every facet of construction to report what percentage of the goals that are established for minority and female participation are met or exceeded. The Monitor shall report to the Equal Employment Opportunity Office on the compliance of each contractor and subcontractor with the workforce development and diversification goals.

The Monitor shall file monthly reports with the Equal Employment Opportunity Office regarding the actual workforce development and diversification goals, including reporting all instances of non-compliance; make appropriate recommendations to the Equal Employment Opportunity Office when non-compliance is evident with supportive documentation; develop a database of the workforce of each contractor and subcontractor to provide a visual format of each contractor's workforce, both monthly and year-to-date cumulative totals on each construction contract.

**Section 7. Compliance.**

The Director of Erie County Division of Equal Employment shall ensure that all contractors and subcontractors entering into a construction contract as it is defined herein, maintain records which prove that each construction worker as it is defined herein, signs in and out at the beginning and end of each day, listing next to his or her name his or her craft, and status as journeyman or apprentice, if applicable.

**Section 8. Penalties.**

Violation of any provision of this Local Law shall constitute cause, grounds or other legal justification for termination of any contractual agreement with any contractor or subcontractor engaged in a construction contract or construction subcontract with the County, in accordance with County and state laws, rules and regulations governing the termination of such contractual agreements.

WHEREAS, This resolution is being simultaneously filed with the City of Buffalo Common Council by Council Member Michael Kearns; and

WHEREAS, The Buffalo Fiscal Stability Authority (BFSA) and Erie County Fiscal Stability Authority (ECFSA) separately rent office space at an annual cost of \$33,000 and \$30,000, respectively; and

governments had they not been diverted to each authority for their use; consequently, each authority's operating costs are in fact borne by taxpayers; and

WHEREAS, The Buffalo Fiscal Stability Authority remits its annual rental payments amounting to \$33,000 to the Buffalo Enterprise Revitalization Corporation (BERC); hence the City of Buffalo does not directly benefit from the rental payments; and

WHEREAS, As reported in news media, the ECFSA, when selecting its office space, stated its desire to be independent of the government that they oversee and that it would be incompatible to share office space within the same building; and

WHEREAS, The City of Buffalo and the County of Erie, respectively, each have substantial vacant office space available for use within City and County Hall and the cost of using the vacant office space would be minimal since the office space is currently heated, lit and maintained for security, building integrity and environmental reasons; and

WHEREAS, Consideration of a unique and innovative vacant office space swap endeavor that would have the ECFSA utilize vacant office space within City Hall rent-free and likewise have the BFSa utilize vacant office space within Erie County Hall rent-free would be of tremendous benefit to all involved since it would:

- Allow rental funds to be redirected to other needs or eliminated in an overall cost reduction effort that would save taxpayers approximately \$63,000 annually.
- Mitigate the independence issues raised by the ECFSA.
- Recapture office space for BERC's rental to non-government funded groups.
- Re-utilize vacant office space within government owned buildings at little or no expense.
- Demonstrate inter-municipal cooperation and distribution of similar if not equal burden on adjacent levels of government.
- Enable each authority to lead by example in efforts to explore the sharing of other costs and/or services.

NOW, THEREFORE, BE IT

RESOLVED, that the ECFSA, the BFSa, Erie County Executive and the Mayor of the City of Buffalo report back to the legislative branches of County and City government on the feasibility of this endeavor; and be it further

RESOLVED, that the Clerk of the Legislature forward a copy of this resolution to the ECFSA, the BFSa, the Erie County Executive, the Mayor of the City of Buffalo, and to the members of our New York State Delegation.
