

Book Lover

[booklover] n.

A person who believes that the smell of a new book is better than any luxury perfume. Known for traveling to distant worlds without leaving their seat, forming deep emotional bonds with fictional characters, and saying “just one more chapter” until 3 a.m. Often spotted with a book in hand, a cup of coffee nearby, and an ever-growing to-be-read pile they swear they'll get to someday. For a book lover, bookmarks are essential, spoilers are crimes, and the phrase “too many books” simply doesn't exist.
